Dreams, Vampires and Ghosts Louise

Child, 2023-07-13 Drawing from social theory and the anthropology of religion this book explores popular media's fascination with dreams, vampires, demons, ghosts, and spirits. *Dreams, Vampires, and Ghosts* does so in the light of contemporary animist studies of societies in which other than human persons are not merely a source of entertainment but a lived social reality. Films and television programs explored include *Buffy the Vampire Slayer*, *Twin Peaks*, *Bram Stoker's Dracula*, *Truly Madly Deeply*, and the films of Hitchcock. Louise Child draws attention to how they both depict and challenge ideas and practices rooted in psychology while quality television has also facilitated a wave of programming that can explore the interaction of characters in complex social worlds over time. In addition to drawing on theories of film from Freudian psychology and feminist theory, *Dreams, Vampires, and Ghosts* uses approaches derived from a combination of Jungian film studies and anthropology that offer fresh insights for exploring film and television. This book draws attention to explicit and subtle ways in which cinematic narratives engage with myth and religion while at the same time exploring collective dimensions to social and personal life. It advances new developments in genre studies and gender as well as contributing to the growing field of implicit religion using in-depth analyses of communicative dreaming, the shadow, and mystical lovers in film and television.
