The Oxford Handbook of White-Collar Crime
Shanna R. Van Slyke, Michael L. Benson, Francis T. Cullen, 2016-03-01

Although white collar crime has caused a substantial amount of damage on both the individual and societal levels, it often ranks below street crime as a matter of public concern. Thus, white collar crime remains an ambiguous and even controversial topic among academics with a relative dearth of scholarly focus on the issue. The Oxford Handbook of White Collar Crime offers a comprehensive treatment of the most up-to-date theories and research regarding white collar crime. Contributors tackle a vast range of topics, including the impact of white collar crime, the contexts in which white collar crime occurs, current crime policies and debates, and examinations of the criminals themselves. The volume concludes with a set of essays that discuss potential responses for controlling white collar crime as well as promising new avenues for future research. Uniting conceptual theories, empirical research, and ethnographic data, the Handbook provides the first unified analytic framework on white collar crime. Given the astronomical aggregate losses to victims, building a more nuanced understanding of the dynamics of white collar crime is a topic of immediate social concern. The definitive resource on white collar crime, this Handbook will be a valuable resource for developing both intellectual and policy-related solutions.

The Handbook of White-Collar Crime Melissa L. Rorie, 2019-09-13

A comprehensive and state-of-the-art overview from internationally recognized experts on white collar crime covering a broad range of topics from many perspectives. Law enforcement professionals and criminal justice scholars have debated the most appropriate definition of white collar crime ever since Edwin Sutherland first coined the phrase in his speech to the American Sociological Society in 1939. The conceptual ambiguity surrounding the term has challenged efforts to construct a body of science that meaningfully informs policy and theory. The Handbook of White Collar Crime is a unique re-framing of traditional discussions that discusses common topics of white collar crime: who the offenders are, who the victims are, how these crimes are punished, theoretical explanations, while exploring how the choice of one definition over another affects research and scholarship on the subject. Providing a one-volume overview of research on white collar crime, this book presents diverse perspectives from an international team of both established and newer scholars that review theory, policy, and empirical work on a broad range of topics. Chapters explore the extent and cost of white collar crimes, individual as well as organizational

and macro level theories of crime law enforcement roles in prevention and intervention crimes in Africa and South America the influence of technology and globalization and more This important resource Explores diverse implications for future theory policy and research on current and emerging issues in the field Clarifies distinct characteristics of specific types of offences within the general archetype of white collar crime Includes chapters written by researchers from countries commonly underrepresented in the field Examines the real world impact of ambiguous definitions of white collar crime on prevention investigation and punishment Offers critical examination of how definitional decisions steer the direction of criminological scholarship Accessible to readers at the undergraduate level yet equally relevant for experienced practitioners academics and researchers The Handbook of White Collar Crime is an innovative substantial contribution to contemporary scholarship in the field White-Collar Crime Brian K. Payne,2016-06-20 The thoroughly updated Second Edition of White Collar Crime The Essentials continues to be a comprehensive yet concise resource addressing the most important topics students need to know about white collar crime Author Brian K Payne provides a theoretical framework and context for students that explores such timely topics as crimes by workers sales oriented systems crimes in the health care system crimes by criminal justice professionals and politicians crimes in the educational system crimes in economic and technological systems corporate crime environmental crime and more This easy to read teaching tool is a valuable resource for any course that covers white collar crime **White Collar Crime** Mary A. Vance,1983 White-Collar Crime Brian K. Payne,2011-11-04 White Collar Crime A Text Reader part of the text reader series in criminology and criminal justice incorporates contemporary and classic readings some including policy implications accompanied by original text that provides a theoretical framework and context for students The comprehensive coverage of the book includes crimes by workers sales oriented systems crimes in the health care system crimes by criminal justice professionals and politicians crimes in the educational system crimes in the economic and technological systems crimes by employees in the housing industry corporate crime environmental crime explanations of white collar crime the police and court responses to white collar crime and the corrections sub system and white collar crime Features of the book include key points in focus box inserts discussion questions section summaries and photos

Ignite the flame of optimism with Crafted by is motivational masterpiece, **White Collar Crime Oxford Bibliographies Online Research Guide Oxford Bibliographies Online Research Guides** .
