Silas Kanyabigega DMin, 2017-02-24 God required the price to remove his anger against the humankind who offended him He wanted to see in that price a death with bloodshed as evidence demonstrating a sacrifice for the forgiveness of the sinners For God all sinners had to die So when Jesus died the corpse of Jesus represented the corpse of all sinners God was satisfied when he saw the corpse of Jesus God put in his mind that he had killed all mankind The punishment was then given and the problem between him and the humankind was resolved Jesus Christs corpse has ability to be the price required by God His blood as a killed sacrifice is the evidence of the death required by God The blood of animals was not needed in the mankinds salvation process

The blood required by God was to be a mankinds blood This blood had to come from the death of a perfect person perfect as God himself The problem was only to be solved by the blood of God himself because only God is perfect But God could only die by taking human form that is why the Second Person of the Trinity Jesus Christ descent to earth to die in the place of humankind through an agonizing death at the cross of Golgotha and therefore he paid the price required by God Then God died as self substitution for men He was God man In beliefs of different world religions we cant find any other god who died for people Only God in whom Christians believe in died for humankind and he had risen He is alive Only the Faith in God propitiated for sinners is True Faith and other beliefs are false faith

Three Views on Israel and the Church Jared Compton, Andrew David Naselli, 2019-01-26 A comparison of three major views on the relationship between Israel and the church The relationship between Israel and the church is a long standing debate in Christian theology and Romans 9 11 are the most important chapters for understanding it How one interprets these chapters determines how one understands biblical theology how the New Testament uses the Old Testament and how the old and new covenants are related To help readers draw their own conclusion four leading scholars on this issue present a case for their viewpoint followed by a response and critique from the others Michael Vlach argues for a future mass conversion and a role for ethnic Israel in the

church Fred Zaspel and Jim Hamilton present a case for a future mass conversion that does not include a role for ethnic Israel And Benjamin Merkle contends that Romans 9 11 promises neither a future mass conversion nor a role for ethnic Israel General editor Andrew David Naselli helpfully sets the debate in its larger biblical theological context in the introduction while Jared Compton provides a useful summary of the views and interactions at the end of the volume
