Overpaid, Oversexed and Over There David Hepworth,2020-09-17 The Beatles landing in New York in February 1964 was the opening shot in a cultural revolution nobody predicted Suddenly the youth of the richest most powerful nation on earth was trying to emulate the music manners and the modes of a rainy island that had recently fallen on hard times The resulting fusion of American can do and British fuck you didn t just lead to rock and roll s most resonant music It ushered in a golden era when a generation of kids born in ration card Britain who had grown up with their nose pressed against the window of America s plenty were invited to wallow in their big neighbour s largesse It deals with a time when everything that was being done from the Beatles playing Shea Stadium to the Rolling Stones at Altamont from the Who performing their rock opera at the Metropolitan Opera House to David Bowie touching down in the USA for the first time with a couple of gowns in his luggage was being done for the very first time Rock and roll would never be quite so exciting again *Turn! Turn! Turn!* Richie Unterberger,2002 A portrait of folk rock cites its role as a vehicle for musical and social change chronicling its evolution in the 1960s while profiling its major contributors and milestones such as Bob Dylan the Byrds Simon and Garfunkel the Newport Folk Festival and Woodstock Original *John Lennon's Secret* David Stuart Ryan,2013-09-30 The amazing story of the rise of John Lennon s group The Beatles to fame and fortune David Stuart Ryan carried out a great deal of original research into the true background to John speaking to many of the characters who helped form his intense view of the world This was backed up with full access to the files of Time magazine The result is a comprehensive picture of a great artist living at a time of both tumult and awakening The author spoke to many of the key people for John including his formidable Aunt Mimi who brought him up after his mother s marriage hit problems because of the Second World War There is Liverpool DJ Bob Wooler who was perhaps the first to recognise the genius of the Beatles the presciently wrote There will never be another band like the Beatles again That was while they were still just a Cavern club lunchtime band Then you ll meet his first manager Alan Williams who in a most weird and almost preordained way arranged for the unknown group to take up a prestige residency in Hamburg an engagement that was to transform them from a run of the mill provincial group into a world beating combination of individual talents The seething contradictions of a red light district in early post war Germany where just about anything went were the forcing ground for an entirely new kind of music There are many secrets and surprises associated with John Lennon s early troubled life that are hinted at but never fully revealed in many of his songs and hits John Lennon s Secret reveals these to you one by one Strawberry Fields was a Salvation Army run home for abandoned children which lay just behind his aunt s house Feeling himself abandoned it had many associations for him it was

where he could be himself no wonder it is the subject of his most outstanding and haunting song All through this fast moving examination of the life of John Lennon you discover sides to him that are little known even by those who grew up with him such as Paul McCartney There are more revelations about what exactly the relationship was with his musical partner and the secrets they shared that made them such a formidable team As the myth of the Beatles continues to thrive and grow it is time for you to find out what really went on in the formation of a band who captured the wonder and amazement of the whole world There are more than 20 original photographs in the book to take you behind the scenes and chart the rise of the super group to mega stardom and its ways Even if you thought you knew the story prepare for surprises and smiles on every page of John Lennon s Secret This really is the true version of events that shook the musical world Review from the Mail on Sunday WHIZZY WORLD OF JOHN LENNON This weird wild and generally whizzy examination of Lennon s life loves lyrics and old laundry lists is a whole lot of fun Good photos too One of the first biographies to appear still proved to be the most accurate about both John Lennon and the extraordinary phenomenon that was The Beatles
