Troubadour Poems From The South Of France:

Troubadour Poems from the South of France William Doremus Paden, Frances Freeman Paden, 2007 *The Princeton Encyclopedia of Poetry and Poetics* Roland Greene, Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, Harris Feinsod, David Marno, Alexandra Slessarev, 2012-08-26 Rev ed of *The Princeton encyclopedia of poetry and poetics* Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993 **The Cathars and the Albigensian Crusade** Catherine Léglu, Rebecca Rist, Claire Taylor, 2013-11-12 *The Cathars and the Albigensian Crusade* brings together a rich and diverse range of medieval sources to examine key aspects of the growth of heresy and dissent in southern France in the twelfth and thirteenth centuries and the Church's response to that threat through the subsequent authorisation of the Albigensian crusade Aimed at students and scholars alike the documents it discusses papal letters troubadour songs contemporary chronicles in Latin and the vernacular and inquisitorial documents reflect a deeper perception of medieval heresy and the social political and religious implications of crusading than has hitherto been possible The reader is introduced to themes which are crucial to our understanding of the medieval world ideologies of crusading and holy war the complex nature of Catharism the Church's implementation of diverse strategies to counter heresy the growth of papal inquisition southern French counter strategies of resistance and rebellion and the uses of Latin and the vernacular to express regional and cultural identity This timely and highly original collection not only brings together previously unexplored and in some cases unedited material but provides a nuanced and multi layered view of the religious social and political dimensions of one of the most infamous conflicts of the High Middle Ages This book is a valuable resource for all students teachers and researchers of medieval history and the crusades **A Walking Tour in Southern France** Ezra Pound, 1992 Rummaging through his papers in 1958 Ezra Pound came across a cache of notebooks dating back to the summer of 1912 when as a young man he had walked the troubadour landscape of southern France Pound had been fascinated with the poetry of medieval Provence since his college days His experiments with the complex lyric forms of Arnaut Daniel Bertran de Born and others were included in his earliest books of poems his scholarly pursuits in the field found their way into *The Spirit of Romance* 1910 and the troubadour mystique was to become a resonant motif of the *Cantos* In the course of transcribing and emending the text of *Walking Tour* 1912 editor Richard Sieburth retraced Pound's footsteps along the roads to the troubadour castles What this peripatetic editing process revealed he writes was a remarkably readable account of a journey in search of the vanished voices of Provence that at the same time chronicled Pound's gradual discovery of himself as a modernist poet *Reading Across Cultures* Caroline Gruenbaum, 2025-07-15 *Reading across Cultures* explores a body of innovative Jewish literary works from the Middle Ages In late twelfth and thirteenth century Ashkenaz the Jewish communities in northern France Germany and England Jewish authors translated several Old French and German stories into Hebrew These stories are distinctly non Jewish drawing on the Christian romances of King Arthur and Alexander

the Great and the classical fables of Aesop Caroline Gruenbaum argues that these translations rather than adapting stories that reflected Jewish religious or cultural practice represent a body of secular Hebrew literature in Ashkenaz and evidence of a shared literary culture between Jews and Christians in medieval Europe Reading Hebrew animal fables folktales and chivalric romance Gruenbaum describes an intellectual climate that allowed the literati of medieval Ashkenaz to read across cultures In these translations produced by medieval Jews for entertainment and for wisdom Gruenbaum finds a new literary awakening in Ashkenaz **The Making of Lay Religion in Southern France, c. 1000-1350** John H. Arnold,2024-03-20

What was Christianity like for ordinary people between the turn of the millennium and the coming of the Black Death What changed and what continued in their experiences habits feelings hopes and fears How did they know themselves to be Christians and indeed to be good Christians This book answers those questions through a focus on one specific region southern France across a particularly fraught period of history one beset by the changes wrought by the Gregorian reforms the spectre of heresy the violence of crusade the coming of inquisition and the pastoral revolution associated with the Fourth Lateran Council 1215 Using an array of different historical documents John H Arnold explores the material contexts of Christian worship from the eleventh through to the fourteenth centuries the shifting episcopal expectations of the ordinary laity the changes wrought through wider socioeconomic developments and periods of sharp inflection brought by the Albigensian crusade and its aftermath Throughout the book explores the complex spectrum of lay piety finding enthusiasms and doubts faith and scepticism agency and negotiation It explores not just developments in the content of faith for the laity but the very dynamics of belief as a lived experience We are shown how across these key centuries Christianity developed in its external practices but also via inculcating a more interiorized and affective mode of belief and thus it is argued it can be said to have become truly a religion a structured demanding and rewarding faith for the many and not just the few The Voice of the Trobairitz William D. Paden,2016-11-11 During the twelfth and thirteenth centuries southern France witnessed first a burgeoning then a decline in the poetry of women troubadours trobairitz These women stood both within and outside the troubadour tradition so their work is interesting for social and literary historical reasons as well as for its aesthetic merit Many of their twenty eight surviving poems are love songs in which the trobairitz expresses her desire with a freshness that places her in startling contrast with the speechless unresponsive lady depicted in the poetry of male troubadours The Voice of the Trobairitz includes eleven original studies by leading scholars in America and Europe Approaching the trobairitz from varying perspectives the authors ask such questions as which poems are properly attributed to the women Which poetic forms and techniques did they employ Is there a distinctive feminine rhetoric in the poems and do they attempt to mold the role offered them by the troubadours or do they subside into passivity Paden s introduction describes the historical context of the trobairitz and he includes a checklist of the poems a meticulous bibliography and an index The Voice of the Trobairitz will be a valuable resource for all medieval scholars and students and for those interested in women s history **The Vidas of**

The Troubadours Margarita Egan, 2019-03-11 Published in 1984 These texts which have been little studied for their literary qualities represent a vital link between the didactic tradition of the Middle Ages and the fictional short stories of the Renaissance such as the thirteenth century collection of tales known as the Novellino and later Boccaccio's Decameron

The Journal of the British Archaeological Association, 1891 **Journal of the British Archaeological Association** British Archaeological Association, 1891 **Courts of Love, Castles of Hate** Aubrey Burl, 2011-11-08 The figure of the Troubadour combines the ideals of knighthood with the inspiration of the poet and musician and created a cultural explosion which influenced the whole course of Western art and civilisation Burl traces the story from the birth of the first Troubadour in 1071 to the execution of the last Cathar Good Man in 1231 and the close of the distinctive southern French culture that had given rise to it The tale incorporates the Crusades to the Holy Lands and the Albigensian Crusades through the Languedoc and the regular incursions from the English In telling his story of the Troubadours and their song he brings to life the world of medieval Languedoc The author is acknowledged as an authority on the Troubadours one of the most evocative subjects in history Tenso, 2007 The Encyclopædia Britannica: A-ZYM Day Otis Kellogg, Thomas Spencer Baynes, 1903
