Toro An Allie Parsons Novel:

Toro! Frank Schwalbe, 2015-03-05 Allie Parsons is a single mother struggling to raise a teenage daughter and keep her scars and past hidden. Her old life as a stripper has no pull but even now her headstrong ways prove difficult to control. Allie suspects that Toro a serial killer and her attacker is still at large and most likely stalking her. But obsessing over that helps nothing. She's finished medical school and is training at the morgue and with the help of both her beautiful daughter and patient pastor she's rebuilt a life. It isn't perfect but her faith and determination are strong. However her first case at the morgue keeps scratching at her old wounds and she can't explain why. The body is supposed to be millionaire Franz Bergman but she has a hunch it's a cover up. Determined to prove her theory Allie conducts an investigation that circles her right back into danger and darkness. As she draws closer to solving this mystery a menacing stranger threatens her new life. Allie must stand firm in her beliefs and rely on her strength and intuition to protect herself her daughter and the better future she's working to achieve.

Minos! Frank C. Schwalbe, 2017-09-05 Dr Allie Parsons finally has it all. Three years after narrowly escaping a murder attempt with her daughter and taking down notorious serial killer Toro she's got a residency at the morgue and is set to marry hotshot attorney Duncan Maxwell. Then a mysterious note arrives seemingly written by a child and warning of Toro's return. With the threat of more impending deaths Allie is once again pulled into the past. While searching for the child's identity and location Allie discovers a string of murder victims across the country with possible Toro connections. Her fiancé encourages her to investigate and she's aided by an old friend Andrew Wong. However the deeper into the case Allie goes the more her stable life and career start to unravel. When Allie quits her residency to continue the search Duncan tries convincing her to accept a job offer from his employer Minos which specializes in genetics and has lucrative resources she can use. But Allie can't be tied down especially when she finds the victims share a common trait. Toro or a copycat is leading her on a chase with the murders and Allie is determined to solve them before she's next. **The**
