Turkestan Solo Ella Maillart, 2001-08 Ella Maillart was the adventurous Swiss woman who made her name as an intrepid explorer and one of the most remarkable woman travelers of the early twentieth century An amazing sports woman she first represented her country as the only woman competitor at the 1924 Paris Olympics in the single handed boat sailing contest then later raced for Switzerland as a member of the international ski team Yet these outdoor activities only developed Maillart's insatiable curiosity to travel east leaving behind the confines of her early life in Geneva in search of the perfect life that she was instinctively seeking Her later adventures took her across many continents and various oceans Maillart sailed the Mediterranean in a yawl traveled with famed travel English travel writer Peter Fleming from Peking to Kashmir explored Tibet with a half wild tiger cat in search of spiritual enlightenment and finally drove 4 000 miles from war torn Europe to the fabled Khyber Pass in a battered Ford car Yet her solo journey through Central Asia in the early 1930s was considered to be a highlight of her adventure filled life Setting off from the Tien Shan mountains of Mongolia Maillart rode horses and camels to the far away walls of fabled Bokhara **Turkestan Solo** is her vivid account of this wonderful mysterious and dangerous portion of the world complete with its Kirghiz eagle hunters lurking Soviet secret police and the timeless nomads that still inhabited the desolate steppes of Central Asia If any book can give its reader the ability to look back in time this one does written as it was by one of the world's foremost female equestrian explorers Amply illustrated it remains a timeless adventure classic

Between the Desert and the Deep Blue Sea Gill Suttle, 2007-02 To those for whom the name of Syria conjures up images of George W Bush's Axis of Evil or who picture the Middle East in general to be a place of endemic unrest or squabbling religious factions this book will come as a revelation Here they will discover a nation where all clans and creeds live in enviable harmony their goodwill towards each other exceeded only by the warmth of their welcome to an eccentric foreigner The author enjoyed a relaxed spontaneous ramble living out of home made saddlebags enjoying the hospitality of local people and often sleeping rough Best of all her companion was that of her wildest childhood fantasies an Arab stallion While briefly informed by history Islam and its offshoots geography and where absolutely unavoidable politics this delightful book is principally an account of the people of Syria and of a gallant and memorable horse Illustrated with maps and a fine selection of photographs

Road to the Grey Pamir Ana Louise Strong, 2001-08-01 Few equestrian travelers had a more politically radical life than did the American Anna Louise Strong Having been raised in Seattle in the early 1900s where she was strongly influenced by the labor riots and social unrest of that time Strong turned her back on her otherwise normal suburban roots and fled overseas Denouncing capitalism she began a series of state sponsored journeys deep into the secretive heart of the recently formed Soviet Union Her resulting books described a worker's paradise and invariably praised the communist experiment Dictator Joseph Stalin was so pleased with this American convert he encouraged her to visit the far flung corners of the new Red Empire **The Road to the Grey Pamir** is the story of how Strong

accompanied a group of Soviet geologists as they rode into the seldom seen Pamir mountains of faraway Tajikistan Mounted on her horse American Girl the political renegade turned equestrian explorer soon discovered more adventure than she anticipated

The Last Secrets of the Silk Road Alexandra Tolstoy, 2004. A unique eight month 5 000 mile journey by horse and camel across Central Asia through some of the least known and most beautiful regions of the world: plains and orchards, mountains and desert to the terminus city of Xian in China. This book by one of the riders tells the story of that extraordinary journey.

The Trail of War Sven Hedin, 2009-01-15. Commissioned by the Chinese to map a road through one of the most inhospitable regions in the world, Hedin set out on a journey that saw him become entangled in a bloody war for independence that was raging in the province. Struggling through the battle-scarred land, he encountered rebel fighters and bandits, was imprisoned and nearly executed. An enthralling account of drama and high adventure. The Trail of War is an extraordinary portrait of Central Asia and its people.

Chinese Central Asia Sir Clarmont Percival Skrine, 1926. Chinese Central Asia, written in the 1920s, is an interesting travelogue of the journey undertaken overland to Chinese Turkistan through the Karakoram Mountains and Passes by C. P. Skrine, the then British Consular General to Chinese Turkistan. Our journey starts in dusty Quetta on the borders of Iran. It is a story of the times when the main form of travel was on horse back or on foot. The luxury of road or air travel was not available to those who wished to travel to the more out-of-the-way regions of the world at that time. This opportunity to travel was so inviting to both the author and his wife that he jumped at the chance to visit this region. The author leaves no stone unturned to complete his tour and to give us a vivid description of his travels in this remote region. In his introduction, Younghusband makes a very pertinent statement when he says that our impression of the unchanging belief in the unchangeable east is shattered by the bowler-hatted Chinese representative who meets our travellers. Our author takes us to many places in his journey and each step gives us a vivid idea of the vistas and ways of the

people of that time His travels awake an interest in all of us who have the wanderlust and a desire to visit distant places in this world Sketches of Central Asia (1868) Ármin Vámbéry,2022-09-04 In Sketches of Central Asia rmin V mb ry presents a rich tapestry of observations and reflections based on his travels through the lesser known territories of Central Asia during the mid 19th century The book is characterized by a keen blend of descriptive prose and meticulous ethnographic detail rendering a vivid portrait of the cultures landscapes and societies he encountered V mb ry s literary style encapsulates the spirit of Romanticism intertwining personal narrative with scholarly inquiry providing an engaging exploration of both the exotic and the familiar amid the socio political dynamics of the era rmin V mb ry a Hungarian philologist and traveler dedicated his life to the study of Central Asian languages and cultures His unique background as the son of a Jewish family and his early academic pursuits in linguistics and geography instilled in him a profound curiosity for this historically rich yet often overlooked region V mb ry s travels were not merely for adventure they were fueled by a desire to bridge East and West leveraging his extensive academic insights to challenge prevailing misconceptions about Central Asia and its people Readers seeking a deepened understanding of Central Asia s historical context as well as those who appreciate travel literature that transcends mere observation to encompass cultural critique will find Sketches of Central Asia an invaluable resource V mb ry s eloquent narrative invites readers into a world of complex identities making it a vital addition to the libraries of historians sociologists and anyone fascinated by the interplay of culture and geography Travels in Central Asia Ármin Vámbéry,1865
