Watch Me Move The Animation Show:

Watch Me Move, 2011 *Pervasive Animation* Suzanne Buchan, 2013-08-22 This new addition to the AFI Film Readers series brings together original scholarship on animation in contemporary moving image culture from classic experimental and independent shorts to digital animation and installation The collection that is also a philosophy of animation foregrounds new critical perspectives on animation connects them to historical and contemporary philosophical and theoretical contexts and production practice and expands the existing canon Throughout contributors offer an interdisciplinary roadmap of new directions in film and animation studies discussing animation in relationship to aesthetics ideology philosophy historiography visualization genealogies spectatorship representation technologies and material culture Animation Chris Pallant, 2021-01-01 *Animation Critical and Primary Sources* is a major multi volume work of reference that brings together seminal writings on animation studies Gathering historical and contemporary texts from a wide ranging number of sources the volumes provide a key resource in understanding and studying the past and future directions of animation studies The four volumes thematically trace animation studies from its many definitions or a lack thereof to the institutional nature of animation production to establishing greater space within animation discourse for the consideration of broadcast and interactive animation and finally giving greater contextual understanding of the field of animation studies by focusing on Authorship Genre Identity Politics and Spectatorship thus enabling readers to engage more deeply with the ideas discussed in the final volume Ordering the collection in this way avoids imposing an overly simplistic chronological framework thereby allowing debates that have developed over years and even decades to stand side by side Each volume is separately introduced and the essays structured into coherent sections on specific themes Global Animation Theory Franziska Bruckner, Holger Lang, Nikica Gilic, Daniel Šuljic, Hrvoje Turkovic, 2018-11-01 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Scanning historical and current trends in animation through different perspectives including art history film media and cultural studies is a prominent facet of today's theoretical and historical approaches in this rapidly evolving field *Global Animation Theory* offers detailed and diverse insights into the methodologies of contemporary animation studies as well as the topics relevant for today's study of animation The contact between practical and theoretical approaches to animation at Animafest Scanner is closely connected to host of this event the World Festival of Animated Film Animafest Zagreb It has given way to academic writing that is very open to practical aspects of animation with several contributors being established not only as animation scholars but also as artists This anthology presents alongside an introduction by the editors and a preface by well known animation scholar Giannalberto Bendazzi 15 selected essays from the first three Animafest Scanner editions They explore various significant aspects of animation studies some of them still unknown to the English speaking communities **Beautiful Terrible Ruins** Dora Apel, 2015-06-23 Once the manufacturing powerhouse of the nation Detroit has become emblematic of failing cities everywhere the paradigmatic

city of ruins and the epicenter of an explosive growth in images of urban decay In Beautiful Terrible Ruins art historian Dora Apel explores a wide array of these images ranging from photography advertising and television to documentaries video games and zombie and disaster films Apel shows how Detroit has become pivotal to an expanding network of ruin imagery imagery ultimately driven by a pervasive and growing cultural pessimism a loss of faith in progress and a deepening fear that worse times are coming The images of Detroit s decay speak to the overarching anxieties of our era increasing poverty declining wages and social services inadequate health care unemployment homelessness and ecological disaster in short the failure of capitalism Apel reveals how through the aesthetic distancing of representation the haunted beauty and fascination of ruin imagery embodied by Detroit s abandoned downtown skyscrapers empty urban spaces decaying factories and derelict neighborhoods help us to cope with our fears But Apel warns that these images while pleasurable have little explanatory power lulling us into seeing Detroit s deterioration as either inevitable or the city s own fault and absolving the real agents of decline corporate disinvestment and globalization Beautiful Terrible Ruins helps us understand the ways that the pleasure and the horror of urban decay hold us in thrall

Visions of Avant-Garde Film Kamila Kuc,2016-12-12 Warsaw and London based filmmakers Franciszka and Stefan Themerson are often recognized internationally as pioneers of the 1930s Polish avant garde Yet from the turn of the century to the end of the 1920s Poland s literary and art scenes were also producing a rich array of criticism and early experiments with the moving image that set the stage for later developments in the avant garde In this comprehensive and accessible study Kamila Kuc draws on myriad undiscovered archival sources to tell the history of early Polish avant garde movements Symbolism Expressionism Futurism and Constructivism and to reveal their impact on later practices in art cinema

Sensations of History James J. Hodge,2019-10-01 A phenomenological investigation into new media artwork and its relationship to history What does it mean to live in an era of emerging digital technologies Are computers really as antihistorical as they often seem Drawing on phenomenology s investigation of time and history Sensations of History uses encounters with new media art to inject more life into these questions making profound contributions to our understanding of the digital age in the larger scope of history Sensations of History combines close textual analysis of experimental new media artworks with in depth discussions of key texts from the philosophical tradition of phenomenology Through this inquiry author James J Hodge argues for the immense significance of new media art in examining just what historical experience means in a digital age His beautiful aphoristic style demystifies complex theories and ideas making perplexing issues feel both graspable and intimate Highlighting underappreciated vibrant work in the fields of digital art and video Sensations of History explores artists like Paul Chan Phil Solomon John F Simon and Barbara Lattanzi Hodge s provocative interpretations which bring these artists into dialogue with well known works are perfect for scholars of cinema media studies art history and literary studies Ultimately Sensations of History presents the compelling case that we are not witnessing the end of history we are instead seeing its rejuvenation in a surprising variety of new media
