BDP-51 Series Preamp/Filter

Congratulations on your purchase of this premium audio component and thank you for your selection of Parasound. Your new BDP-51 Series Preamp/Filter has been designed with the latest technology to become the heart of a top flight, top performance music system. With premium parts and advanced design, the BDP-51 represents one of the finest preamp/filter units we've ever offered. You have made an excellent choice.

Please take a few minutes now to read these instructions thoroughly so you may fully understand the replacement capabilities of your new preamp/filter.

Unpacking

Remove the AC cord which is packed separately inside the carton. We recommend using only the specially selected cord for best musical reproduction.

Save your carton and the well-fitted foam for future safe transport to save you money as the unit requires shipping for repair. Note the actual printed carton is not built strong enough for safe shipping. You must place this carton into an additional more "crumpled" before shipment.

Before you proceed, find the serial number which is located on the rear panel of the unit and note it here for future reference or to ease the unit in your store.
