The Idea of the Avant Garde Marc James Léger, 2019-10-15 The concept of the avant garde is highly contested whether one consigns it to history or claims it for present day or future uses The first volume of The Idea of the Avant Garde And What It Means Today provided a lively forum on the kinds of radical art theory and partisan practices that are possible in today s world of global art markets and creative industry entrepreneurialism This second volume presents the work of another 50 artists and writers exploring the diverse ways that avant gardism develops reflexive and experimental combinations of aesthetic and political praxis The manifest strategies temporalities and genealogies of avant garde art and politics are expressed through an international intergenerational and interdisciplinary convocation of ideas that covers the fields of film video architecture visual art art activism literature poetry theatre performance intermedia and music

Communism in the 21st Century Shannon Kurt Brincat, 2013-12-12 A compelling three volume exploration of the philosophical social and political facets of the theory and practice of communism within the conditions of 21st century world politics and late capitalism The world has changed significantly and so has communism This groundbreaking three volume series comprises contributions from over 30 experts that thoroughly address the past present and future of communism The entries assess the modern re articulation of the notion of communism and its potential emergence against the backdrop of recent historical conditions and contemporary world politics taking into account the ongoing global financial crisis recent revolutions throughout the Middle East Occupy protest events and anti globalization movements The first volume reexamines Marx s ideas from many distinct viewpoints while the second volume considers the numerous challenges facing existing communist parties including those in China Cuba North Korea and Vietnam The last volume explores the future of communist thought and practice in the context of the modern world and the recurrent crises of capitalism

Slavoj Žižek and Radical Politics Sean Homer, 2016-05-05 In this book Sean Homer addresses Slavoj i ek s work in a specific political conjuncture his political interventions in the Balkans The charge of inconsistency and contradiction is frequently levelled at i ek s politics a charge he openly embraces in the name of pragmatism Homer argues that his interventions in the Balkans expose the dangers of this pragmatism for the renewal of the Leftist politics that he calls for The book assesses i ek s political interventions in so far as they advance his self proclaimed ruthlessly radical aims about changing the world Homer argues the Balkans can be seen as i ek s symptom that element which does not fit into the system but speaks its truth and reveals what the system cannot acknowledge about itself In Part II Homer explores i ek s radicalism through his critique of Alain Badiou arguing that Badiou s affirmationism provides a firmer grounding for the renewal of the left than i ek s negative gesture analyzed in Part I What distinguishes i ek from the majority of the contemporary Left today is his valorization of

violence Homer tackles this issue head on in relation to political violence in Greece Finally Homer defends the utopian impulse on the radical left against its Lacanian critics *Eleanor Marx* Rachel Holmes,2015-02-24 Unrestrained by convention lionhearted and free Eleanor Marx 1855 98 was an exceptional woman Hers was the first English translation of Flaubert s Madame Bovary She pioneered the theater of Henrik Ibsen She was the first woman to lead the British dock workers and gas workers trade unions For years she worked tirelessly for her father Karl Marx as personal secretary and researcher Later she edited many of his key political works and laid the foundations for his biography But foremost among her achievements was her pioneering feminism For her gender equality was a necessary precondition for a just society and she crusaded for this in Britain and on a celebrated tour across America in 1886 Drawing strength from her family and their wide circle including Friedrich Engels and Wilhelm Liebknecht Eleanor Marx set out into the world to make a difference Her favorite motto Go ahead With her closest friends among them Olive Schreiner Havelock Ellis George Bernard Shaw Will Thorne and William Morris she was at the epicenter of British socialism She was also the only Marx to claim her Jewishness But her life contained a deep sadness She loved a faithless and dishonest man the academic actor and would be playwright Edward Aveling Yet despite the unhappiness he brought her Eleanor Marx never wavered in her political life ceaselessly campaigning and organizing until her untimely end Rachel Holmes has written a dazzling and original portrait of one of the most remarkable women of the nineteenth century **Political Philosophy and Political Action** Adam Burgos,2016-12-12 Political philosophers have long taken inspiration from political movements when crafting their theories which they hoped would address the universal problems of democracy Political Philosophy and Political Action investigates the relationship between political practices of popular resistance and political theory The text demonstrates how the lived experience on political resistance can help us to analyse and interpret theory and also reveals how concrete resistance movements can challenge the ideals of political theory generally It begins by examining the universal aspirations present within the contextual particularities of Black Lives Matter Occupy Wall Street and the Arab Spring Political Philosophy and Political Action then turns to critical examination of Jean Jacques Rousseau Karl Marx John Dewey and Jacques Ranciere using novel interpretations of their philosophies of equality and democracy to construct a conceptual framework More specifically the chapters show how we can analyze resistance movements that incorporate the imperative to resist inequality in the name of democracy The result is a novel means of thinking about important issues in contemporary political philosophy including pluralism oppression and domination and the purposes and meaning of politics How Revolutionary Were the Bourgeois Revolutions? Neil Davidson,2012-07-24 An impressive contribution both to the history of ideas and to political philosophy Alasdair MacIntyre author of After Virtue Once of central importance to left historians and activists alike recently the concept of the bourgeois revolution has come in for sustained criticism from both Marxists and conservatives In this magisterial work Neil Davidson offers theoretical and historical insights about the nature of revolutions Through extensive

research and comprehensive analysis Davidson demonstrates that what is at stake is far from a stale issue for the history books understanding that these struggles of the past offer far reaching lessons for today's radicals A monumental work Neil Davidson has given us what is easily the most comprehensive account yet of the life and times of the concept of bourgeois revolution and has also provided us with a refined set of theoretical tools for understanding the often complex interactions between political revolutions which overturn state institutions and social revolutions which involve a more thoroughgoing transformation of social relations Colin Mooers author of *The Making of Bourgeois Europe* Davidson's book is one of immense and impressive erudition His knowledge of the history of Marxist theory and historiography is as detailed as it is comprehensive and must be well nigh unrivalled The endless complex debates that characterize the Marxist tradition are distilled with clarity and illumination Times Literary Supplement A brilliant and fascinating book wide ranging and lucidly written Jairus Banaji author of *Theory as History* [Beyond Slavery](#) Chris Gooding,2023-06-05 Is there life beyond slavery In the past twenty years there has been an explosion of research related to human trafficking However very little of it has examined the moral issues that survivors face after they are freed or that aftercare workers face as they help survivors try to live a life outside of bondage And there has been almost nothing written on how the tools of moral and political theology might offer insight for Christians who wish to help survivors live a normal life after enslavement This book hopes to address this gap in the discussion Drawing on over fifty interviews with survivors aftercare workers and human trafficking specialists from his field work in India Chris Gooding confronts difficult questions that arise during rehabilitation Why do so many survivors of trafficking end up walking back into bondage What might life after slavery look like for survivors who helped enslave other people How can we build antislavery coalitions that keep survivors voices at the center Gooding looks at all these questions through the eschatological hope that Christians have that the Messiah will one day break every chain and free all people from all forms of bondage *Revolutionary Aristotelianism and Ideology* Egidijus Mardosas,2024-11-14 How does ideology function and more importantly how can we resist ideological subjugation Egidijus Mardosas answers these questions by applying the philosophical resources of Revolutionary Aristotelianism a recent approach in social philosophy that takes inspiration from the Aristotelian works of Alasdair MacIntyre In particular Mardosas focuses on the Aristotelian and MacIntyrean notions of practical reason and virtue To be a successful practical agent he explains is to reach for genuine human goods and resist all forms of ideological subjection And our virtues are the intellectual and moral powers that can help us in this task Considering which virtues to practise this book examines the qualities of hope truthfulness comradeship courage and justice and uncovers how all the virtues are key in differing ways to sustaining our practical agency in the face of ideological manipulation Bringing together ethics social philosophy and Aristotle via MacIntyre as well as key thinkers from Gramsci to Rehmann *Revolutionary Aristotelianism and Ideology* provides an urgent investigation into the necessity and virtues of social struggle **Theology, Religion, and Dystopia** Scott Donahue-Martens,Brandon Simonson,2022-09-08

Dystopia from the Greek *dus* and *topos* bad place is a revelatory genre and concept that has experienced a meteoric rise in popularity at the start of the twenty first century This book addresses approaches to the study of dystopia from the academic fields of theology and religious studies Following a co written chapter where Scott Donahue Martens and Brandon Simonson argue that dystopia can be understood as demythologized apocalyptic ten unique contributions each engage a work of popular culture such as a book movie or television show Topics across chapters range from the critical function of dystopia social location and identity violence apocalypse and the end of everything sacrifice catharsis and dystopian existentialism This volume responds to the need for theological and religious reflection on dystopia in a world increasingly threatened by climate change pandemics and global war

The Political Economy of Hollywood James McMahon, 2022-02-25 In Hollywood the goals of art and business are entangled Directors writers actors and idealistic producers aspire to make the best films possible These aspirations often interact with the dominant firms that control Hollywood film distribution This control of distribution is crucial as it enables the firms and other large businesses involved such as banks that offer financing to effectively stand between film production and the market This book analyses the power structure of the Hollywood film business and its general modes of behaviour More specifically the work analyses how the largest Hollywood firms attempt to control social creativity such that they can mitigate the financial risks inherent in the art of filmmaking Controlling the ways people make or watch films the book argues is a key element of Hollywood's capitalist power Capitalist power the ability to control modify and sometimes limit social creation through the rights of ownership is the foundation of capital accumulation For the Hollywood film business capitalist power is about the ability of business concerns to set the terms that will shape the future of cinema For the major film distributors of Hollywood these terms include the types of films that will be distributed the number of films that will be distributed and the cinematic alternatives that will be made available to the individual moviegoer Combining theoretical analysis with detailed empirical research on the financial performance of the major Hollywood film companies the book details how Hollywood's capitalist goals have clashed with the aesthetic potentials of cinema and ultimately stymied creativity in the pursuit of limiting risk This sharp critique of the Hollywood machine provides vital reading for students and scholars of political economy political theory film studies and cinema

The Lost World of Socialists at Europe's Margins Maria Todorova, 2020-09-03 Maria Todorova's book is devoted to the golden age of the socialist idea broadly surveying the period in and around the time of the Second International It critically examines the promise for an alternative socialist utopia from 1870 to the 1920s Todorova brings in the experience of the periphery in a comparative context in the belief that the margins can often elucidate better the character of a phenomenon and deprovincialize it from essentialist notions In doing so *The Lost World of Socialists at Europe's Margins* moves beyond the traditional historiographical emphasis on ideology by looking at different intersections or entanglements of spaces generations genders ideas and feelings and different flows of historical time The study provides a social and cultural history

of early socialism in Eastern Europe with an emphasis on Bulgaria arguably the country with the earliest and strongest socialist movement in Southeast Europe and one that had a unique relationship to both German and Russian social democracy Based on a rich prosopographical database of around 3500 biographies of people born in the 19th century the book addresses the interplay of several generations of leftists looking at the specifics of how ideas were generated received transferred and transformed Finally the work investigates the intersection between subjectivity and memory as reflected in a unique cache of archival materials containing over 4000 documentary sources including diaries oral interviews and unpublished memoirs A microhistorical approach to this material allows the reconstruction of structures of feeling that inspired an exceptional group of individuals *The Crisis of Capitalism in the Contemporary Novel* Andrew

Rowcroft,2024-02-16 This book explores the role of radical ideas in contemporary fiction by nine critically acclaimed authors Jonathan Lethem Dana Spiotta China Mieville Thomas Pynchon Rachel Kushner Teddy Wayne Colson Whitehead Jacqueline Woodson and Kim Stanley Robinson All of them share interests in the politics of the left the problems of protracted economic crisis and the potentiality of post capitalist ideas Novels by these authors this book argues are defined by an imperative to confront current anxieties in left thought while at the same time evincing a nuanced degree of self consciousness about the legacy of political radicalisms the costs they accrue and where they have led Christianity, Metaphor, and the Urge to Truth Barry Stephenson,2025-09-22 Christianity Metaphor and the Urge to Truth explores the role of metaphor in Christian thought In it Barry Stephenson challenges the secularized consciousness that often dismisses symbolic thinking delving into foundational Christian concepts such as sin atonement Christology and divine violence through the lens of metaphor theory and philosophical anthropology Drawing on the insights of Hans Blumenberg the book invites readers to reengage with the enduring relevance of religious ideas in a way that transcends rigid literalism offering a nuanced approach to understanding Christianity in the modern world Foundations of Critical Theory Christian Fuchs,2021-09-19 This second volume of

Christian Fuchs Media Communication and Society book series outlines key concepts and contemporary debates in critical theory The book explores the foundations of a Marxist Humanist critical theory of society clarifying and updating key concepts in critical theory such as the dialectic critique alienation class capitalism ideology and racial capitalism In doing so the book engages with and further develops elements from the works of Karl Marx Friedrich Engels Rosa Luxemburg Max Horkheimer Theodor W Adorno Herbert Marcuse David Harvey Michael Hardt Antonio Negri C L R James Adolph L Reed Jr and Cornel West Written for a broad audience of students and scholars this book is an essential guide for readers who are interested in how to think critically from perspectives such as media and communication studies sociology philosophy political economy and political science **Walt Whitman and His Caribbean Interlocutors: José Martí, C.L.R. James, and Pedro Mir** Rafael Bernabe,2021-07-05 Walt Whitman and His Caribbean Interlocutors Jos Mart C L R James and Pedro Mir explores the writings of Whitman 1819 1892 and of three Caribbean authors who engaged with them the Cuban poet

essayist and revolutionary Jos Mart 1853 1895 the Trinidadian activist historian and cultural critic C L R James 1901 1989 and the Dominican poet Pedro Mir 1913 2000 Whitman and his Caribbean interlocutors are discussed against the background of the contradictions of capitalist modernity as exemplified by the United States between the 1840s and the 1940s Marx's exploration of the liberating and oppressive dimensions of capitalist expansion frames the discussion of each author and of Mart's James's and Mir's responses to Whitman and more generally to North American capitalist and industrial civilisation and its imperial projections George Kleine and American Cinema Joel Frykholm, 2015-10-29 George Kleine was a New York City optician who moved to Chicago in 1893 to set up an optical store In 1896 he branched out and began selling motion picture equipment and films Within a few years he became America's largest film distributor and a pivotal figure in the movie business In chronicling the career of this motion picture pioneer including his rapid rise to fame and fortune but also his gradual downfall after 1915 as the era of Hollywood began Joel Frykholm provides an in depth account of the emergence of the motion picture business in the United States and its development throughout the silent era Through the lens of Kleine's fascinating career this book explores how motion pictures gradually transformed from a novelty into an economic and cultural institution central to both American life and an increasingly globalised culture of mass entertainment

Freedom's Progress? Gerard Casey, 2021-10-04 In Freedom's Progress Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in Freedom's Progress who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert Freedom's Progress also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive
