- This product must only be used in compatible cars that have an Automatic Transmission. Installing into a manual-stick-shift vehicle could cause bodily harm or vehicle damage.
- NEVER install this product in the vehicle where it could obstruct moving parts like foot pedals, levers, gears, the steering mechanisms, etc. Such obstruction could cause bodily harm, vehicle damage, and/or product damage.
- NEVER modify this product in any way. Such modifications could result in malfunction or situations where bodily harm, vehicle damage, and/or product damage could occur.
- ALWAYS install in accordance with this document. Non-standard installations can result in situations where bodily harm, vehicle damage, and/or product damage could occur.

- NEVER leave this product's wiring to be loose or mounted in such a way it could be caught or smashed by something, resulting in an electric short that could cause damage to the product, to the car, and/or bodily harm.

NOTE Product or vehicle failure could result from ignoring the following:

- This product is primarily intended for use on Japanese vehicles within Japan.
- NEVER store or mount this product where water, oil, dirt, or moisture collects, or where there is intense heat or steam present. Such may cause product failure.
- This product is primarily intended for sale at domestic Japanese car dealerships.

OPERATIONAL NOTES

- This product does not have any safety features that will unlock doors in the event of a car accident or strong shock. Do not rely on this product for door unlocking in those cases!
- This product only Locks the doors when the vehicle speed exceeds 20~25km/h and Unlocks doors when the gear is shifted back to the "P" (Park) position. It also Unlocks 9 seconds after very hard braking while traveling at 20km/h or faster. (But please note there is no Relock feature if you Unlock while driving faster than 20km/h).
- Your car's speedometer may show a speed slightly higher than 20km/h when the TSL20plus automatically Locks. That is because some TOYOTA cars are designed to show a slightly higher speed on the speedometer relative to the actual speed of the car.
- The TSL20p is not intended for use on manual transmission cars, even if you find it works.
- The TSL20plus shall not be used as an excuse by the user for traffic accidents, nor shall any blame be assigned to our company for such accidents.
- In some rare cases, brief noise may appear on your automotive TV (if powered by the car). Such noise results from movement of your car's door lock motors, not the TSL20plus.
