Vodou Love Magic Kenaz Filan, 2009-01-26 A working guide on how to find love and sexual fulfillment by working with the lwa, the spirits of Haitian Vodou. The first book on wanga love magic by an actual Vodou initiate. Provides spells and spirit work for many different problems associated with affairs of the heart. Spells included are detailed and easy to follow. Haitian Vodou, like other folk traditions, is an eminently practical craft. Vodou practitioners see their relationship with the lwa, the spirits honored in Haitian Vodou, as mutually beneficial rather than one-sided. In return for sincere offerings, the lwa are happy to provide protection and support in dealing with life's problems, which more often than not concern love. In Vodou Love Magic, Kenaz Filan details the myriad aspects of love and sex governed by the different lwa and explains what services each can provide in attaining fulfilling relationships and who will likely offer the best wisdom for your needs. If you are having trouble meeting people, Legba's Opening the Door spell can resolve this difficulty. If you wish more fire in a relationship, then you should work with the warrior spirit Papa Ogou. Filan presents easy-to-follow instructions for numerous love spells and also reveals how the lwa offer counsel for dealing with ending relationships, toxic behavior patterns like codependency or romantic triangles. Vodou Love Magic does not provide a magic genie who will fulfill every wish, but it does offer access to a team of spirits who can help transform dreams into realities.

Witchcraft, Demonology and Magic Marina Montesano, 2020-05-20 Witchcraft and magic are topics of enduring interest for many reasons. The main one lies in their extraordinary interdisciplinarity: anthropologists, folklorists, historians and more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm.

death or misfortune while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects e g divination and astrology In Western civilization however the witch hunt has set a very peculiar perspective in which diabolical witchcraft the invention of the Sabbat the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft This Special Issue of Religions dedicated to Witchcraft Demonology and Magic features nine articles that deal with four different regions of Europe England Germany Hungary and Italy between Late Medieval and Modern times in different contexts and social milieus Far from pretending to offer a complete picture they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono causality theories investigating a plurality of causes
