How to Win Your Case in Traffic Court Without a Lawyer Janet Traken, 2011 Do you know why I pulled you over That is the epitome of a rhetorical question and an estimated 100 000 people hear those eight words every day in the United States for scoring a speeding ticket Some of those tickets may be unwarranted but only 5 percent of folks try to contest their ticket The cost of hiring a lawyer and fighting a case does not seem proportionate to the 300 ticket so the other 95 percent accept defeat and grudgingly pay the fine to avoid being tied up those legal fees Luckily there is a way you can successfully fight case in traffic court without dishing out the dough for an attorney How to Win Your Case In Traffic Court Without a Lawyer breaks down the steps to take once you get a ticket Learning the law is essential to know whether you can effectively fight your ticket and this book breaks down and outlines the details of the law for each major type of moving violation including speeding ticket running a stop sign or traffic light failure to yield and many more You will learn what happens once you receive these violations and which infractions you can fight without a lawyer in traffic court You will learn which defenses absolutely will not work so you do not waste your time attempting to use them in court You will learn how to collect your own evidence and effectively prepare for a trial Winning your trial is not a promise of the book but you will be able to give it an impressive shot by learning exactly how each traffic court case is handled and what you can expect when you take your particular case to court There is an essential difference between jury and judge only trials and you will learn how to prepare for each of them as well as how to tweak your case to match any of the 50 states in which you live If you have received an unfair traffic violation How to Win Your Case in Traffic Court Without a Lawyer will help you do just that When you choose to fight you have nothing to lose and everything to gain Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president e tm s garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies with expert advice Every book has resources contact information and web sites of the products or companies discussed

street warriors who risked life and limb protecting the good citizens of Los Angeles they were now the forgotten heroes whose past heroic deeds were now only remembrances visited through their colorful story telling during their once a month get togethers Like all things in life they were all expendable and the guys in the Retired Blues Crew had been replaced by a new generation of street warriors To the old dogs who were put out to pasture the new centurions were taking their places with new technology and a confidence that bordered on disrespect for those who had paved the way before them The argument that the old days of crushing crime without the benefit of all the new fangled gadgets was more rewarding than the technology of the future was a misconception of the new breed that were now in charge of protecting the citizens of Los Angeles For the select group of old story tellers they needed to add one more chapter in their lives something for the street warriors of the present to remember them by when their time finally came and they were reduced to second class citizens too old to do the job anymore This small tight knit group of old street warriors had enough and it was time to prove beyond a shadow of a doubt that they weren't too old to out smart and out wit the high tech rouges who have now taken their places Proving that computers and gadgets could never replace the wisdom and experience that the old dogs were blessed with wouldn't be an easy task but they were determined to challenge the new breed and beat them at their own game They knew whatever it was they were going to do couldn't replicate anything like the violent movies you see where people die get hurt or cars get wrecked and buildings are blown up after all they were cops or at least they were once That being said the old dogs had to pull off the perfect caper and they had to do it without claiming any of the bragging rights they so much yearned for It would have to be for no other reason than For Greater Glory In that one of their own had been diagnosed with cancer with less than six months to live they only had a small window of opportunity to get it done Since he was the architect behind the perfect crime referred to as Operation Blue Eclipse their success would depend on how well the plan was executed with no room for error If all went as planned and after all was said and done the Retired Blues Crew would truly know who the best of the best was Air Force and Space Digest ,2015-07 **Functional Index of Departmental Forms** United States.
