and ethical practice and critical care patients with special needs as well as the most current literature and clinical studies. The clear and logical format makes this book an ideal study tool for critical care nursing orientation and continuing education programs. By covering the newest content on the CCRN exam, it also serves as an important resource for nurses preparing for critical care certification. Authored by the experts at the American Association of Critical Care Nurses, it reflects the most recent blueprint of the CCRN examination. Content spans basic to advanced levels with an emphasis on nursing practice. Organized by body system and written in a concise outline format for ease of use. Coverage of the AACN Synergy Model is featured in the new opening chapter. Professional Care and Ethical Practice is integrated into the Core Curriculum series framework. A new chapter on Critical Care Patients with Special Needs includes bariatric and geriatric patients in critical care as well as high risk obstetric patients. Features new content on chest tubes, liver transplantation for acute liver failure, spirituality and spiritual aspects of care. Integrates pain as the 5th vital sign and includes JCAHO HCFA and AHCPR guidelines relating to pain management. Features AHRQ evidence based practice guidelines as reference sources for practice interventions. New organization for Patient Care presents patient problems, needs, etc. in order of clinical priority. Expanded Nursing Interventions includes considerations related to patient, family, education, patient transfer and discharge planning. Web based resources for CDC, AHA, NINR, National Guideline Clearinghouse, NIH Consensus Conference Proceedings, ADA.

Core Curriculum for Progressive Care Nursing - E-Book American Association of Critical-Care Nurses, 2009-04-06. The only reference focused on progressive care nursing, this complete reference includes all of the key information you need to know for success in practice and on the PCCN certification exam. Expert authors from the American Association of Critical Care Nurses provide the most authoritative content on caring for patients in step down, intermediate and telemetry units and prepare you to treat patients from every phase of progressive care. Plenty of illustrations and easy reference tables clarify difficult concepts and make it easy to review content quickly. AACN authorship ensures you receive the most accurate and dependable information available from the same group that administers the PCCN examination. Comprehensive coverage including everything from basic to advanced concepts makes this an essential resource for nurses of any level of expertise. Content most likely to be on the exam is highlighted to help you study more efficiently. The latest, most authoritative references, categorized by disorder, make it easy to find resources for further research. Concise outline format with organization by body system helps you quickly locate information. Priority organization presents nursing management information in order of clinical priority. Content written from a collaborative care perspective includes medical management and interventions integrated throughout the text. User friendly two color design clarifies difficult concepts and makes illustrations and tables easy to understand.
