Anthony R. Carrozza,2017-11-02 The notorious Parr family manipulated local politics in South Texas for decades Archie Parr
his son George and his grandson Archer relied on violence and corruption to deliver the votes that propelled their chosen
candidates to office The influence of the Parr political machine peaked during the 1948 senatorial primary when election
officials found the infamous Ballot Box 13 six days after the polls closed That box provided a slim eighty seven vote lead to
Lyndon B Johnson initiating the national political career of the future U S president Dukes of Duval County begins with
Archie Parr s organization of the Mexican American electorate into a potent voting bloc which marked the beginning of his
three decade campaign for control of every political office in Duval County and the surrounding area Archie s son George
who expanded the Parrs dominion to include jobs welfare payments and public works became a county judge thanks to his
father s influence but when George was arrested and imprisoned for accepting payoffs only a presidential pardon advocated
by then congressman Lyndon Johnson allowed George to take office once more Further legal misadventures haunted George

and his successor Archer but in the end it took the combined force of local state and federal governments and the courageous efforts of private citizens to overthrow the Parr family In this first comprehensive study of the Parr family s political activities Anthony R Carrozza reveals the innermost workings of the Parr dynasty a political machine that drove South Texas politics for more than seventy years and critically influenced the course of the nation Records & Briefs New York State Appellate Division ,1958 **Treasury Department** United States.
