Zugunruhe The Inner Migration To Profound Environmental Change:

Zugunruhe Jason F. McLennan, 2010-11-15 Just prior to periods of great migration certain species display agitation and restlessness a phenomenon referred to by scientists as zugunruhe McLennan identifies a similar pattern emerging among people yearning for a sustainable future This book is intended as a catalyst for anyone interested in exploring a deeper more meaningful connection to the environmental movement Zugunruhe is a work of creative genius that draws us into an engaging journey of self discovery brings the biggest and most frightening issues of our time up close and invites our engagement notes David Korten It will leave you envisioning human possibilities you never previously imagined Profound personal and practical McLennan's narrative reminds us that individual efforts ripple outward and can lead to revolutionary change for the betterment of people and planet *Enlivening Consciousness* Elisa Beth Haransky-Beck OD, 2024-02-18

Would you like to improve your eyesight naturally using tools not often considered in the field of eye and vision care while rising to your highest potential Author Elisa Beck holds a Doctor of Optometry but she is also a life coach In *Enlivening Consciousness* she simplifies her life changing plan creating an introduction to a new way to live The areas covered include natural eyesight improvement deepening insight to rise to your highest potential movement and exercise modalities for reversing the aging process eating to thrive and reverse acute and chronic illness natural awareness training in nature both inner and outer to transcend artificiality and practical spirituality to come into our true whole natures filled with joy peace and deep love for ourselves and others Elisa's target audience is lifelong learners who love healing themselves through true wellness practices She wants readers to experience their potential to rise above the fray of the mainstream into their own perfection and gain insights into wonderful routines rituals and choices that promote health and wellness for themselves their families their communities our mother earth and out into the cosmos **The Magic of Imperfection** Jason F.

McLennan, 2025-09-09 Break free from perfectionism and finish your creative projects This unconventional guide shows you how to overcome creative blocks and finally complete your work through strategic imperfection The world is full of creative people So why do some get their ideas out in the world while others don't Why are some incredibly prolific while others struggle with deadlines or can't complete projects In this book Jason F. McLennan a master in getting stuff done shares secrets to boosting productivity innovation and personal success By adopting his 3-4 baked philosophy and the key lessons that surround it readers will be able to dramatically increase their output while also keeping their creative juices flowing McLennan's recipe for creative success includes the following ideas Look forward to failure Discover the power of feedback Learn to become a trim tab Harness the power of momentum to drive creativity We've all heard the phrase the perfect is the enemy of the good Perfection is often what holds so many people back Trying to reach it means that nothing much can get completed and inspiration itself is often blocked as people either procrastinate or endlessly self edit By chasing perfection it remains elusively further away The world is full of half baked ideas but almost no perfect ones With *The Magic of*

Imperfection readers will learn how to seriously amp up what they do how fast they do it and simultaneously how well it gets done

Designing for Hope Dominique Hes, Chrisna du Plessis, 2014-10-17 A forward looking book on sustainable design that describes problems and then by providing a different way to conceptualise design and development leads on to examples of regenerative solutions Its aim is to move the discussion away from doing less but still detracting from our ecological capital to positively contributing and adding to this capital This book offers a hopeful response to the often frightening changes and challenges we face arguing that we can actively create a positive and abundant future through mindful contributive engagement that is rooted in a living systems based worldview Concepts and practices such as Regenerative Development Biophilic Design Biomimicry Permaculture and Positive Development are explored through interviews and case studies from the built environment to try and answer questions such as How can projects focus on creating a positive ecological footprint and contribute to community How can we as practitioners restore and enrich the relationships in our projects and How does design focus hope and create a positive legacy

Building in Bloom Mary Adam Thomas, 2013-05-01 Pittsburgh's Phipps Conservatory and Botanical Gardens has long been recognized as an environmental leader for its deeply green campus and its mission to promote sustainability in the natural world For the final phase of a three part expansion Phipps took a revolutionary step In 2007 it accepted the Living Building Challenge to guide the design and construction of its new administration and education space When the Center for Sustainable Landscapes opened in May 2012 Phipps demonstrated that commitment and collaboration can turn an ambitious idea into a high performance building that operates as efficiently cleanly and beautifully as a flower Combining job specific details with reflections from the team *Building in Bloom* tells the story of how this remarkable structure came to life from concept to ribbon cutting It is the first in a series of books showcasing Living Building Challenge projects
