Preston,1991 In To Serve Canada Preston takes up the story of RMC Royal Military College as one of Canada s three military colleges and examines its development through the uncertain years of the Cold War through the vagaries of public indifference towards defence through the evolution of degree granting status and the moves towards institutional bilingualism and through the frequent Ottawa directed re evaluations of their roles By chronicling the development of RMC and its sister colleges from the post Korea period to the present Dr Preston has provided a valuable and entertaining addition to the historical literature of this country Foreword page vii viii Preparing the Pastors We Need George A. Mason,2012-11-06 Amid the widespread discussion about the future of the church an important point is sometimes overlooked tomorrow s church will depend to a great extent on the new pastors of today who will serve and guide our churches in the years ahead George Mason s Preparing the Pastors We Need Reclaiming the Congregation s Role in Training Clergy makes a timely intervention asking us to redefine pastoral leadership by analyzing how in fact pastors are made in the first place The book highlights an exciting development in the training of pastors pastoral residency programs and mentoring Mason demonstrates that these programs work best when the congregations themselves not just leadership or staff are an active participant in the training In this way churches begin to reclaim their rightful role in the formation of the ministers that will serve them And at the same time they become healthier and more effective churches Mason gives us the analogy of physician training Medical school produces graduates with extensive knowledge of the body but a practicing doctor will require several more years of internship and residency Similarly our seminaries and divinity schools produce men and women with good biblical knowledge but they might not prepare a graduate for the task of helping a bereaved parishioner cope with the sudden loss of a loved one Moreover such areas as finances budgets personnel management and vocational identity are also not well suited to seminary study Mason shows that congregation based mentoring and residency are excellent ways to bridge this gap *Soul Work* Unitarian Universalist Association,2002 *OECD Public Governance Reviews: Egypt Strengthening the Foundations for More Efficient and Effective Public Governance Reforms* OECD,2024-12-13 As Egypt undertakes profound reforms to modernise its public administration this OECD Public Governance Review provides an overview of the country s efforts to promote more responsive citizen centered and impactful policies as part of the ambitious objectives set forth in Egypt Vision 2030 and the Public Administration Reform Plan Benchmarked against OECD good practices and standards the Review highlights both achievements and persistent challenges in a complex and evolving socio political and economic global landscape It provides concrete policy advice and recommendations for action in key areas to solidify the foundations for successful public governance reforms in Egypt
