## Why I Am Not A Secularist:

**Why I Am Not a Secularist** William E. Connolly, 1999 Religion's influence in American politics is obvious in recent debates about school prayer, abortion and homosexuality as well as in the success of grassroots religious organizations in mobilizing voters. Many liberal secularists decry this trend, rejecting any interaction between politics and religion. But in *Why I Am Not a Secularist*, distinguished political theorist William E. Connolly argues that secularism, although admirable in its pursuit of freedom and diversity, too often undercuts these goals through its narrow and intolerant understandings of public reason. In response, he crafts a new model of public life that more accurately reflects the needs of contemporary politics.

WHY I AM NOT A SECULARIST W. E. CONNOLLY, 1999      Explorations in Post-Secular Metaphysics Josef Bengtson, 2015-11-02 This book explores the metaphysical assumptions that underlie different interpretations of the relationship between religion and the secular, faith and reason, and transcendence and immanence. It explores different answers to the question of how people of diverse religious and cultural identities can live together peacefully.      **The Politics of Religious Literacy** Justine Ellis, 2022-11-07 Religious literacy has become a popular concept for navigating religious diversity in public life. Spanning classrooms to boardrooms, *The Politics of Religious Literacy* challenges commonly held understandings of religious literacy as an inclusive framework for engaging with religion in modern, multi-faith democracies. As the first book to rethink religious literacy from the perspective of affect theory and secularism studies, this new approach calls for a constructive reconsideration focused on the often overlooked feelings and practices that inform our questionably secular age. This study offers fresh insights into the changing dynamics of religion and secularism in the public sphere.      Worldly Ethics Ella Myers, 2013-02-26 What is the spirit that animates collective action? What is the ethos of democracy? *Worldly Ethics* offers a powerful and original response to these questions, arguing that associative democratic politics, in which citizens join together and struggle to shape shared conditions, requires a world-centered ethos. This distinctive ethos, Ella Myers shows, involves care for worldly things, which are the common and contentious objects of concern around which democratic actors mobilize. In articulating the meaning of worldly ethics, she reveals the limits of previous modes of ethics, including Michel Foucault's therapeutic model based on a care of the self and Emmanuel Levinas's charitable model based on care for the Other. Myers contends that these approaches occlude the worldly character of political life and are therefore unlikely to inspire and support collective democratic activity. The alternative ethics she proposes is informed by Hannah Arendt's notion of *amor mundi*, or love of the world, and it focuses on the ways democratic actors align around issues, goals, or things in the world, practicing collaborative care for them. Myers sees worldly ethics as a resource that can inspire and motivate ordinary citizens to participate in democratic politics, and the book highlights civic organizations that already embody its principles.      *Discipline, Devotion, and Dissent* Graham P. McDonough, Nadeem A. Memon, Avi I. Mintz, 2013-09-03 The education provided by Canada's faith-based schools is a subject of public, political, and scholarly

controversy As the population becomes more religiously diverse the continued establishment and support of faith based schools has reignited debates about whether they should be funded publicly and to what extent they threaten social cohesion These discussions tend to occur without considering a fundamental question How do faith based schools envision and enact their educational missions Discipline Devotion and Dissent offers responses to that question by examining a selection of Canada s Jewish Catholic and Islamic schools The daily reality of these schools is illuminated through essays that address the aims and practices that characterize these schools how they prepare their students to become citizens of a multicultural Canada and how they respond to dissent in the classroom The essays in this book reveal that Canada s faith based schools sometimes succeed and sometimes struggle in bridging the demands of the faith and the need to create participating citizens of a multicultural society Discussion surrounding faith based schools in Canada would be enriched by a better understanding of the aims and practices of these schools and this book provides a gateway to the subject

**Global Secularisms in a Post-Secular Age** Michael Rectenwald,Rochelle Almeida,George Levine,2015-10-16 Global Secularisms addresses the state of and prospects for secularism globally Drawing from multiple fields it brings together theoretical discussion and empirical case studies that illustrate on the ground extant secularisms as they interact with various religious political social and economic contexts Its point of departure is the fact that secularism is plural and that various secularisms have developed in various contexts and from various traditions around the world Secularism takes on different social meanings and political valences wherever it is expressed The essays collected here provide numerous points of contact between empirical case studies and theoretical reflection This multiplicity informs and challenges the conceptual theorization of secularism as a universal doctrine Analyses of different regions enrich our understanding of the meanings of secularism providing comparative range to our notions of secularity Theoretical treatments help to inform our understanding of secularism in context enabling readers to discern what is at stake in the various regional expressions of secularity globally While the bulk of the essays are case based research the current thinking of leading theorists and scholars is also included

**Reasoning With Who We Are** Mark Redhead,2014-04-04 Public reasoning a manner of democratic deliberation that can generate meaningful conceptions of justice the collective good and other unifying political values among individuals subscribing to varied and contrasting doctrines has been a perennial concern among political philosophers from historical thinkers such as Immanuel Kant to contemporary theorists like John Rawls and Jurgen Habermas In this ambitious study Mark Redhead explores versions of public reasoning in the works of six of the most important voices in contemporary political theory Alasdair MacIntyre Charles Taylor Hannah Arendt Seyla Benhabib Michel Foucault and William E Connolly He identifies an important but as of yet unappreciated version of public reasoning one that provides creative and effective responses to questions at the forefront of liberal democratic political thought human rights secularity and global governance

**Secularism Or Democracy?** Veit-Michael Bader,2007 Policies dealing with religious diversity in liberal democratic

states as well as the established institutions that enforce those policies are increasingly under pressure Politics and political theory are caught in a trap between the fully secularized state and neo corporate regimes of selective cooperation between states and organized religion This volume proposes an original comprehensive and multidisciplinary approach to problems of governing religious diversity combining moral and political philosophy constitutional law history sociology and religious anthropology Drawing on such diverse scholarship Secularism or Democracy proposes an associational governance a moderately libertarian flexible variety of democratic institutional pluralism as the plausible third way to overcome the inherent deficiencies of the predominant models      *Race and Secularism in America* Jonathon S. Kahn, Vincent W.

Lloyd, 2016-03-01 This anthology draws bold comparisons between secularist strategies to contain privatize and discipline religion and the treatment of racialized subjects by the American state Specializing in history literature anthropology theology religious studies and political theory contributors expose secularism's prohibitive practices in all facets of American society and suggest opportunities for change      *Confessions of a Secular Fundamentalist* Mani Shankar Aiyar, 2006-05-13 In *Confessions of a Secular Fundamentalist* Mani Shankar Aiyar crusader for a secular credo calls for an unambiguous and decisive restoration of secularism to the core of our nationhood In doing so he revisits every dimension of our secular ethos and exposes the various myths perpetuated by communal elements of all hues Putting under the scanner contentious issues like conversions uniform civil code and Article 370 he nails the falsehood underlying terms like pseudo secularism appeasement and soft Hindutva And he places the domestic debate over secularism in India in the wider external dimension by discussing the experiences of countries like Pakistan Sri Lanka Israel and erstwhile Yugoslavia Admitting to wearing his secularism on his sleeve Aiyar reasons that only a determined and inflexible adherence to secularism can counter religious bigotry and fundamentalism Clear in his convictions with history logic and persuasive argument at his command this is Mani Shankar Aiyar at his best on a subject that we can ignore only at our own peril      *The Secular Outlook* Paul

Cliteur, 2010-09-29 *The Secular Outlook* In Defense of Moral and Political Secularism shows how people can live together and overcome the challenge of religious terrorism by adopting a secular outlook on life and politics Shows how secularism can answer the problem of religious terrorism Provides new perspectives on how religious minorities can be integrated into liberal democracies Reveals how secularism has gained a new political and moral significance Also examines such topics as atheism religious criticism and free speech      **Secular World and Social Economist** George Jacob Holyoake, 1851 The

History of the Fleet Street House 20 p at the end of v 18      *Secular Cosmopolitanism, Hospitality, and Religious Pluralism*

Andrew Fiala, 2016-10-04 This book explores the idea of religious pluralism while defending the norms of secular cosmopolitanism which include liberty tolerance civility and hospitality The secular cosmopolitan ideal requires us to be more tolerant and more hospitable toward religious believers and non believers from diverse traditions in our religiously pluralistic world Some have argued that the world's religions can be united around a common core This book argues that it is both

impossible and inadvisable either to reduce religion to one thing or to deny religion. Instead the book affirms non reductive pluralism and seeks to understand how we should live in a pluralistic world. Building on work in the sociology of religion and philosophy of religion the book examines the growth of religious diversity and the spread of nonreligion in the contemporary world. It argues that religious toleration, hospitality and compassion must be extended in a global direction. Secular cosmopolitanism recognizes that each person has a right to his or her deepest beliefs and that the diversity of the world's religious and non religious traditions cannot be reduced or eliminated.

**The Dialectic of Cosmopolitan Time** Shaj Mathew, Assistant Professor of English, Shaj Mathew, 2025-12. What is time? The Dialectic of Cosmopolitan Time looks beyond the clock and the calendar to explore its many dimensions: the time of mind and memory, the time of capitalism and colonialism, and even the time of geopolitical rivalry. Shaj Mathew explores moments of world literature particularly from the Middle East when different times clash and converge. Such times both linear and non linear, qualitative and quantitative, secular and religious, reactionary and revolutionary coexist in the cosmopolitan spirit.

The Secular Chronicle, 1874

**Theoterrorism v. Freedom of Speech** Paul Cliteur, 2025-10-01. The Rushdie Affair, the Danish Cartoon Affair, the assault on Charlie Hebdo and the earlier Carrell Affair are examples of religious fanatics' extreme reactions to religious satire and criticism. Perpetrators of these actions consider themselves as true believers. This book aims to understand their motives by means of the concept of theoterrorism: terrorism grounded in religious zealotry.

**Free Trade and Other Fundamental Doctrines of the Manchester School** Francis Wrigley Hirst, 1903. Introduction pt 1: England, Ireland and America; pt 2: The corn laws and free trade; pt 3: Wars and armaments; pt 4: Colonial and fiscal policy; pt 5: Social reform.

*Free trade and other fundamental doctrines of the Manchester school, set forth in selections from the speeches and writings of its founders and followers, ed. by F.W. Hirst*. Manchester school, 1903.

**Why Politics Needs Religion** Brendan Sweetman, 2010-07-17. Can religion and politics mix? Many voices reply: No way. Yet in this provocative and timely book, Brendan Sweetman argues against this charge and the various sophisticated arguments that support it. As we witness the clash of religious and secular worldviews, he claims that our pluralistic democratic society will be best served when the faith elements of secularism are acknowledged and the rational elements of religious arguments are allowed to inform the momentous debates taking place in the public square. In fact, Sweetman contends that politics needs religion if it is to be truly democratic, concerned with fairness among worldviews, equality, and a vigorous public discussion.
