The Presidents Club Nancy Gibbs, Michael Duffy, 2013-02-12 Over the years that followed and to this day the presidents relied on misunderstood sabotaged and formed alliances with one another that changed history The world's most exclusive fraternity is a complicated place its members are bound forever because they sat in the Oval Office and know its secrets yet they are immortal rivals for history's favour Some presidents needed their predecessors to keep their secrets others needed them to disappear Truman enlisted Hoover to help him save Europe Kennedy turned to Ike on Cuba Nixon sought Johnson's advice on getting re-elected but then tried to blackmail him Ford and Carter couldn't stand each other until they saw what they had in common Reagan and Clinton relied on Nixon as an emissary to Russia Bush put Clinton and his father to work and they became like father and son and Obama and Clinton became quiet rivals for the same crown The Presidents Club will change the way we think about the presidency for the club itself is an instrument of presidential power

The Influence of Small States on Superpowers Richard L. Bernal, 2015-07-22 The conventional wisdom is that small developing countries exert limited if any influence on the foreign policy of superpowers in particular the United States This book challenges that premise based on the experience of the small developing country of Jamaica and its relations with the United States It raises the question if the foreign policy of the United States can be influenced by even a small developing country should Washington be worried

Unraveling the Gray Area Problem Luke Griffith, 2023-12-15 In *Unraveling the Gray Area Problem* Luke Griffith examines the US role in why the Intermediate Range Nuclear Forces INF Treaty took almost a decade to negotiate and then failed in just thirty years The INF Treaty enhanced Western security by prohibiting US and Russian ground based missiles with maximum ranges of 500 to 5 500 kilometers Significantly it eliminated hundreds of Soviet SS 20 missiles which could annihilate targets throughout Eurasia in minutes Through close scrutiny of US theater nuclear policy from 1977 to 1987 Griffith describes the Carter administration's masterminding of the dual track decision of December 1979 the North Atlantic Treaty Organization NATO initiative that led to the INF Treaty The Reagan administration in turn overcame bureaucratic infighting Soviet intransigence and political obstacles at home and abroad to achieve a satisfactory outcome in the INF negotiations Disagreements between the US and Russia undermined the INF Treaty and led to its dissolution in 2019 Meanwhile the US is developing a new generation of ground based INF type missiles that will have an operational value on the battlefield Griffith urges policymakers to consider the utility of INF type missiles in new arms control negotiations Understanding the scope and consistency of US arms control policy across the Carter and Reagan administrations offers important lessons for policymakers in the twenty first century

Trust, but Verify Martin Klimke, Reinhild Kreis, Christian F. Ostermann, 2016-11-01 Trust but Verify uses trust with its emotional and predictive aspects to explore international relations

in the second half of the Cold War beginning with the late 1960s The détente of the 1970s led to the development of some limited trust between the United States and the Soviet Union which lessened international tensions and enabled advances in areas such as arms control However it also created uncertainty in other areas especially on the part of smaller states that depended on their alliance leaders for protection The contributors to this volume look at how the emotional side of the conflict affected the dynamics of various Cold War relations between the superpowers within the two ideological blocs and inside individual countries on the margins of the East West confrontation
