White Cargo The Forgotten History Of Britains White Slaves In America:

White Cargo Don Jordan, Michael Walsh, 2008-03-08 *White Cargo* is the forgotten story of the thousands of Britons who lived and died in bondage in Britain's American colonies In the seventeenth and eighteenth centuries more than 300 000 white people were shipped to America as slaves Urchins were swept up from London's streets to labor in the tobacco fields where life expectancy was no more than two years Brothels were raided to provide breeders for Virginia Hopeful migrants were duped into signing as indentured servants unaware they would become personal property who could be bought sold and even gambled away Transported convicts were paraded for sale like livestock Drawing on letters crying for help diaries and court and government archives Don Jordan and Michael Walsh demonstrate that the brutalities usually associated with black slavery alone were perpetrated on whites throughout British rule The trade ended with American independence but the British still tried to sell convicts in their former colonies which prompted one of the most audacious plots in Anglo American history This is a saga of exploration and cruelty spanning 170 years that has been submerged under the overwhelming memory of black slavery *White Cargo* brings the brutal uncomfortable story to the surface

Putting Their Hands on Race Danielle T. Phillips-Cunningham, 2020 *Putting Their Hands on Race* is an intersectional and comparative labor history of southern African American and Irish immigrant women who labored as domestic workers after migrating to northeastern cities during the nineteenth and twentieth centuries

Racial Formation in the United States Michael Omi, Howard Winant, 2014-06-20 Twenty years since the publication of the Second Edition and more than thirty years since the publication of the original book *Racial Formation in the United States* now arrives with each chapter radically revised and rewritten by authors Michael Omi and Howard Winant but the overall purpose and vision of this classic remains the same Omi and Winant provide an account of how concepts of race are created and transformed how they become the focus of political conflict and how they come to shape and permeate both identities and institutions The steady journey of the U S toward a majority nonwhite population the ongoing evisceration of the political legacy of the early post World War II civil rights movement the initiation of the war on terror with its attendant Islamophobia the rise of a mass immigrants rights movement the formulation of race class gender intersectionality theories and the election and reelection of a black President of the United States are some of the many new racial conditions *Racial Formation* now covers

Work will familiarize readers with a burgeoning field of high academic social and political relevance **Western European and British Barbarity, Savagery, and Brutality in the Transatlantic Chattel Slave Trade** Dr. Robinson A. Milwood PhD, 2013-06-14 Man makes history in a fashion and history also makes man As with other men the historical experience of the African over the centuries has had a profound effect on his self image as well as on his perception of the external world Perhaps more than other men the African in pre colonial times developed a strong historical tradition and his perception of himself and his world came to depend very much on his view of the past European colonialism brief as it was produced a traumatic effect largely because it tried to impose on the African a gross distortion of his historical tradition

Illuminating the Blackness Habeeb Akande, 2016-05-01 Illuminating the Blackness presents the history of Brazil's race relations and African Muslim heritage The book is divided into two parts Part I explores the issue of race anti black racism white supremacy colourism black beauty and affirmative action in contemporary Brazil Part II examines the reports of African Muslims travels to Brazil before the Portuguese colonisers the slave revolts in Bahia and the West African Muslim communities in nineteenth century Brazil The author explores the black consciousness movement in Brazil and examines the reasons behind the growing conversion to Islam amongst Brazilians particularly those of African descent The author also shares his insights into the complexities of race in Brazil and draws comparisons with the racial histories of the pre modern Muslim world including a comparative analysis of the East African Zanj slave rebellions in ninth century Baghdad with the West African Hausa and Yoruba slave rebellions in nineteenth century Bahia *American Immigration* James Ciment, John Radzilowski, 2015-03-17 Thoroughly revised and expanded this is the definitive reference on American immigration from both historic and contemporary perspectives It traces the scope and sweep of U S immigration from the earliest settlements to the present providing a comprehensive multidisciplinary approach to all aspects of this critically important subject Every major immigrant group and every era in U S history are fully documented and examined through detailed analysis of social legal political economic and demographic factors Hot topic issues and controversies from Amnesty to the U S Mexican Border are covered in depth Archival and contemporary photographs and illustrations further illuminate the information provided And dozens of charts and tables provide valuable statistics and comparative data both historic and current A special feature of this edition is the inclusion of more than 80 full text primary documents from 1787 to 2013 laws and treaties referenda Supreme Court cases historical articles and letters *"Let Us Go Free"* C. Walker Gollar, 2023-12 The Society of Jesus the Jesuits are renowned for the quality of their universities and colleges Less well known is the relationship between Jesuit higher education and slavery For more than two hundred years Jesuit colleges and seminaries supported themselves on the labor of the enslaved in Maryland Georgetown Missouri St Louis University Kentucky St Joseph College Louisiana Grand Coteau seminary and Alabama Spring Hill College Even the founding of Xavier University in the free state of Ohio depended upon income from the labor of the enslaved in Kentucky Walker Gollar shows that in spite of their Catholic faith Jesuits were

in most respects very typical slaveholders They sometimes worried about the spiritual and physical wellbeing of the enslaved but they mostly were concerned with the finances of their plantations and farms This book deeply based on research in the Jesuit archives provides a vivid and disquieting narrative of Jesuit slaveholding for the general reader and the student To the extent possible it portrays the experiences of the enslaved including the destruction of family ties and punishment but also resistance and emancipation Gollar also traces the legacies of the Jesuits participation in the slave economy including the perspectives of the descendants of those enslaved by the Jesuits and the Jesuits attempts to come to terms with the actions and beliefs of their predecessors

Transforming America Michael C. LeMay, 2012-12-10 Utilizing multiple perspectives of related academic disciplines this three volume set of contributed essays enables readers to understand the complexity of immigration to the United States and grasp how our history of immigration has made this nation what it is today Transforming America Perspectives on U S Immigration covers immigration to the United States from the founding of America to the present Comprising 3 volumes of 31 original scholarly essays the work is the first of its kind to explore immigration and immigration policy in the United States throughout its history These essays provide a variety of interdisciplinary perspectives from experts in cultural anthropology history political science economics and education The book will provide readers with a critical understanding of the historical precedents to today s mass migration Viewing the immigration issue from the perspectives of the contributors various relevant disciplines enables a better grasp of the complex conundrum presented by legal and illegal immigration policy

Maternal Metaphors of Power in African American Women's Literature Geneva Cobb Moore, 2017-03-31 An in depth examination of Black women s experiences as portrayed in literature throughout American history Geneva Cobb Moore deftly combines literature history criticism and theory in Maternal Metaphors of Power in African American Women s Literature by offering insight into the historical black experience from slavery to freedom as depicted in the literature of nine female writers across several centuries Moore traces black women writers creation of feminine and maternal metaphors of power in literature from the colonial era work of Phillis Wheatley to the postmodern efforts of Paule Marshall Alice Walker and Toni Morrison Through their characters Moore shows how these writers re created the identity of black women and challenge existing rules shaping their subordinate status and behavior Drawing on feminist psychoanalytic and other social science theory Moore examines the maternal iconography and counter hegemonic narratives by which these writers responded to oppressive conventions of race gender and authority Moore grounds her account in studies of Wheatley Harriet Jacobs Charlotte Forten Grimk Jessie Fauset Nella Larsen and Zora Neale Hurston All these authors she contends wrote against invisibility and powerlessness by developing and cultivating a personal voice and an individual story of vulnerability nurturing capacity and agency that confounded prevailing notions of race and gender and called into question moral reform In these nine writers construction of feminine images real and symbolic Moore finds a shared sense of the historically significant role of black women in the liberation struggle during slavery the Jim Crow

period and beyond A foreword is offer by Andrew Billingsley a pioneering sociologist and a leading scholar in African American studies *Slave No More* Aline Helg,2019-02-07 Commanding a vast historiography of slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage *Slave No More* deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery

Disassociation Sophia Z. Kovachevich,2025-07-07 The book looks at some of the problems in our world today It is based on extensive research It shows the problems that colonisation brought into the world and how that has permeated into the very fabric of society It shows the beginning of genocides and concentration camps and the present state of both in the 21st century world It also looks at where the greatest threats to the world peace are posed today which countries are still in the throes of genocide what is the connection between eugenics and killing Further it covers information pertinent to our world today but which very few lay people have any concept about We live in this world It is our world We should all make an attempt to care for our world to the best of our ability and avoid dissension and war whenever possible War brings nothing good to anyone but fosters a lot of negativity among nation countries cultures and religions in the world This book is about bringing awareness to the precarious position our world and environment is in If wars continue at this rate the soil air water will be so polluted and poisoned cancers and other unknown diseases rampant that future generations and all living creatures will be horribly affected as in the Mekong Delta with much less poison We must protect our descendants from such folly It is our duty **Not from Here** Allan Johnson,2015-06-26 When Allan Johnson asked his dying father where he wanted his ashes to be placed his father replied without hesitation that it made no difference to him at all In his poignant powerful memoir *Not from Here* Johnson embarks on an extraordinary 2 000 mile journey across the Upper Midwest and Northern Plains to find the place where his father s ashes belonged As a white man with Norwegian and English lineage Johnson explores both America and the question of belonging to a place whose history holds the continuing legacy of the displacement dispossession and genocide of Native peoples More than a personal narrative *Not from Here* illuminates the

national silence around unresolved questions of accountability race and identity politics and the dilemma of how to take responsibility for a past we did not create Johnson's story about the past living in the present of redemption fate family tribe and nation of love and grief raises profound questions about belonging identity and place

Moveable Designs, Liminal Aesthetics, and Cultural Production in America since 1772 Stefan L. Brandt, 2022-11-30 The book explores the liminal aesthetics of U S cultural and literary practice Interrogating the notion of a presumptive unity of the American experience Moveable Designs argues that inner conflict divisiveness and contradiction are integral to the nation's cultural designs themes and motifs The study suggests that U S literary and cultural practice is permeated by moveable designs flexible yet constant features of hegemonial practice that constitute an integral element of American national self fashioning The naturally pervasive liminality of U S cultural production is the key to understanding the resilience of American culture Moveable Designs looks at artistic expressions across various media types literature paintings film television seeking to illuminate critical phases of U S American literature and culture from the revolutionary years to the movements of romanticism realism and modernism up to the postmodern era It combines a wide array of approaches from cultural history and social anthropology to phenomenology Connecting an analysis of literary and cultural texts with approaches from design theory the book proposes a new way of understanding American culture as design It is one of the unique characteristics of American culture that it creates or rather designs potency out of its inner conflicts and apparent disunities That which we describe as an identifiable American identity is actually the product of highly vulnerable alternating processes of dissolution and self affirmation

Seasoned to the Country: Slavery in the Life of Benjamin Franklin Marilyn Wise, 2013-01-10 Seasoned to the Country brings together the details of slavery in the life of one of the most famous founding fathers Benjamin Franklin Franklin started life as a poor boy receiving only two years of education before starting to work at age ten When he opened his print shop he hired an indentured servant and advertised slaves for sale and runaway servants and slaves for capture After he became married he adopted the local practice of relying on slave labor in his home By the end of his life Franklin contributed funds to establish the first all black church in Pennsylvania and established a loan program for young businessmen which was not limited to whites The story of Franklin's struggle with slavery illuminates the national character and provides a good comparison with Southern political leaders in the colonial period The book includes a section on slave exploitation and genocidal mentality a selected annotated bibliography of slavery in the North and slave narratives and a list of black appearances uprisings laws and codes from 1513 to 1865

Freedom's Delay Allen Carden, 2014-07-30 The Declaration of Independence proclaimed freedom for Americans from the domination of Great Britain yet for millions of African Americans caught up in a brutal system of racially based slavery freedom would be denied for ninety additional years until the ratification of the Thirteenth Amendment to the U S Constitution Freedom's Delay America's Struggle for Emancipation 1776 1865 probes the slow painful yet ultimately successful crusade to end slavery throughout the nation

North and South This work fills an important gap in the literature of slavery's demise Unlike other authors who focus largely on specific time periods or regional areas Allen Carden presents a thematically structured national synthesis of emancipation Freedom's Delay offers a comprehensive and unique overview of the process of manumission commencing in 1776 when slavery was a national institution not just the southern experience known historically by most Americans In this volume the entire country is examined and major emancipatory efforts political literary legal moral and social made by black and white free and enslaved individuals are documented over the years from independence through the ratification of the Thirteenth Amendment Freedom's Delay dispels many of the myths about slavery and abolition including that racial servitude was of little consequence in the North and where it did exist it ended quickly and easily that abolition was a white man's cause and blacks were passive recipients of liberty that the South seceded primarily to protect states rights not slavery and that the North fought the Civil War primarily to end the subjugation of African Americans By putting these misunderstandings aside this book reveals what actually transpired in the fight for human rights during this critical era Carden's inclusion of a cogent preface and epilogue assures that Freedom's Delay will find a significant place in the literature of American slavery and freedom With a compelling preface and epilogue notes illustrations and tables and a detailed bibliography this volume will be of great value not only in courses on American history and African American history but also to the general reading public Allen Carden is professor of history at Fresno Pacific University in Fresno California He is the author of Puritan Christianity in America Religion and Life in Seventeenth Century Massachusetts

Bodily Evidence Geneva Cobb Moore, 2020-04-30 The first African American to win the Nobel Prize in Literature Toni Morrison is one of the most celebrated women writers in the world In Bodily Evidence Racism Slavery and Maternal Power in the Novels of Toni Morrison Geneva Cobb Moore explores how Morrison uses parody and pastiche semiotics and metaphors and allegory to portray black life in the United States teaching untaught history to liberate Americans In this short and accessible book originally published as part of Moore's Maternal Metaphors of Power in African American Women's Literature she covers each of Morrison's novels from The Bluest Eye to Beloved to God Help the Child With a new introduction and added coverage of Morrison's final book The Source of Self-Regard Selected Essays Speeches and Meditations Bodily Evidence is essential reading for scholars students and readers of Morrison's novels

The Punishment Monopoly Pem Davidson Buck, 2019-11-22 Examines the roots of white supremacy and mass incarceration from the vantage point of history Why asks Pem Davidson Buck is punishment so central to the functioning of the United States a country proclaiming liberty and justice for all The Punishment Monopoly challenges our everyday understanding of American history focusing on the constructions of race class and gender upon which the United States was built and which still support racial capitalism and the carceral state After all Buck writes a state to be a state has to punish bottom line that is what a state and the force it controls is for Using stories of her European ancestors who arrived in colonial Virginia in the seventeenth and eighteenth centuries and following their descendants into the early nineteenth

century Buck shows how struggles over the right to punish backed by the growing power of the state governed by a white elite made possible the dispossession of Africans Native Americans and poor whites Those struggles led to the creation of the low wage working classes that capitalism requires locked in by a metastasizing white supremacy that Buck s ancestors with many others defined as white helped establish and manipulate Examining those foundational struggles illuminates some of the most contentious issues of the twenty first century the exploitation and detention of immigrants mass incarceration as a central institution Islamophobia white privilege judicial and extra judicial killings of people of color and some poor whites The Punishment Monopoly makes it clear that none of these injustices was accidental or inevitable that shifting our state sanctioned understandings of history is a step toward liberating us from its control of the present *Ireland, slavery and the Caribbean* Finola O'Kane,Ciarán O'Neill,2023-03-07 Ireland slavery and the Caribbean is a complex and ground breaking collection of essays Grounded in history it integrates perspectives from art historians architectural and landscape historians and literary scholars to produce a genuinely interdisciplinary collection that spans from 1620 1830 the high point of European colonialism By exploring imperial national and familial relationships from their building blocks of plantation migration property and trade it finds new ways to re create and question how slavery made the Atlantic world Language Contact in Africa and the African Diaspora in the Americas Cecelia Cutler,Zvezdana Vrzić,Philipp Angermeyer,2017-07-12 Language Contact in Africa and the African Diaspora in the Americas brings together the original research of nineteen leading scholars on language contact and pidgin creole genesis In recent decades increasing attention has been paid to the role of historical cultural and demographic factors in language contact situations John Victor Singler s body of work a model of what such a research paradigm should look like strikes a careful balance between sociohistorical and linguistic analysis The case studies in this volume present investigations into the sociohistorical matrix of language contact and critical insights into the sociolinguistic consequences of language contact within Africa and the African Diaspora Additionally they contribute to ongoing debates about pidgin creole genesis and language contact by examining and comparing analyses and linguistic outcomes of particular sociohistorical and cultural contexts and considering less studied factors such as speaker agency and identity in the emergence nativization and stabilization of contact varieties
