Blunden, Violet Cheung, 2014-04-01 This book presents a data driven message that exposes the cyberwar media campaign being directed by the Pentagon and its patronage networks By demonstrating that the American public is being coerced by a threat that has been blown out of proportion much like the run up to the Gulf War or the global war on terror this book discusses how the notion of cyberwar instills a crisis mentality that discourages formal risk assessment making the public anxious and hence susceptible to ill conceived solutions With content that challenges conventional notions regarding cyber security Behold a Pale Farce covers topics including cybercrime modern espionage mass surveillance systems and the threats facing infrastructure targets such as the Federal Reserve the stock exchange and telecommunications in a way that provides objective analysis rather than advocacy This book is a must read for anyone concerned with the recent emergence of Orwellian tools of mass interception that have developed under the guise of national security **Peculiar Liaisons** John S. Referendum campaign and the 2017 general election The Letter encouraging the British proletariat to greater revolutionary fervour was apparently sent by Grigori Zinoviev head of the Bolshevik propaganda organization to the British Communist Party in September 1924 Sent to London through British Secret Intelligence Service channels it arrived during the general election campaign and was leaked to the press The Letter's publication by the Daily Mail on 25 October 1924 just before the General Election humiliated the first ever British Labour government headed by Ramsay MacDonald when its political opponents used it to create a Red Scare in the media Labour blamed the Letter for its defeat insisting there had been a right wing Establishment conspiracy and many in the Labour Party have never forgotten it The Zinoviev Letter has long been a symbol of political dirty tricks and what we would now call fake news But it is also a gripping historical detective story of spies and secrets fraud and forgery international subversion and the nascent global conflict between communism and capitalism
