Unconditionally Single Mary B. Morrison, 2012-03-01 Honey Thomas once made her living as a tough talking prostitute and madam but those days are long gone Now Honey runs a counseling center that helps women get off the streets The best part is her new life is being bankrolled by money stolen from her ex pimp Valentino James But Valentino wants his money back and he s willing to kill Honey to get it Now Honey has to figure out what s important what she can do without and who she needs in her life to discover the happiness she deserves Hot times in Atlanta keep Morrison s erotic Honey Diaries blazing Publishers Weekly Mix dirty red drama relationship scandals suspense love and you get my girl Mary B Morrison Vickie Stringer

Aquinas: Basic Works Thomas Aquinas, 2014-03-15 Drawn from a wide range of writings and featuring state of the art translations Basic Works offers convenient access to Thomas Aquinas most important discussions of nature being and essence divine and human nature and ethics and human action The translations all capture Aquinas s sharp transparent style and display terminological consistency Many were originally published in the acclaimed translation cum commentary series The Hackett Aquinas edited by Robert Pasnau and Jeffrey Hause Others appear here for the first time Eleonore Stump and Stephen Chanderbahn s translation of On the Principles of Nature Peter King s translation of On Being and Essence and Thomas Williams translations of the treatises On Happiness and On Human Acts from the Summa theologiae Basic Works will enable students to immerse themselves in Aquinas s thought by offering his fundamental works without internal abridgements It will also appeal to anyone in search of an up to date one volume collection containing Aquinas essential philosophical contributions from the Five Ways to the immortality of the soul and from the nature of happiness to virtue theory and on to natural law

Suppose and Tell Timothy Williamson, 2020-07-03 What does if mean It is one of the most commonly used words in the English language in itself a sign to the importance of conditional thinking to human cognitive life We make conditional statements ask conditional questions and issue conditional orders We need to think and talk conditionally for many purposes from everyday decision making to mathematical proof Yet the meaning of conditionals has been debated for thousands of years Suppose and Tell brings together ideas from philosophy linguistics and psychology to present a controversial new approach to understanding conditionals It argues that in using if we rely on psychological heuristics methods which are fast and frugal and mostly but not always reliable As a result philosophers and linguists have been led astray in theorizing about conditionals through trusting faulty data generated by such methods and prematurely rejecting simple theories on the basis of merely apparent counterexamples This book shows how one such simple theory of conditionals can explain the data and draws wider implications for the nature of meaning and its non transparency to native speakers vagueness in thought and language and the need for semantics to attend to the unreliable heuristics underlying our judgments
