Tsunami 2004 Still Wading Through Waves Of Hope:

Tsunami 2004 Holly Michael, 2015-01-05 December 26th 2014 marked the anniversary of the monster waves seen around the world. Is life restored back to normal on the shores of Nagapattinam South India? Will it ever be? We'll go to the most devastated remote villages where no one else has gone. Bishop Leo Michael promised a Northwest Arkansas Newspaper reporter. Like a sweeping wave, news of the tsunami fundraiser spread to a national level. Bishop Leo Michael became the ideal vehicle to collect then ferry aid across the sea. He had lived and worked in the now tsunami devastated region for many years, spoke the native language and had a counseling degree. Ten DAYS later trekking into impassable villages and decimated shorelines, the Michaels helped the widows and orphans and most affected by the Tsunami. Ten YEARS later the Michaels returned to the same villages and encountered surprising changes and a life threatening situation. **Waves of Hope** Bruce A. Elleman, 2007-01-01 The powerful underwater earthquake that occurred off the coast of Sumatra on 26 December 2004 generated the most destructive tsunami ever recorded, drowning more than 150,000 people without warning in exposed littoral areas from Indonesia to South Africa. The destruction was particularly severe in the Aceh Province of Indonesia. Humanitarian relief has long been recognized as a mission of the American armed forces and of the U.S. Navy in particular. U.S. Pacific Command PACOM immediately established an Operations Planning Team OPT at PACOM Headquarters at Camp H.M. Smith in Honolulu, Hawaii. On 28 December it formed Joint Task Force JTF 536 to plan and execute Operation UNIFIED ASSISTANCE. Working closely with the Indonesian government and military, the Navy delivered beginning within days of the disaster vast quantities of emergency food and other supplies and provided on the spot emergency medical treatment to thousands of injured and displaced persons along the Aceh coast. During UNIFIED ASSISTANCE, sea basing proved to be a culturally sensitive and politically flexible response to a natural disaster in a region dominated by Muslims and the scene of an active domestic insurgency. Hard power assets like the aircraft carrier and support ships provided by the U.S. Navy in conjunction with air support and personnel from the Army Marine Corps and Air Force provided tremendous soft power effects. This operation produced enormous goodwill in particular when compared to the experience of other powers in the region like China that could not send similar forces. This book tells the story of UNIFIED ASSISTANCE. **The Gift of Hope** Ellyn Sanna, 2006 In 2005 a Village Earth staff author and photographer traveled to Thailand to document the tsunami recovery efforts. Using donations from around the world and the Thai spirit, life was beginning to take on a new sense of normalcy. In late 2005 the pair visited Louisiana documenting hurricane recovery efforts. This book brings readers face to face with the sense of loss and of hope brought by these natural disasters. Waves of Hope: The U.S. Navy's Response to the Tsunami in Northern Indonesia, 2007 The powerful underwater earthquake that occurred off the coast of Sumatra on 26 December 2004 generated the most destructive tsunami ever recorded, drowning more than 150,000 people without warning in exposed littoral areas from Indonesia to South Africa.
