The Waterfall Jonathan London, 1999 Two brothers and their parents share a wild and wonderful backpacking trip during which they discover a magnificent waterfall and resolve to scale the steep rocky slope to its top In this evocative narrative inspired by actual experience renowned writer and poet Jonathan London invites young readers to share in his deep love of the outdoors Full color **In November** Cynthia Rylant, 2000 Describes the autumn activities and traditions that November's cooling temperatures bring **A Breath of Fresh Eyre** Margarete Rubik, Elke Mettinger-Schartmann, 2007 Contributions review a diverse range of works from postcolonial revision to postmodern fantasy from imaginary after lives to science fiction from plays and Hollywood movies to opera from lithographs and illustrated editions to comics and graphic novels *American Book Publishing Record*, 1999 *The Publishers Weekly*, 2001 **A Concise Companion to**

Contemporary British Fiction James F. English, 2008-04-15 A Concise Companion to Contemporary British Fiction offers an authoritative overview of contemporary British fiction in its social political and economic contexts Focuses on the fiction that has emerged since the late 1970s roughly since the start of the Thatcher era Comprises original essays from major scholars Topics range from the rise and fall of the postcolonial novel to controversies over the celebrity author The emphasis is on the whole fiction scene from bookstores and prizes to the changing economics of film adaptation Enables students to read contemporary works of British fiction with a much clearer sense of where they fit within British cultural life

Forthcoming Books Rose Army, 1998-04 **British Fictions of the Sixties** Sebastian Groes, 2016-05-19 British Fictions of the Sixties focuses on the major socio political changes that marked the sixties in relationship to the development of literature over the decade This book is the first critical study to acknowledge that the 1960s can only be understood if next to its contemporary socio political history its fictions and mythologies are acknowledged as a vital constituent in the understanding of the decade Groes uncovers a major epistemological shift and presents a powerful meta narrative about post war literature in the UK and beyond British Fictions of the Sixties offers a re examination of canonical writers such as Iris Murdoch Angela Carter Muriel Spark and John Fowles It also pays critical attention to avant garde writers including Ann Quinn Bridget Brophy Eva Figes Christine Brooke Rose and J G Ballard presenting a comprehensive insight into the continuing power the decade exerts on the contemporary imagination **BSJ: The BS Johnson Journal 3** Ed: Darlington, Hooper, Seddon, Tew, Zouaoui, 2017-01-18 The third issue of the B S Johnson Journal The issue with the truth featuring essays interviews peer reviewed academic papers and creative pieces inspired by the British writer with contributions from Andrew Robert Hodgson Ed Sibley Scott Manley Hadley Philip Tew Joanna Norledge Jeremy Page Alaska James Richard Berry Philip Terry James Davies Sue Birchenough Ali Znaidi Tim Chapman Jim Goar James Riley Ruth Clemens Kate Connolly Joseph Darlington and Andy Miller *The Registers of St. Stephen's, Walbrook, and of St. Benet Sherehog, London* Saint Stephen Walbrook (Church : London, England), Harleian Society, 1919 **The Oxford Handbook of Modern Irish Poetry**

Fran Brearton, Alan Gillis, 2012-10-25 The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century's poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years Art and Commerce in the British Short Story, 1880-1950 Dean Baldwin, 2015-10-06 The short story was a commercial phenomenon which took off in the late nineteenth century and lasted through to the rise of television and film Baldwin uses a wide variety of sources to show how economic factors helped to dictate how and what a wide variety of authors wrote **Literature and Ethics** Daniel K. Jernigan, 2009 Literature and Ethics covers a wide gamut of literary periods and genres including essays on Victorian literature and modernism as well as several studies on narrative but the central ethos emerges from considerations of issues of responsibility and irresponsibility as they find expression in literary study and in ethics Students and academics who are interested in literary theory ethics narrative form and issues of authorial responsibility and how such matters inform the reading of literary texts will find that this collection offers a wide array of approaches and viewpoints by major figures from the relevant sub disciplines in literary studies The collection offers much timely critical observation on a variety of contemporary authors but also provides critically adventurous commentaries on Victorian literature and on Indian African Irish and Australian literature The volume assembles a collection of essays that would illustrate the great diversity of methods by which considerations of responsibility can and do offer insight into a range of literary texts and theoretical discourses while also making a contribution to the philosophical question of responsibility and irresponsibility in the contemporary world The collection as a whole testifies to the human fascination with issues of responsibility just as it testifies to the necessity of posing questions of responsibility as questions of ethics and literature the necessity of recognizing in other words that responsibility names a concept whose only ground is the history of those fictional narratives of responsibility and irresponsibility that modern civilization would do well to continue inventing and reflecting upon critically So whether ethical discourses find expression in theoretical debate or in and through the sophisticated fictions that constitute an imaginative culture what is clear both from wider discussions related to the value of literary texts that are such a central part of contemporary literary studies and from the varied and nuanced arguments that are made in this collection is that questions of responsibility are central to literature philosophy and the arts just as they are to the social realities that spawned them in the first place Literature and Ethics is an important book for all literature and literary theory collections It has specific resonance for students and teachers who are interested in the value of literary study and in questions of ethics and narrative **Hysterical Fictions** C. Hanson, 2000-08-09 The woman's novel is a term used to describe fiction which while immensely popular among educated women readers sits uneasily between high and low culture Clare Hanson argues that this hybrid status reflects the ambivalent position of its authors and readers as educated women caught between identification with the male gendered intellectual culture and a counter experience of female embodiment Through six case

studies the representation of a mind body problem is explored in the fiction of Rosamond Lehmann Elizabeth Bowen Elizabeth Taylor Margaret Drabble A S Byatt and Anita Brookner
