Far Away Places Roberta Baty, 2013-11-21 *Far Away Places* by Roberta Baty There isn t much on this earth that Roberta Baty wants to do that she hasn t done Her philosophy is seek new horizons and you will discover the world She is an adventurer always have been and perhaps always will be There is so much on this earth to do and yet after a while it becomes limited It s not a fancy car nor clothes nor shoes it s the heart that matters She has traveled the world in an airplane She s ridden a submarine and dived beneath the sea She s seen the tallest mountains in the world She spent a week in the Amazon in the jungle and on the river She hasn t been to outer space yet but she s flown high in a hot air balloon She cuddled with a koala in Australia and necked with a giraffe in Africa She rode a camel and walked the Wall in China She also rode an elephant in India She went up Mt Nebo to see the Promised Land She always wanted to do these things so she did them Prior years of her life seem like a wisp of smoke Mere days The days whisk by now faster than ever As you get older you know what she means She s had a beautiful life past and present but she knows this is just a shadow of what is to come in Heaven Now she focuses on storing up treasures in the place that is really important A place where her eighty years here is about sixty minutes there A place where even with all her reading she still knows very little

about except that she is sure she wants to go there A place where when people ask her about it she can only say Ain t been there ain t done that yet but I will About the Author Roberta M Baty has a vagabond heart and has discovered a writing talent to share her adventures in over 65 foreign countries She grew up in Des Moines Iowa until at 29 she vacationed in Hawaii She decided to move there so she could travel easily to Asian countries and the South Pacific After ten years she returned to the Mainland to finish her career with the Telephone Company Having worked in Engineering providing circuits for radio and television broadcasts in Iowa special circuits for NASA space shots and celebrities like Jackie Kennedy and Elvis Presley in Hawaii then in Missouri drafting new subdivisions to provide buried telephone service she retired in 1992 Each year at vacation time she would head out with a friend or co worker to a new location in a different country to explore their culture see the scenery meet new people and enjoy the food Since retirement she has volunteered for 19 years with Multiple Sclerosis patients in the swimming pool to help them improve their life capabilities She says it has helped her too plus she likes to bring them back small souvenirs since they are unable to travel Another volunteer project she enjoys is Friends of the Library book sale twice yearly Her motto is Seek new horizons and you will discover the World If you have read her first book you ll enjoy reading Far Away Places too Observing Development of the Young Child Janice J. The Sum of All Things Thomas Edmund Bottomley ,2018-05-12 Good gravy Not only is washed up minor league phenom Elmer Mulroy out in the very worst way he's still breezing around the same old no tell The one a way out where the high desert takes over and even Vegas's blazing outskirts fade to black The one where not even a naked showgirl and a pile of blow can kill the bitter taste of a shipwrecked dream And we're not talking to a degree no we're

talking every last staggering iota of him As and sensible dust to duster might say talk about going from bad to worse Why it s gotten so a guy can t depend on anything anymore resting in peace included There s only one way to sort it all out now though nothing less than a pell mell odyssey through a pretty darned checkered career if not human history itself And that s without even mentioning all the real deadbeats a pretty irked spook is all but bound to bump into when it comes to strapping on the old snowshoes and embarking on anything that drastic *I'D Give My Right Arm* Jeffrey Dale Wapp,2017-07-28 This is a true story of the horrific impact an inadvertent use of an addictive drug had on my life over the period of nearly half a century My story will provide insight into the life of an addict such as you ve never before seen The reason I m confident you ve never read a book such as this is because people who do the things I ve done don t live to tell about them Only by cheating death more times than any man has a right to have I remained alive long enough to be able tell the complete story of what addiction can do over the course of an entire lifetime My personal experience and exposure to murder disease betrayal amputation and immeasurable loss of life will surely make you think of what can happen if you decide to try an addictive drug My hope is that whosoever reads this will wisely take heed and not repeat the mistakes I ve made I wrote it to all audiences and especially believe it should be read by every teenager in America
