Truth And Revolution A History Of The Sojourner Truth Organization 1969 1986:

Truth and Revolution Michael Staudenmaier, 2012 A poignant compelling history of one of the most important radical groups you've never heard of Forging Freedom in W. E. B. Du Bois's Twilight Years Phillip Luke Sinitiere, 2023-06-23 Contributions by Murali Balaji Charisse Burden Stelly Christopher Cameron Carlton Dwayne Floyd Robert Greene II Andre E Johnson Werner Lange Lisa J McLeod Jodi Melamed Tyler Monson Eric Porter Reiland Rabaka Thomas Ehrlich Reifer Camesha Scruggs and Phillip Luke Sinitiere Although the career of W E B Du Bois was remarkable in its entirety a large majority of scholarship focuses on the first five or six decades Overlooked and understudied the closing three decades of Du Bois's career reflect a generative period of his life in terms of teaching travel activism and publications Forging Freedom in W E B Du Bois's Twilight Years No Deed but Memory proposes to narrate the political social and cultural significance of Du Bois's career during the controversial closing three decades of his life Du Bois's twilight years were tremendously controversial his persistent criticism of the collusion between capitalism and racism and his choice to join the Communist Party in late 1961 raised the ire of many At the time Du Bois's strident advocacy of socialism and turn to communism during the Cold War oriented most scholars away from delving into his late career While only a few scholars have engaged the productivity of Du Bois's later years the fact is that an anticommunist antiradical animus has followed Du Bois in the half century since his death As a result Du Bois scholarship remains impoverished to the extent that academics neglect his later years The essays in Forging Freedom in W E B Du Bois's Twilight Years detail selected aspects of Du Bois's later decades and their particular connection to American social political and cultural history between the 1930s and the 1960s While international concerns and a global perspective also fundamentally defined Du Bois's latter years chronicling his final decades in a US context presents fresh insight into his twilight years Du Bois's commitment to freedom's flourishing during this period animated the Black freedom struggle's war against white supremacy Ultimately this book demonstrates that the durability of Du Bois's intellectual achievements remains relevant to the twenty-first century **Exploring Disability**

Identity and Disability Rights through Narratives Ravi Malhotra, Morgan Rowe, 2013-10-30 Building on David M Engel and Frank W Munger's work analyzing the narratives of people with physical and learning disabilities this book examines the life stories of twelve physically disabled Canadian adults through the prism of the social model of disablement Using a grounded theory approach and with extensive reporting of the thoughts of the participants in their own words the book uses narratives to explore whether an advocacy identity helps or hinders dealings with systemic barriers for disabled people in education employment and transportation The book underscores how both physical and attitudinal barriers by educators employers and service providers complicate the lives of disabled people The book places a particular focus on the importance of political economy and the changes to the labour market for understanding the marginalization and oppression of people with disabilities By melding socio-legal approaches with insights from feminist critical race and queer legal theory Ravi

Malhotra and Morgan Rowe ask if we need to reconsider the social model of disablement and proposes avenues for inclusive legal reform Another Politics Chris Dixon,2014-08-15 Amidst war economic meltdown and ecological crisis a new spirit of radicalism is blooming from New York to Cairo according to Chris Dixon In Another Politics he examines the trajectory of efforts that contributed to the radicalism of Occupy Wall Street and other recent movement upsurges Drawing on voices of leading organizers across the United States and Canada he delivers an engaging presentation of the histories and principles that shape many contemporary struggles Dixon outlines the work of activists aligned with anti authoritarian anti capitalist and anti oppression politics and discusses the lessons they are learning in their efforts to create social transformation The book explores solutions to the key challenge for today s activists organizers fighters and dreamers building a substantive link between the work of against which fights ruling institutions and the work of beyond which develops liberatory alternatives
