Truth Speaks To Power The Countercultural Nature Of Scripture:

Truth Speaks to Power Walter Brueggemann, 2014-05-14 World renowned biblical interpreter Walter Brueggemann invites readers to take a closer look at the subversive messages found within the Old Testament Brueggemann asserts that the Bible presents a sustained contestation over truth in which established institutions of power do not always prevail But this is not always obvious at first glance A closer look reveals that the text actually contradicts the apparent meaning of an innocent face value reading Brueggemann invites the reader into this thick complexity of the textual reading where the authority of power is undermined in cunning and compelling ways He insists that we are as readers and interpreters always contestants for truth whether we recognize ourselves as such or not **Truth Speaks to Power** Walter

Special Revelation and Scripture David S. Dockery, Malcolm B. Yarnell, 2024-05-01 In their book Special Revelation and Scripture David Dockery and Malcolm Yarnell explore the fundamental elements of divine revelation such as inspiration reliability and authority and how these elements influence and shape the Christian s understanding of theological doctrines ethical teachings and matters concerning worldview Truth and Hope Walter Brueggemann, 2020-02-18 In this varied collection of essays Walter Brueggemann provides a lens into biblical teachings concerning the present age of fake news lies and alternate realities Compiled and edited by Louis Stulman professor of religion at the University of Findlay these essays carry a common theme of truth and hope As Brueggemann writes in the preface there is no doubt that the prophetic tradition

regularly engages in truth telling in order to expose social reality as a systemic act of falseness that contradicts the purposes of God. The prophetic tradition of Jeremiah for instance is preoccupied with truth telling that exposes falseness. The prophet exposes the deceit of dominant culture. That same prophetic tradition like many others turns eventually to the work of hope telling. Such hope does not doubt that the faithful God can create futures a way out of no way. The sequence from truth to hope in the book of Jeremiah is characteristic of the prophetic books of the Old Testament. These several prophetic voices that gave canonical shape to the prophetic books knew that this sequence is definingly important. There can be no hope until truth is told. Our temptation of course is to do the work of hope without the prior work of truth. Readers will find this collection of essays to be theologically rooted in the concept of prophetic tradition as a means of truth telling. Brueggemann explores that without God truth telling is nothing more than harping and hope telling is only wishful thinking.

Intertextuality in the Second Century D. Jeffrey Bingham, Clayton N. Jefford, 2016-12-05 This volume offers an appreciation of the value of intertextuality from Greek Roman Jewish and biblical traditions as related to the post apostolic level of Christian development within the second century. Not least of these foundational pillars is the certain impact of the Second Sophistic movement during this period with its insipient influence on much of early Christian theology's formation. The variety of these strands of inspiration created a tapestry of many diverse elements that came to shape the second century Christian situation. Here one sees biblical texts at work. Jewish and Greek foundations at play and interaction among patristic authors as they seek to reconcile their competing perspectives on what it meant to be Christian within the contemporary context.

Preaching Conversations with Scholars Rodney Wallace Kennedy, 2016-10-25 With an eye toward reuniting the church and the academy this book focuses on the role that scholarship can play in making good preachers into really great preachers. This is the bridge between scholarly and popular writing that informs the sermon and makes it more powerful and meaningful for the people who regularly listen to sermons. Preachers are challenged to raise the level of their commitment to scholarship as well as overcome any pre existing prejudices with scholarship. The preacher as scholar is the perfect way for the pulpit to respond to the challenges of a secular post modern world that often wonders if smart people can even believe in God.

Deliver Us Walter Brueggemann, 2022-10-11 The Walter Brueggemann Library brings together the wide ranging and enlivening thought of popular biblical scholar Walter Brueggemann over his storied career. Each volume collects previously published work on a biblical theme that has deeply informed Brueggemann's scholarship in an accessible digest for readers who want to engage his writing on the topic. This first volume in the series Deliver Us fittingly begins with the narrative of the exodus. Brueggemann has consistently brought attention to how the themes of the exodus event and the stories of the giving of the law that follow lay the groundwork for a biblical understanding of salvation. Drawn from numerous publications in recent decades this volume reveals Brueggemann's clear understanding that divine liberation from exploitation and acquisitiveness also means liberation for generous action for the

common benefit This salvation involves not the security of the individual soul but a wholehearted transformation of social identities and relationships With the gift of deliverance dramatically enacted in the Hebrew people's being led out from the oppression of pharaoh comes the task of obedience articulated in the covenantal laws given at Mount Sinai in the wilderness and beyond Brueggemann shows how this double theme of the gift and the task is forged in the exodus narrative then reenacted in salvation motifs throughout the Bible The people of God always susceptible to mentalities of scarcity selfishness and the compulsion to consume are again and again called out by the subversive message of the prophets and Jesus himself to forsake exploitation and to liberate the marginalized to return to covenant obedience and align themselves with God's radical commitment to create and sustain a more just and flourishing world Deliver Us extends this same message of salvation insightfully elucidated by Brueggemann in this single volume for the benefit of both individual readers and the contemporary church Questions for reflection are included at the end of each chapter making this book ideal for individual or group study

Reality, Grief, Hope Walter Brueggemann, 2014-02-21 Walter Brueggemann is one of the most highly regarded Old Testament scholars of our time talk show host Krista Tippett has even called him a kind of theological rock star In this new book Brueggemann incisively probes our society in crisis from the ground up Pointing out striking correlations between the catastrophe of 9/11 and the destruction of ancient Jerusalem Brueggemann shows how the prophetic biblical response to that crisis was truth telling in the face of ideology grief in the face of denial and hope in the face of despair He argues that the same prophetic responses are urgently required from us now if we are to escape the deathliness of denial and despair Brueggemann's Reality Grief Hope boldly confronts the dominant forces of our time taking on principalities and powers that vie for our souls and calls the church to courageous action

Ichabod Toward Home Walter Brueggemann, 2002 In today's confused and confusing world it is good to be shown once more that God is never absent That is the heartening message of Ichabod toward Home In this volume one of today's most respected biblical scholars explores the nature of God's glory using the engaging story of the ark of the covenant to illuminate the meaning of God's presence not only for the ancient Israelites but for the whole world Offering a unique entry into Old Testament theology Walter Brueggemann examines 1 Samuel 4-6 the biblical text in which the ark of God is captured by the Philistines seen to be a dangerous threat and finally returned to Israel In looking anew at what this story reveals about God's glory or kabod from which the name Ichabod derives Brueggemann builds a powerful new theology of God's sovereignty Additionally Brueggemann demonstrates that this ancient story of the ark has profound relevance today The three day story of the ark's capture detention and return is transposed first into the three day Christian story of Easter and second into the three days of the modern consumer weekend In a provocative contemporary application of Old Testament theology Brueggemann shows that the Ark narrative in its rendering of God's glory strongly contradicts the dominant narrative of our own culture with its strident emphasis on self indulgence narcissism and self sufficiency

Models of Contextual Theology Stephen B. Bevans, 2002 Stephen B Bevans s Models of Contextual Theology has become a staple in courses on theological method and as a handbook used by missionaries and other Christians concerned with the Christian tradition s understanding of itself in relation to culture First published in 1992 and now in its seventh printing in English with translations underway into Spanish Korean and Indonesian Bevans s book is a judicious examination of what the terms contextual theology and to contextualize mean In the revised and expanded edition Bevans adds a counter cultural model to the five presented in the first edition the translation the anthropological the praxis the synthetic and the transcendental model This means that readers will be introduced to the way in which figures such as Stanley Hauerwas John Milbank Lesslie Newbigin and occasionally Pope John Paul II need to be taken into account The author s revisions also incorporate suggestions made by reviewers to enhance the clarity of the original three chapters on the nature of contextual theology and the five models

The New Interpreter's Bible One Volume Commentary David L. Petersen, Beverly Roberts Gaventa, 2010 A brand new volume in the New Interpreter s line offering in one volume articles on all books of the Bible including the Apocrypha

Authority in the Roman Catholic Church Bernard Hoose, 2002 How did the present authority structures within the Church come into existence How if at all can we justify their existence What form of authority should exist in the Church These and other related questions exercise the minds of many Christians in these days when the very notion of authority is questioned but debate about them is perhaps nowhere more lively than within the ranks of Roman Catholicism This book offers an important contribution to such debate within that church Leading Catholic theologians from both sides of the Atlantic take up the key issues analysing the concept of authority and governance examining the history of authority within the Roman Catholic church discussing who should have

a say in future developments exploring ecumenical dimensions with particular reference to Anglicanism and the Orthodox churches and suggesting the kind of reforms that might be prudent as well as ways in which such reforms might be brought about The book will prove of interest to many Roman Catholics but given the ecumenical impact of many of the issues explored it is likely to exert a wide appeal far beyond the confines of that church **Neotestamentica** ,1994 Vols for 1967 1968 1971 1983 constitute Proceedings of the meeting of Die Nuwe Testamentiese Werkgemeenskap van Suid Afrika A Commentary on Jeremiah Walter Bruggemann,1998-01-06 Jeremiah s poignant lament over Judah s social and religious disintegration reflects God s own pathos laden yearning for his disobedient covenant people In this widely praised expository commentary Walter Brueggemann one of the premier Old Testament scholars of our time explores the historical setting and message of Jeremiah as well as the text s relevance for the church today Offering a fresh look at the critical theological issues in the Jeremiah tradition Brueggemann argues that Jeremiah s voice compels us to rediscern our own situation issuing an urgent invitation to faith obedience justice and compassion This combined edition of Brueggemann s original two volume work published until recently as part of the International Theological Commentary series is an essential resource for students pastors and general readers alike It is reprinted here with a new introduction by Brueggemann that surveys the current state of Jeremiah studies *Methodist and Radical* Joerg Rieger,John J. Vincent,2003 The thoughts and beliefs of John Wesley and the Early Methodist traditions are frequently related to recent progressive tendencies in theology There are numerous parallels between contemporary interests in people at the margins and Wesley s concern for poor people and his commitments to the sick and imprisoned In this volume contributors from diverse backgrounds in the United States and around the globe reflect on radical and liberation traditions in Methodism in their own context In conversation with contemporary Methodism and the Wesleyan heritage each chapter focuses on the question of how radical and liberation traditions provide new visions for the present and future of the church Contributors Jose Miguez Bonino Rebecca S Chopp Stephen G Hatcher Jione Havea Theodore Jennings Jr Cedric Mayson Mercy Amba Oduyoye Andrew Sung Park Jong Chun Park Harold J Recinos Joerg Rieger John J Vincent and Josiah U Young III **Our Sunday Visitor's Catholic Encyclopedia** Russell B. Shaw,1998 Contains over three thousand alphabetically arranged entries that provide information about Catholicism covering beliefs and teachings history sacramental and prayer life and practical aspects of the faith **Religious and Theological Abstracts** ,2002 **Missional Economics** Barram Michael (author),1901
