Whos Stupid Now Diagnosis Bipolar:

Who's Stupid Now? Diagnosis: Bipolar A. Toni Le Boss, 2014-12-10 When I first became diagnosed with severe manic depression I knew my life would never be the same When you are on medication for this illness you must take it the rest of your life I would not be able to have my own child because of the risk it would be deformed This was devastating to me Of course there was always adoption but this was not an option for me Perhaps if I married someone with children then they would become mine too This was not something I had to consider at the present time I had to find a positive path to making my life worthwhile I was single and alone My friends and family did not understand what I was going through The confusion the suffering the day to day anxiety the endless sadness and the isolation were too painful for anyone to imagine Then when I was in my manic stage I was euphoric I would go on shopping sprees plan expensive vacations buy gifts for all my friends My credit card debt exceeded my yearly income After ten years of psychiatric help hospitalization psychotherapy shock treatments group therapy and a myriad of pills I was stable Then it was up to me to take advantage of every opportunity that came my way I worked hard to find a good job and purpose in my life I realized that material things did not matter as much as the friends and family I surrounded myself with Even with mental illness life is a gift to be cherished every day

A Bipolar's Journey Vijay Nallawala, 2015-07-16 It was only when the author was diagnosed as a bipolar in 2003 leading to his hospitalization that he first heard about this serious mental illness From being comfortably perched as a successful entrepreneur he was abruptly flung into terrifying unknown territory Extreme mood swings from manic highs to desperate lows made life miserable The awareness about this chronic debilitating condition was almost nonexistent in India back then and the stigma stifling Disturbingly the situation remains largely unchanged unlike developed countries where support groups thrive Where there is iron willed determination the biggest of challenges can be surmounted The unstinted support of his family close friends mentors and medical team helped him in his arduous climb Medical treatment needs to be supplemented by a healing regimen Resolutely he made yoga meditation and spiritual advancement an intrinsic part of his life This cathartic journey ended up freeing him An inspiring story of resilience his is a rare voice of hope from the East trying to reach out to millions of his community saying Yes A bipolar too can lead a normal and happy life A Bipolar's Journey may well help you walk away From Torment to Fulfillment So let's walk together

Lacan and Addiction Yael Goldman Baldwin, 2018-05-08 With chapters from Rik Loose Fabian Naparstek Patricia Gherovici Bruce Fink Thomas Svolos and many others the anthology is for people interested in the topic of addictions or in Lacanian psychoanalysis and especially for those interested in how the two intersect Lacan and Addiction is based on papers presented at a 2006 conference where Lacanians from around the world gathered to speak about addictions Conference participants explored the complexity of the problem for the individual society clinicians and for treatment In the current climate where addiction is mostly treated by variations of twelve step approaches and psychopharmacological countermeasures it is all too easy to lose sight of the dimensions of addiction that render it not just a disease to be managed but rather a significant form of human suffering and a subjective responsibility both of which are critical components of addiction treatment More and more addiction treatment is turning away from psychological and psychoanalytic theorization and towards psychopharmacological measures this anthology attempts to rectify that situation

McIntyre,2021-04-08 The mind excited with blazes of fiery thoughts flashes forth wonders of amazement far past the imaginable somewhere in the far out extremes beyond non existence somewhere God is frightened to wander around I have seen him tip toe across the stars and stroll around in the sky like he owned them And command the lightning where to strike His powers of wonderment cause hysterical raptures of ecstasy He can transport a man's mind from reality into oblivion His frenzied mind teeters on the brink of infinity his thinking is so complex he had to invent new words to explain them He can force the trumpets of the seventh heavenly plague to blast before their appointed time and confuse the armies in heaven to where they do not know whose command to follow Lightning and voices and thunders exist only by his permission He commands the powers in heaven the angels fall at his feet the sun no longer sheds light and the moon turns to blood and the stars fall from the sky Who is this The Almighty The Only Begotten or the Third in Command no though some think so this is the author Ron McIntyre The Privileged Addict Charles A. of disbelief in God but rather trying to see a loving God through the haze of depression and the loneliness of celibacy Through her ensuing struggles she learned to cope in whatever ways she could often turning to a razor blade for comfort Writing became one of the best outlets for her pain and perhaps the most positive coping method she has learned to date The Chaos of My Mind is composed of three years of those inspiring journals But be warned in order to appreciate the light at the end of the tunnel for what it is you have to also see the darkness the all encompassing hopelessness that comes before
