The International Reception of Emily Dickinson Domhnall Mitchell, Maria Stuart, 2009-07-09 The first truly international collection of essays on Dickinson covering her reception in Europe South America Israel and Japan

Verzamelde gedichten J. Eijkelboom, 2012-11-27 De poëzie van J. Eijkelboom kenmerkt zich door een epicuristische bescheidenheid een vitaal soort berusting en een nuchtere vorm van nostalgie Zij is lichtvoetig maar op het niveau van de techniek prosodie klank en ritme zo geraffineerd zij is verstaanbaar maar allerm minst eenvoudig **From World To**

World: An Armamentarium Cees Koster, 2021-11-15 In this book one of the old traditions of translation studies is revived the tradition of the comparative study of translation and original The aim of the author is to develop an armamentarium a set of analytical instruments and a procedure for the systematic study of poetic discourse in translation The armamentarium provides the means to describe the translational interpretation that is the interpretation of the original as it emerges from the translation and may be constructed in the course of a comparison between the two texts The practical result of this study is based on a solid theoretical foundation This study most of all reflects on the possibilities of translation comparison and description per se It is one of the few books in which an in depth study is undertaken into the principles of translation comparison itself into its limits and possibilities and into its central concepts shift unit of comparison etcetera Before presenting his own proposal for a comparative procedure the author critically evaluates several existing methods particularly those of Toury Van Leuven Zwart and the German transfer oriented approach The theoretical considerations in this book are amply illustrated by analyses of translated works of poets as Rutger Kopland and Robert Lowell The book also contains an extensive case study into the translations by the German poet Paul Celan of a selection of William Shakespeare's sonnets
