Bodybuilding Motivation Andrew Pense, 2012-07-02 With each stride each repetition With each run into the wind and rain Each set to fatigue that seems unwinnable with each strange look from comfortable passengers in a car I continue to fight Each rep each stretch each gate means one step closer Each stride and pull makes my enemies shrink in fear and my allies feel more secure This isn't lifting working out or jogging This is a battle No this is war And I forgot to bring my white flag Bodybuilding motivation is a collection of inspiring stories tips and tricks to help you maximize performance in the gym and the best way to manage your most important asset Your mind Huge improvements and unbelievable performance are unlocked by best managing your mindset before during and after your workout Because in the gym everything else goes out the window it doesn't matter how much money you have your history what waits outside those gym doors in these hallowed halls if only for a few hours we get to be gods There are no more barriers restriction no limitations our objectives are as close as our will to achieve them Because men and women are separated in the real world by class income and reputation but once your underneath the iron all that goes out the window and the real person comes out Bodybuilding motivation topics include diet and nutrition workout strategies and goal setting This is not a how to book but instead an instruction manual for best utilizing mental preparation strategies in order to succeed both in and out of the gym Readers new to the work out lifestyle will benefit from this book as well as seasoned veterans looking for a competitive edge Readers can choose to use this as a guide just for vastly improving their workouts or use it as a guide for success in other areas of life Topics such as meditation and positive self talk are explored but the work is far from flighty or new age They are real world tools for best maximizing your performance whether you are a weekend warrior or a competitive athlete
