Winter Tour in Spain (Classic Reprint) H. Pemberton, 2015-07-08 Excerpt from Winter Tour in Spain There are but two classes of travellers to be met with in Spain those who go there for climate and those who go for pleasure and even of these the number is very limited None flock here as they do to most other European countries for education or economy these are two objects as yet unattainable Neither invalids nor tourists however will be disappointed for they will each meet with what they seek The climate in the south and along the east coast of Spain is magnificent the scenery and objects of interest throughout the country must fulfil the expectations of all But climate is not everything to those who on account of health are driven from their own country though it may appear to be and is the main object There are many drawbacks to contend with in encountering a winter in Spain About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Publishers' circular and booksellers' record**, 1868
