The Inferior: The Bone World Trilogy, Book 1 Peadar Ó Guilín, 2020-12-11 Read this book and remember why Science Fiction lit your fire in the first place Guy Haley in DeathRay STOPMOUTH AND HIS family know of no other life than the daily battle to survive To live they must hunt rival species or negotiate flesh trade with those who crave meat of the freshest human kind It is a savage desperate existence And for Stopmouth considered slowwitted hunt fodder by his tribe the future looks especially bleak But then on the day he is callously betrayed by his brother a strange and beautiful woman falls from the sky It is a moment that will change his destiny and that of all humanity forever With echoes of Tarzan Conan the Barbarian and The Truman Show Peadar Guilín's debut is an action and idea packed blockbuster that will challenge your perceptions of humanity and leave you hungry for more **Partakers of the Divine Nature** Michael J. Christensen, Jeffery A. Wittung, 2008-02 Scholars from around the world offer a comprehensive ecumenical survey of the history and development of deification **The Runaway Boy (Chandal Jibon Trilogy - Book 1)** Manoranjan Byapari, 2024-07-02 About the Book

FROM THE WINNER OF THE HINDU PRIZE 2018 AND THE SHAKTI BHATT PRIZE 2022 This powerful trilogy of semi autobiographical novels begins in East Pakistan It tells the story of little Jibon who arrives at a refugee camp in West Bengal in the arms of his Dalit parents escaping from the Muslim majority nation He grows up perpetually hungry for hot rice in the camp where the treatment meted out to dispossessed families like his is deplorable When he is barely thirteen Jibon runs away to Calcutta because he has heard that money flies in the air in the big city His wildly innocent imagination leads him to believe that he can go out into the world find work and bring back food for his starving siblings and clothes for his mother whose only sari is in tatters And once he leaves home through the travels of this starving bewildered but gritty boy we witness a newly independent India as it grapples with communalism and grave disparities of all kinds *British Books*, 1898

The Literary World, 1889 *The Mandela Effect Trilogy* Eric Blue, 2020-05-20 Ever wondered about how it would be to go back in time and change history The satirical novel The Mandela Effect gives an insight into how a Rainbow Nation South Africa of 2010 celebrated the hosting of the FIFA 2010 World Cup Of course it wasn't always like that When a gas pipe blast in a local restaurant takes law student Lindiwe Buthelezi out of her comfort zone and back to the year 1987 when apartheid racial segregation was at its worst she soon realises the important role that she has to play in following in her late mother's footsteps Lindiwe gets to experience the bad of Black and White on all fronts of life before getting to the blessings African National Congress icon Nelson Mandela is believed to be locked away on Robben Island for failing to renounce violence against the state While some hard line left wingers felt that Mandela may sell out to the apartheid government several right wing members believed that eliminating Mandela would send a strong message to the so called communist liberation struggle Add in the African American duo of CNN political reporter Louise Burrell and Washington D C based human rights lawyer Pearce Ellison and the race is on to plot a smooth way to democracy for the New South Africa About Author Eric Blue
