

TILL MY TALE IS TOLD

WOMEN'S MEMOIRS
OF THE GULAG

EDITED BY
SIMEON VILKINSKY

Till My Tale Is Told Womens Memoirs Of The Gulag

Orlando Figes

Till My Tale Is Told Womens Memoirs Of The Gulag:

Till My Tale Is Told Semen Samuilovich Vilenskii, 2001-11-13 How extraordinary it is that compassion and tenderness may flourish in the cruellest conditions how stubbornly and bravely people survive them This is not a depressing book but an inspiring and encouraging one Doris Lessing The sixteen life stories are riveting testimony to the complexity of the human spirit to miracles of survival and endurance in the most hellish of conditions Till My Tale Is Told reminds us of the importance of remembrance and testimony about this particularly brutal chapter of human history The Women's Review of Books Arrest interrogation imprisonment trial and sentencing transport labor camps internal exile sometimes release often followed by re arrest and re imprisonment and for those who outlived Stalin eventual reprieve and rehabilitation these are the outlines of the experiences recorded by 16 courageous Russian women whose moving testimonies most of them written in secret and at great personal risk are presented here Gulag Boss Fyodor Vasilevich Mochulsky, 2012-11-29 This is the

memoir of Fyodor Mochulsky a man who spent several years in the administration of the Soviet Gulag including six years supervising the construction of a railroad in the Arctic It is the first memoir in English from an NKVD KGB employee and recounts his experiences inside the Soviet system of terror and how he came to deal with the logistical and ethical challenges he faced This book provides a unique perspective on the organization of evil and the thinking of all the apparently ordinary people who help run systems of terror **The Gulag in Writings of Aleksandr Solzhenitsyn and Varlam Shalamov**

, 2021-08-16 Alexander Solzhenitsyn and Varlam Shalamov are two of the best known Gulag writers After a short period of personal acquaintance their lives and views on literature took different paths Solzhenitsyn did not see a literary program in Shalamov's works which he describes as a result of exhaustion after years of hard labour in the camp By understanding the text as a result Solzhenitsyn critically touched on a concept of evidence which Shalamov several times emphasized as important to his own works According to Shalamov instead of the text being a representation it should be an extract from or substitute for the real or the factual by which his Gulag experience became present once again Concepts such as document thing and fact became important for Shalamov's self identification as a modernist At the same time Solzhenitsyn viewing his own task as one of restoring historical experiences of the Russian people and trying to explain the slow course of history and what sort of one it has been assumed the dual role of writer and historian which inevitably raises the question of what characterizes the borders between fact and fiction in his works It also raises question about dichotomies of historical and fictional truth Contributors Andrea Gullotta Fabian Heffermehl Luba Jurgenson Irina Karlsohn Josefina Lundblad Janji Elena Mikhailik Michael A Nicholson Irina Sandomirskaja Ulrich Schmid Franziska Thun Hohenstein Leona Toker A History of Women in Russia Barbara Evans Clements, 2021-12-22 A survey of the key political economic social and cultural developments in Russian women's history from 900 to 2010 and their impact on the nation Synthesizing several decades of scholarship by historians East and West Barbara Evans Clements traces the major developments in the history of women in

Russia and their impact on the history of the nation Sketching lived experiences across the centuries she demonstrates the key roles that women played in shaping Russia's political economic social and cultural development for over a millennium The story Clements tells is one of hardship and endurance but also one of achievement by women who for example promoted the conversion to Christianity governed estates created great art rebelled against the government established charities built the tanks that rolled into Berlin in 1945 and flew the planes that strafed the retreating Wehrmacht This daunting and complex history is presented in an engaging survey that integrates this scholarship into the field of Russian and post Soviet history The product of a lifetime of engagement by one of the preeminent authorities on the history of Russian women the book reflects the author's deep expertise in primary sources as well as her familiarity with the secondary literature Choi Chatterjee California State University Los Angeles A significant achievement in scholarship on Russian women and gender Among this text's many strengths are its lucidity readability and engaging synthesis of a large number of both primary and secondary sources Its erudite contextualization of the history of Russian women within a larger European framework ensures its interest for and accessibility to a wide readership especially those outside of the Slavic field Slavic and East European Journal Clements's writing is engaging clear and jargon free making this book easily accessible to a general audience Highly recommended Choice This daunting and complex history is presented in an engaging survey that integrates this scholarship into the field of Russian and post Soviet history Journal of Turkish Weekly

Reading Russian Sources George Gilbert, 2020-01-20 Reading Russian Sources is an accessible and comprehensive guide that introduces students to the wide range of sources that can be used to engage with Russian history from the early medieval to the late Soviet periods Divided into two parts the book begins by considering approaches that can be taken towards the study of Russian history using primary sources It then moves on to assess both textual and visual sources including memoirs autobiographies journals newspapers art maps film and TV enabling the reader to engage with and make sense of the burgeoning number of different sources and the ways they are used Contributors illuminate key issues in the study of different areas of Russia's history through their analysis of source materials exploring some of the major issues in using different source types and reflecting recent discoveries that are changing the field In so doing the book orientates students within the broader methodological and conceptual debates that are defining the field and shaping the way Russian history is studied Chronologically wide ranging and supported by further reading along with suggestions to help students guide their own enquiries Reading Russian Sources is the ideal resource for any student undertaking research on Russian history

Redefining Stalinism Harold Shukman, 2004-11-23 Born in 1879 in Georgia Stalin joined the Bolsheviks under Lenin in 1903 and became General Secretary of the Communist Party in 1922 These edited papers reassess the deeds policies and legacy of a man who was responsible for innumerable deaths and untold human misery

Encyclopedia of the Arctic Mark Nuttall, 2005-09-23 With detailed essays on the Arctic's environment wildlife climate history exploration resources economics politics indigenous

cultures and languages conservation initiatives and more this Encyclopedia is the only major work and comprehensive reference on this vast complex changing and increasingly important part of the globe Including 305 maps This Encyclopedia is not only an interdisciplinary work of reference for all those involved in teaching or researching Arctic issues but a fascinating and comprehensive resource for residents of the Arctic and all those concerned with global environmental issues sustainability science and human interactions with the environment

Sex, Power, and Slavery Gwyn Campbell, Elizabeth Elbourne, 2014-12-10 Sexual exploitation was and is a critical feature of enslavement Across many different societies slaves were considered to own neither their bodies nor their children even if many struggled to resist At the same time paradoxes abound for example in some societies to bear the children of a master was a potential route to manumission for some women Sex Power and Slavery is the first history of slavery and bondage to take sexuality seriously Twenty six authors from diverse scholarly backgrounds look at the vexed traumatic intersections of the histories of slavery and of sexuality They argue that such intersections mattered profoundly and indeed that slavery cannot be understood without adequate attention to sexuality Sex Power and Slavery brings into conversation historians of the slave trade art historians and scholars of childhood and contemporary sex trafficking The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas Contributors David Brion Davis Martin Klein Richard Hellie Abdul Sheriff Griet Vankeerberghen E Ann McDougall Matthew S Hopper Marie Rodet George La Rue Ulrike Schmieder Tara Iniss Mariana Candido James Francis Warren Johanna Ransmeier Roseline Uyanga with Marie Luise Ermisch Francesca Ann Louise Mitchell Shigeru Sato Gabeba Baderoon Charmaine Nelson Ana Lucia Araujo Brian Lewis Ronaldo Vainfas Salah Trabelsi Joost Cot Sandra Evers and Subho Basu

On Living Through Soviet Russia Daniel Bertaux, Paul Thompson, Anna Rotkirch, 2004 For a period of over seventy years after the 1917 revolutions in Russia talking about the past either political or personal became dangerous The new policy of glasnost at the end of the 1980s resulted in a flood of reminiscence almost nightly on television and more formally collected by new Russian oral history groups and western researchers This book is a fascinating collection of life stories and family history interview material collected by the editors and two Russian groups of interviewers

The Whisperers Orlando Figes, 2008-09-04 Drawing on a huge range of sources letters memoirs conversations Orlando Figes tells the story of how Russians tried to endure life under Stalin Those who shaped the political system became very frequently its victims Those who were its victims were frequently quite blameless The Whisperers recreates the sort of maze in which Russians found themselves where an unwitting wrong turn could either destroy a family or perversely later save it a society in which everyone spoke in whispers whether to protect themselves their families neighbours or friends or to inform on them

Till My Tale Is Told Womens Memoirs Of The Gulag Book Review: Unveiling the Power of Words
