Chaucer's Wife of Bath's Prologue and Tale Geoffrey Chaucer, 1998-01-01 The Chaucer Bibliography series aims to provide annotated bibliographies for all of Chaucer's work This book summarizes 20th century commentaries on Chaucer's Wife of Bath's Prologue and Tale **Twentieth-Century Chaucer Criticism** Kathy Cawsey, 2016-02-17 Shifting ideas about Geoffrey Chaucer's audience have produced radically different readings of Chaucer's work over the course of the past century Kathy Cawsey in her book on the changing relationship among Chaucer critics and theories of audience draws on Michel Foucault's concept of the author function to propose the idea of an audience function which shows the ways critics' concepts of audience affect and condition their criticism Focusing on six trend-setting Chaucerian scholars Cawsey identifies the assumptions about Chaucer's audience underpinning each critic's work arguing these ideas best explain the diversity of interpretation in Chaucer criticism Further Cawsey suggests few studies of Chaucer's own understanding of audience have been done in part because Chaucer criticism has been conditioned by scholars' latent suppositions about Chaucer's own audience In making sense of the confusing and conflicting mass of modern Chaucer criticism Cawsey also provides insights into the development of twentieth-century literary criticism and theory *The Canterbury Tales: Seventeen Tales and the General Prologue (Third Edition) (Norton Critical Editions)* Geoffrey Chaucer, 2018-06 This book has been more helpful to the students both the better ones and the lesser ones than any other book I have ever used in any of my classes in my more than a quarter century of university teaching RICHARD L KIRKWOOD University of Wisconsin Eau Claire This Norton Critical Edition includes The medieval masterpiece's most popular tales including new to the Third Edition The Man of Law's Prologue and Tale and The Second Nun's Prologue and Tale Extensive marginal glosses explanatory footnotes a preface and a guide to Chaucer's language by V A Kolve and Glending Olson Sources and analogues arranged by tale Twelve critical essays seven of them new to the Third Edition A Chronology a Short Glossary and a Selected Bibliography About the Series Read by more than 12 million students over fifty-five years Norton Critical Editions set the standard for apparatus that is right for undergraduate readers The three-part format annotated text contexts and criticism helps students to better understand analyze and appreciate the literature while opening a wide range of teaching possibilities for instructors Whether in print or in digital format Norton Critical Editions provide all the resources students need *Sexuality in the Middle Ages and Early Modern Times* Albrecht Classen, 2008-12-10 Sexuality is one of the most influential factors in human life The responses to and reflections upon the manifestations of sexuality provide fascinating insights into fundamental aspects of medieval and early modern culture This interdisciplinary volume with articles written by social historians literary historians musicologists art historians and historians of religion and mental history demonstrates how fruitful collaborative efforts can be in the exploration of essential features of human society Practically every aspect of culture both in the Middle Ages and the early modern age was influenced and determined by sexuality which hardly ever surfaces simply characterized by prurient

 just that **The Canterbury Tales - Second Edition** Geoffrey Chaucer,2012-04-16 The Broadview Canterbury Tales is an
 edition of the complete tales in a text based on the famous Ellesmere Manuscript Here one may read a Middle English text
 that is closer to what Chaucer s scribe Adam Pinkhurst actually wrote than that in any other modern edition Unlike most
 editions which draw on a number of manuscripts to recapture Chaucer s original intention this edition preserves the text as it
 was found in one influential manuscript A sampling of facsimile pages from the original manuscript is also included along
 with a selection of other works that give the reader a rich sense of the cultural political and literary worlds in which Chaucer
 lived The second edition includes a new Middle English glossary a timeline of Chaucer s life and times and detailed page
 headers showing the fragment and line numbers to assist readers in finding a specific section of the poem *Representing
 Rape in Medieval and Early Modern Literature* C. Rose,E. Robertson,2016-04-30 In thirteen studies of representations of
 rape in Medieval and Early Modern literature by such authors as Chaucer Shakespeare and Spenser this volume argues that
 some form of sexual violence against women serves as a foundation of Western culture The volume has two purposes first to
 explore the resistance these pervasive representations generate and have generated for readers especially for the female
 reader and second to explore what these representations tell us about social formations governing the relationships between
 men and women More particularly Rose and Robertson are interested in how representations of rape manifest a given
 culture s understanding of the female subject in society The Canterbury Tales Geoffrey Chaucer,2002 The Canterbury
 Tales tells the story of 30 pilgrims who meet by chance at the Tabard Inn in Southwark London and journey together to the
 shrine of St Thomas Becket in Canterbury cathedral To pass the time along the way they tell stories to one another This new
 transcription and edition is taken from British Library MS Harley 7334 a beautifully decorated volume produced within ten
 years of Chaucer s death **Chaucer's Agents** Carolyn Van Dyke,2005 Chaucer s Agents draws on medieval and modern
 theories of agency to provide fresh readings of the major Chaucerian texts Collectively those readings aim to illuminate
 Chaucer s responses to two great problems of agency the degree to which human beings and forces qualify as agents and the
 equal reference of agent to initiators and instruments Each chapter surveys medieval conceptions of the agency in question
 allegorical Realities intelligent animals pagan gods women and the author and then follows that kind of agent through
 representative Chaucerian texts Readers have long recognized Chaucer s interest in questions of causation Van Dyke shows

that his answers to those questions shape even constitute his narratives Fairleigh Dickinson University Press **New Medieval Literatures** Rita Copeland, Wendy Scase, David Lawton, 1998 New Medieval Literatures is a new annual of work on medieval textual cultures Its scope is inclusive of work across the theoretical archival philological and historicist methodologies associated with medieval literary studies The title announces an interest both in new writing about medieval culture and in new academic writing As well as featuring challenging new articles each issue will include an analytical survey by a leading international medievalist of recent work in an emerging or dominant critical discourse in this volume Louise O Fradenburg s study of psychoanalytical medievalism The editors aim to engage with intellectual and cultural pluralism in the Middle Ages and now Volume 2 features in particular work representing European continental traditions as well as Anglo Norman and Anglo Latin writings The essays in this volume move from the streets of Paris London and English market towns to English monasteries idealized pastoral spaces Christian Jewish Muslim Spain Rome and fourteenth century Oxford Subjects discussed include the spectral Jew in the making of Christian history Peter Damian s Liber Gomorrhianus and the sexual politics of papal reform sexuality and the improper allegory of the Romance of the Rose violence gender and states of siege in Christine de Pizan s Paris metonymy montage and death in Villon s Testament maytime in late medieval courts the ideological context of the Vita Haroldi John Wyclif and scriptural truth and bill casting and political discourse in late medieval England The volume as a whole coheres around three important issues of cultural analysis gender space and reading history Volume 3 will feature the winning essay from the essay prize competition a major new historiographical essay by David Wallace on Dante in England and medieval renaissance periodization and an analytical survey by Sarah Kay on romance literatures and the New Philology Other contributions will represent new approaches to canonical authors including Aelfric Caxton and Christine de Pizan **Who's who in America** ,2003
