Comprehending Christian Zionism Göran Gunner ,Robert O. Smith, 2014-10-01 The question of the Christian Zionism the religious and political support of the state of Israel is fiercely debated within theology and the church as well as in the wider political and social arenas Examination of the issue is however highly relevant and crucial as it cuts across a wide array of constitutive features and beliefs of Christian life from interpretation of scripture to religious and political ethics *Comprehending Christian Zionism* brings together an international consortium of scholars and researchers to reflect on the network of issues and topics surrounding this critical subject these essays are the fruit of several years of collaboration by the special working group on Christian Zionism The volume includes essays from Christian scholars around the globe as well as Jewish and Palestinian contributors to provide interfaith contextual dialogue Taken together the volume provides a lens on the history of Zionism within Christian theology from a variety of locations and perspectives and offers a constructive multidimensional path for assessment and introspection around the meaning of Zionism to Christian faith and practice

Joining in with the Spirit Kirsteen Kim, 2013-01-08 Presents an introduction to mission studies the history theology and issues of mission This book also offers a theological framework for mission which applies both globally and locally to help the reader discern the movement of the Spirit of Christ among the many other spirits of this world

The Missiology behind the Story Jonathan Andrews, 2019-04-30 In the twenty first century the Middle East and North Africa MENA region has faced many challenges conflict changes of governments terrorism trauma yet new opportunities have opened up for local churches to demonstrate the love of God and bless their

communities This book provides a fresh look at the theology driving Christian mission and at emerging ministry models by addressing ten aspects of missio Dei in the Middle Eastern context Subjects such as church planting discipleship media and peace building are introduced with their historical background and contemporary stories and case studies of transformative work in the MENA region As the book examines these topics we see how mission in the Middle East is no longer from the West to the rest but is now characterized as from everywhere to everywhere All Christians will find in these contributions important biblical principles for their own context to follow Jesus Christ and bear witness to him Readers are also reminded that hardship does not have to be an obstacle to the church living out the mission of God as salt and light and there is much the global church can learn from the activities of Christians in MENA countries While each chapter in this book focuses on a particular aspect of mission churches must be holistic in transforming lives and to this end societies and this book is a gift from the MENA church to the rest of the body of Christ

The Hermeneutics of Social Identity in Luke-Acts Nickolas A. Fox, 2021-03-15 Luke Acts presents a vision of the kingdom of God and the early church in a program of decentralization that is a movement away from the centralized power structures of Judaism Decentralization of the temple land purity laws and even the people that seem to possess the power early in Acts i e Peter and the other apostles makes room for a move of radical inclusion Luke demonstrates the Holy Spirit as the prime initiator of outward expansion of the kingdom of God radically including and welcoming God fearers gentiles an Ethiopian eunuch and more Fox argues that Luke

Acts is purposed to create social identity in God fearing readers using the rhetorical tools of the first century to communicate prescribed beliefs and norms promise and fulfillment and prototypes and exemplars Each of these elements is examined and traced through Luke's two volume work **Whose Promised Lands?** Allen Dulles, James Paul Warburg, Richard Harry Hart, Samuel Van Valkenburg, Vera Michele Dean, 1946 A Palestinian Christian Cry for Reconciliation Naim Stifan Ateek, 2008 From the text The background is clear Jerusalem has been conquered and re-conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel's eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel's aggression and from the use of suicide bombers by Palestinians The second part of the book draws on scripture lifting up biblical figures such as Samson Jonah Daniel and Jesus as it examines issues of ownership of the land In the final section Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine BOOK JACKET The Case for Zionism Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day *Evangelical Christian Responses to Islam* Richard McCallum, 2024-02-08 Do Christians and Muslims worship the same God Who was Muhammad How does the Israeli Palestinian conflict affect Christian Muslim relations This is a book about Evangelical Christians and how they are answering challenging questions about Islam Drawing on over 300 texts published by Evangelicals in the first two decades of the twenty first century this book explores what the Evangelical micro public sphere has to say about key issues in Christian Muslim relations today From the books they write the blogs they post and the videos they make it is clear that Evangelical Christians profoundly disagree with one another when discussing Islam Answers to the questions range from seeing Muslims as the enemy posing an existential threat to Christians through to welcoming them as good neighbours or even as close cousins Introduction to Biblical Interpretation William W.

Klein, Craig L. Blomberg, Robert L. Hubbard, Jr., 2017-03-28 Introduction to Biblical Interpretation now in its third edition is a classic hermeneutics textbook that sets forth concise logical and practical guidelines for discovering the truth in God's Word. With updates and revisions throughout that keep pace with current scholarship, this book offers students the best and most up-to-date information needed to interpret Scripture. Introduction to Biblical Interpretation defines and describes hermeneutics, the science of biblical interpretation. It suggests effective methods to understand the meaning of the biblical text, surveys the literary, cultural, social, and historical issues that impact any text, evaluates both traditional and modern approaches to Bible interpretation, examines the reader's role as an interpreter of the text and helps identify what the reader brings to the text that could distort its message. It tackles the problem of how to apply the Bible in valid and significant ways today. Provides an extensive and revised annotated list of books that readers will find helpful in the practice of biblical interpretation. Used in college and seminary classrooms around the world, this volume is a trusted and valuable tool for students and other readers who desire to understand and apply the Bible.

A Short History of Christian Zionism Donald M. Lewis, 2021-08-31 Christian Zionism influences global politics, especially U.S. foreign policy and has deeply affected Jewish-Christian and Muslim-Christian relations. With a fair-minded longitudinal study of this dynamic yet controversial movement, Donald M. Lewis traces its lineage from biblical sources through the Reformation to various movements of today.

The Apocalypse Code Hank Hanegraaff, 2010-09-20 Hank Hanegraaff reveals the code to Revelation. Breaking the code of the book of Revelation has become an international obsession. The result, according to Hank Hanegraaff, has been rampant misreading of Scripture, bad theology, and even bad politics and foreign policy. Hanegraaff argues that the key to understanding the last book of the Bible is the other sixty-five books of the Bible, not current events or recent history, and certainly not any complicated charts. The Apocalypse Code offers sane answers to some very controversial questions: What does it mean to take the book of Revelation and the rest of the Bible literally? Who are the Antichrist and the Great Whore of Babylon, and what is the real meaning of 666? How does our view of the end times change the way we think about the crisis in the Middle East? Are two-thirds of all Jews really headed for an apocalyptic holocaust? The Apocalypse Code is a call to understand what the Bible really says about the end times and why how we understand it matters so much in today's world. Provocative and passionate, this fascinating book is a must-read for everyone who's interested in end-times controversies.

Lee Strobel, Author, *The Case for the Real Jesus* This book is a withering and unrelenting critique of the positions of apocalyptic enthusiasts. Tim LaHaye Every fan of the Left Behind series should read this book. The fog will clear and common sense will return to our reading of the Bible.

Understanding the Arab-Israeli Conflict Michael Rydelnik, 2008-09-01 Michael Rydelnik professor of Jewish studies at Moody Bible Institute goes beyond the media images for an in depth biblically grounded look at the crisis that never ends the conflict between the Israelis and the Arabs Dr Rydelnik explores such questions as Will the violence ever stop Who really has a right to the land How did it all start and where will it all end This revised and updated edition includes a new chapter that looks at the events that brought the end to the Terror War in 2004 discusses the change of leadership in the Israeli government and examines the conflict within the Palestinian government following the surprise election victory of the terrorist group Hamas Holy Land, Whose Land? Dorothy Weitz Drummond, 2004 Holy Land Whose Land examines how the land sacred to three world religions has become a cauldron of conflict struggling with the continual intrusion of the past upon the present The book traverses the region's history from Abraham to Arafat focusing on the interface of Judaism Christianity and Islam and on the issues that today place the Holy Land in the vortex of world affairs **Christian Zionism in Africa** Cynthia Holder Rich, 2021-01-06 Christian Zionism a movement based on the belief that support of Israel and

Israeli ownership of and residence in Jerusalem is a prerequisite for Christ's return has been a significant substratum within theologies and ecclesiologies of many churches in the US and Europe for centuries. Since the 1970s US-based Christian Zionism organizations encouraged by and collaborating with the Israeli government have used a significant amount of resources to spread the movement into other regions of the world including Africa. In many African countries Christian Zionism combines perniciously with Prosperity Gospel preaching interpreting Genesis 12:3 as a divine map to gain blessings material and otherwise through complete and uncritical support for the modern-day State of Israel. Many African governments have come to understand that this support is lucrative and coercive. African officials working with Israel learn that openly supporting Palestine will result in their partnerships with Israel being discontinued. Contributors to this interdisciplinary volume analyze the meaning and ramifications of the emergence of Christian Zionist ideologies in Africa and its churches in interfaith work in politics in law and in the use and abuse of power between peoples of different races histories economic strength and influence on the international stage.
