There is a cure for medicine s ills but it s going to hurt Effective treatment as every doctor knows begins with accurate diagnosis Making the Cut is about what s going on in the house of medicine Medicine got sick One in three people now distrust the healthcare system Following the pandemic two thirds of Americans doubt medical scientists will act in the best interest of the public We are grappling with an epidemic of chronic illness heart disease cancer diabetes Alzheimer s stroke and chronic lung and kidney disease affecting six in ten Americans which medicine seems powerless to fix The overall life expectancy of Americans has declined for the first time since the Great Depression Not only are trust levels tanking the number of doctors is dropping dramatically Physicians are quitting in droves One in five doctors will leave medicine in the next two years One in three will reduce their hours A doctor we assume wounds in order to heal You re going to feel a sharp pain she says before making the cut Today though all too often the doctor wounds without healing Why In Making the Cut Dr Aaron Kheriaty one of the country s leading public intellectuals and preeminent bioethicists reveals what medicine gave him and what it sometimes took from him This book is about how he grew from an overconfident pre med to an ambivalent medical student to a capable physician who had fallen in love with medicine even if his lover has turned into a prostitute of late While presenting a damning diagnosis of contemporary medicine Making the Cut also applies the wounding scalpel in order to heal it Internship Survival Guide Thomas M.
