Winter Music Composing The North:

Winter Music John Luther Adams, 2004-11-10 Eminent composer discusses music culture and the environment

Ancestral North Ross Hagen, Mathias Nordvig, 2024-04-11 *Ancestral North* Spirituality and Cultural Imagination in Nordic Ritual Folk Music offers a detailed exploration of Nordic ritual folk music a music scene focused on the revival of ancient folkways and archaic music that has found remarkable popularity around the globe Once the domain of Viking reenactors and neopagan practitioners the niche sonic and visual aesthetics of this music have found widespread visibility through a new generation of popular films television series and video games The authors argue that many of these musical and media products connect with longstanding cultural attitudes about the Nordic region that conceive of it as wild exotic and dangerous while also being a place of honor community and virtue As such the Nordic region and its music often becomes a vessel for reactionary escapes from all manner of modern discontentment However the authors also posit that spending time re creating the music of an imaginary past offers participants the possibility for engagement and re enchantment in the multicultural present

Musical Vitalities Holly Watkins, 2018-11-21 Does it make sense to refer to bird song a complex vocalization full of repetitive and transformative patterns that are carefully calculated to woo a mate as art What about a pack of wolves howling in unison or the cacophony made by an entire rain forest Redefining music as the art of possibly animate things *Musical Vitalities* charts a new path for music studies that blends musicological methods with perspectives drawn from the life sciences In opposition to humanist approaches that insist on a separation between culture and nature approaches that appear increasingly untenable in an era defined by human generated climate change *Musical Vitalities* treats music as one example of the cultural practices and biotic arts of the animal kingdom rather than as a phenomenon categorically distinct from nonhuman forms of sonic expression The book challenges the human exceptionalism that has allowed musicologists to overlook music s structural resemblances to the songs of nonhuman species the intricacies of music s physiological impact on listeners and the many analogues between music s formal processes and those of the dynamic natural world Through close readings of Austro German music and aesthetic writings that suggest wide ranging analogies between music and nature *Musical Vitalities* seeks to both rekindle the critical potential of nineteenth century music and rejoin the humans at the center of the humanities with the nonhumans whose evolutionary endowments and planetary fates they share

The Routledge Companion to Landscape Studies Peter Howard, Ian Thompson, Emma Waterton, 2013 As a concept landscape does not respect disciplinary boundaries

Other Country James Perrin Warren, 2015-12-03 The award winning American environmental writer Barry Lopez has traveled extensively in remote and populated parts of the world Lopez s fiction and nonfiction focus on the relationship between the physical landscape and human culture posing abiding questions about ethics intimacy and place *Other Country* presents a full scale treatment of Lopez s work James Perrin Warren examines the relationship between Lopez s writing and the work of several contemporary artists composers and musicians

whose works range from landscape photography painting and graphic arts to earth art ceramics and avant garde music The author demonstrates Lopez s role in creating this community of artists who have led cultural change and shows that Lopez s writing and his engagement with the natural world creates an other country by redefining boundaries rediscovering a place and renewing our perceptions of landscapes Warren s critique examines manuscripts and typescripts from the 1960s to the present interviews with Lopez conducted from 2008 to 2013 and interviews with artists Part 1 focuses on the relationship between Lopez s storytelling which he calls a conversation with the land and Robert Adams s landscape photography For both Lopez and Adams a worthy artistic expression serves the cultural memory of a community reminding us how to behave properly toward other people and the land Part 2 looks at the collaborative friendship of Lopez and visual artist Alan Magee tracking the development of Lopez s short stories through a consideration of Magee s career Part 3 moves farther afield discussing Lopez s relationship to Richard Long s earth art Richard Rowland s ceramics and John Luther Adams s soundscapes Other Country reveals the dynamic relationships between Lopez considered by many the most important environmental writer working in America and the artistic community who seek to explore the spiritual and ethical dimensions of an honorable and attentive relationship to the land and thus offer profound implications for the future of the planet
