Graeme Auld,2023-07-04 In his third volume of collected essays the former Professor of Hebrew Bible at Edinburgh University assembles studies published since 2017 With one significant modification on the first Jeroboam they develop the twin theses of his 2017 monograph Life in Kings that the material common to the books of Samuel Kings and Chronicles is both untypical of Samuel Kings as a whole and the major source out of which they developed Most importantly these fresh essays explore the DNA of what Graeme Auld calls the Book of Two Houses BoTH some 150 uniquely paired

words including names and phrases that occur in its reports of only two kings The final extended essay not previously published sets these pairings in their context throughout the book As the artistry of this foundational text is revealed fresh historical questions call for answers *The Advance* ,1903 **A Culture of Conspiracy** Michael Barkun,2013-08-15 It is well known that some Americans are obsessed with conspiracies Films best selling books and television shows talk about plots by the Illuminati or sightings of black helicopters But American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition leading expert Michael Barkun delves deeper into America s conspiracy subculture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama s American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture By looking closely at the manifestations of these ideas in a wide range of literature and source material Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture Book jacket **WILDFIRE PUBLICATIONS**
