our joys our tragedies our daily humdrum to weave a pattern of divine providence and meaning *Has Christianity Failed You?* Ravi Zacharias, 2010-07-06 In 2006 Ravi Zacharias International Ministries RZIM held an open forum at the Fox Theater in Atlanta to address the subject *Has Christianity Failed You* Tickets were sold for the event and to the complete surprise of everyone the event was sold out with a capacity crowd of over 5 000 People lined up offering to buy tickets from folks in line for higher prices Before the event an RZIM cameraman walked the streets and asked people if they had rejected the faith they held at one time One answered that because of a Christian s rejection of his gay lifestyle he had done just that Another answered that she had left her faith because she had fallen into adultery and could never live it down in the church Others had their own reasons Some said it was just intellectually untenable in an age of reason They chose to come to the event to judge if there were adequate answers It is estimated that for every one person who writes a letter or attends an event there are one thousand who agree If the Atlanta crowd was any indication the question is real and troubling Why is it that many live with silent doubt many leaving the evangelical fold for something else Is there something wrong with the message the communicator the hearer or is it all three It s time to ask the hard questions of what it means to be a follower of Jesus Christ and why it seems as though God has made it so hard to continue believing In fact the son of a prominent US Senator phoned me with that very question Why has God made it so hard to believe in Him Such skepticism is not just representative of the hostile it also represents many honest questioners This book attempts to lay out the response to those within as well as those outside the Christian faith so as to understand what it is we believe and why it is so hard to do so More to the point Why it is actually so hard to deny God and still make sense out of life In the end the answers should be both felt and real with the added truth that God is nearer than you think He desires that we sense Him very near to us and not distant But closeness comes at a cost just as any relationship of love and commitment does Who Made God? Ravi Zacharias, Norman L. Geisler, 2003 This reference tool on faith presents a summary of accessible answers to over 100 commonly raised apologetic questions **World Religions and Cults 101** Bruce Bickel, Stan Jantz, 2005-03-01 Why are there so many religions Do they basically teach the same thing Bruce and Stan address these questions and more as they take a close look at some of the world s major religions and belief systems From Islam to Jehovah s Witnesses and from New Age Spirituality to Atheism Darwinism and Naturalism *World Religions and Cults 101* features key teachings of each religion quick glance belief charts brief biographies of leaders study questions for group or individual use suggested reading Readers will also discover why spiritual searching is universal how each religion compares to Christianity the characteristics of cults and what makes Christianity unique Formerly titled *Bruce Stan s Guide to Cults Religions and Spiritual Beliefs* *Beyond Opinion* Ravi Zacharias, 2010-01-10 A definitive master work from the world s leading Christian apologist Respected apologist Ravi Zacharias was once sharing his faith with a Hindu when the man asked If the Christian faith is truly supernatural why is it not more evident in the lives of so many Christians I know The question hit hard and this book is an answer Its purpose is to

equip Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion In addition to writing several chapters himself Ravi Zacharias brings together many of today s leading apologists and Christian teachers including Alister McGrath and John Lennox to address topics present in the very future of worldwide Christianity from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam Destined to become a classic *Beyond Opinion* is a touchstone that will affect Christians around the world

Stepping Stones to Christianity Peter S. Williams, 2025-10-17 *Stepping Stones to Christianity* introduces a rational case for Christianity in three steps starting with scientific arguments for design in cosmology and biology moving on to philosophical arguments for the existence of God and closing with an overview of the evidence for a Christian understanding of the historical Jesus in the context of competing contemporary worldviews By bringing together revised and expanded versions of materials written to introduce three of the author s Essays on books with Wipf Stock *Stepping Stones to Christianity* equips readers to consider the case for design in nature to investigate philosophical arguments for God and to wrestle with the identity of Jesus
