Why I Am a Salafi Michael Muhammad Knight, 2015-08-01 The Salafi movement invests supreme Islamic authority in the precedents of the Salaf the first three generations of Muslims who represent a Golden Age from which all subsequent eras can only decline In *Why I Am a Salafi* Michael Muhammad Knight confronts the problem of origins questioning the possibility of accessing pure Islam through its canonical texts *Why I Am a Salafi* is also a confrontation of Knight's own origins as a Muslim Reconsidering Salafism Knight explores the historical processes that informed Islam as he once knew it having converted to a Salafi vision of Islam in 1994 In the decades since he has drifted away from Salafism in favor of an alternative Islam that celebrates the freaks misfits and heretical innovators What happens to Islam when everything's up for grabs and can anything go Islam allow space for reputedly intolerant Salafism In *Why I Am a Salafi* Knight explores not only Salafism's valorization of the origins but takes the Salafi project further than its advocates are willing to go and reflects upon the consequences of surrendering the origins forever

Why I Am a Five Percenter Michael Muhammad Knight, 2011-10-13 A thoughtful insider view of The Five Percenters a deeply complex and misunderstood community whose ideas and symbols influenced the rise of hip hop Misrepresented in the media as a black parallel to the Hell s Angels portrayed as everything from a vicious street gang to quasi Islamic revolutionaries The Five Percenters are a movement that began as a breakaway sect from the Nation of Islam NOI in 1960s Harlem and went on to impact the formation of hip hop References to Five Percent language and ideas are found in the lyrics of wide ranging artists such as Nas Rakim the Wu Tang Clan and even Jay Z The Five Percenters are denounced by white America as racists and orthodox Islam as heretics for teaching that the black man is Allah Michael Muhammad Knight the Hunter S Thompson of Islamic literature The Guardian has engaged this culture as both white and Muslim and over the course of his relationship with The Five Percenters his personal position changed from that of an outsider to an accepted participant with his own initiatory name Azreal Wisdom This has given him an intimate perch from which to understand and examine the controversial doctrines of this influential movement In Why I Am a Five Percenter Knight strips away years of sensationalism to offer a serious encounter with Five Percenter thought Encoded within Five Percent culture is a profound critique of organized religion from which the movement derives its name Only Five Percent can act as poor righteous teachers against the evil Ten Percent the power structure which uses religion to deceive the Eighty Five Percent the deaf dumb and blind masses Questioning his own relationship to the Five Percent Knight directly confronts the community s most difficult teachings In Why I Am a Five Percenter Knight not only illuminates a thought system that must appear bizarre to outsiders but he also brilliantly dissects the very issues of insiders and outsiders territory and ownership as they relate to religion and privilege and to our conditioned ideas about race

Twilight of the Saints Stéphane Lacroix, 2025-08-05 In scarcely a century Salafism has transformed Sunni Islam Claiming to be a revival of the purest form of Islam this movement promotes ultraconservative social and religious norms and rejects all non Sunni religious groups In Egypt its influence has grown to the point of reshaping mainstream conceptions of the faith How did such a deep religious transformation sweep through Egypt so rapidly What is the significance of Salafism for the country s political scene both before and after Hosni Mubarak fell from power in 2011 Twilight of the Saints examines the history of Salafism in Egypt from its 1920s emergence in Cairo s scholarly circles through the present day shedding new light on the movement s shifting relationship to politics Drawing on extensive fieldwork and interviews St phane Lacroix illustrates how Salafism redefined what it means to be Muslim for Egyptians He emphasizes the factors that distinguish the Salafis from the Muslim Brotherhood despite their parallel trajectories The Salafis who initially shunned oppositional politics were looked upon more favorably by the authorities who perceived a greater threat from their Islamist counterparts Lacroix explores how Salafism influenced the dynamics of the 2011 revolution and the democratic transition that ended with the army s takeover of the country as well as

how it has fared since *Twilight of the Saints* offers an in depth authoritative understanding of the relationship of Salafism politics and authoritarianism in Egypt with significant implications for the wider Muslim world **Brother Tariq** Caroline Fourest,2008 As the grandson of Hassan al Banna founder of the Muslim Brotherhood Tariq Ramadan enjoys a certain status in Islamic circles as a kind of ambassador for his grandfather s brand of political Islam This book dissects the public pronouncements of Tariq Ramadan *Islam, Politics, Anthropology* Filippo Osella,Benjamin Soares,2010-01-26 Part of The Journal of the Royal Anthropological Institute Special Issue Book Series Islam Politics Anthropology offers critical reflections on past and current studies of Islam and politics in anthropology and charts new analytical approaches to examining Islam in the post 9 11 world Challenges current and past approaches to the study of Islam and Muslim politics in anthropology Offers a critical comprehensive review of past and current literature on the subject Presents innovative ethnographic description and analysis of everyday Muslim politics in Asia Africa the Middle East and North America Proposes new analytical approaches to the study of Islam and Muslim politics *Egypt's Identities in Conflict* Girgis Naiem,2018-01-25 Egypt s lack of a common national identity is the basis for much of its internal conflict Coptic Christians have been particularly affected Once major contributors to Christian civilization their influence ended with the fifth century Council of Chalcedon and they endured persecution With the seventh century Arabization of Egypt Copts were given dhimma or protected persons status The 1919 Revolution granted them greater political participation but the 1952 Revolution ended liberal democracy and established a military regime that championed Arab identity Secular Egyptians rebelled against the Mubarak regime in 2011 yet his successor was the Muslim Brotherhood s Mohamed Morsi Egypt s first Islamist president In yet another revolution over national identity secular factions ousted Morsi in 2013 while in the chaos that followed the Copts suffered the brunt of violence Peripheral Visions Lisa Wedeen,2008-10 The government of Yemen unified since 1990 remains largely incapable of controlling violence or providing goods and services to its population but the regime continues to endure despite its fragility and peripheral location in the global political and economic order Revealing what holds Yemen together in such tenuous circumstances this book shows how citizens form national attachments even in the absence of strong state institutions It argues that national solidarity in such weak states tends to arise not from attachments to institutions but through both extraordinary events and the ordinary activities of everyday life Yemenis for example regularly gather to chew qat a leafy drug similar to caffeine as they engage in wide ranging and sometimes influential public discussions of even the most divisive political and social issues These lively debates exemplify the contention that democratic national and pious solidarities work as ongoing performative practices that enact and reproduce a citizenry s shared points of reference

Dilemmas of Authenticity Zaid Adhami,2025-05-07 The past two decades have witnessed pervasive anxieties in US Muslim communities around a perceived crisis of faith As Zaid Adhami argues in this richly textured ethnography these concerns are fundamentally about the pressures and dilemmas of authenticity what it really means to be a Muslim While

discussions about authenticity in Islam typically focus on maintaining tradition and competing claims to true Islam Adhami focuses instead on the powerful idea of being true to one's own self and what it means to have genuine belief Drawing on extensive conversations with American Muslims and careful readings of broader communal discourse Adhami shows that this drive for personal authenticity plays out in complicated ways It can produce deep doubt while also serving as the grounds to affirm tradition It can converge with revivalist modes of piety but it can also prompt emphatic challenges to communal orthodoxies Through vivid storytelling and sensitive analysis Adhami illuminates why religious doubt is often a source of intense anxiety in today's world and how people maintain their faith despite such unsettling uncertainty

Why the West Fears Islam J. Cesari, 2013-07-24 Jocelyne Cesari examines the idea that Islam might threaten the core values of the West through testimonies from Muslims in France Germany the United Kingdom the Netherlands and the US Her book is an unprecedented exploration of Muslim religious and political life based on several years of field work in Europe and in the United States

2010, □□□□ **Women, Leadership, and Mosques** Masooda Bano, Hilary E. Kalmbach, 2011-11-25 The acceptance of female leadership in mosques and madrassas is a significant change from much historical practice signalling the mainstream acceptance of some form of female Islamic authority in many places This volume investigates the diverse range of female religious leadership present in contemporary Muslim communities in South East and Central Asia the Middle East Africa Europe and North America with chapters discussing its emergence the limitations placed upon it and its wider impact as well as the physical and virtual spaces used by women to establish and consolidate their authority It will be invaluable as a reference text as it is the first to bring together analysis of female Islamic leadership in geographically and ideologically diverse Muslim communities worldwide
