Wisteria Witches 1 Z Riddle:

Wolves of Wisteria Angela Pepper, 2018 Zinnia Riddle doesn't use her witch powers much these days. She works as a clerk at the Wisteria Permits Department where there hasn't been much need for spells and potions until now. When a beloved coworker is found dead next to her desk, the whole office gets paranoid. Is one of them a killer? Did the victim leave behind clues in the book she was writing? Is there a town-wide conspiracy or is some lone serial predator on the loose? The police are always two steps behind the evil that's threatening the peaceful town. Now it's up to Zinnia Riddle and the witches in her coven to uncover the secrets hiding in plain sight. Will Zinnia's rusty magic hold up against a powerful enemy?

WOLVES OF WISTERIA is the sixth book set in Angela Pepper's Wisteria Witches universe and the first book featuring Zinnia Riddle in her own thrilling mystery.

FAQs about Wolves of Wisteria I've read the Wisteria Witches series by Angela Pepper. I see this book is called *City Hall 1*. Where does this fit in? And who's Zinnia? Zinnia Riddle is the character you've come to know and love in the other books as Aunt Zinnia. This is Zinnia's first book as the featured character. The events in *Wolves of Wisteria* take place in the months leading up to Zinnia's niece Zara arriving in Wisteria. You can think of this book as a prequel or a spin-off or the start of a mini-series. In this book, you'll find out about Zinnia's workplace and witch friends, plus there's a thrilling mystery to solve. I haven't read any other Wisteria Witches books. Can I start here? Absolutely. *Wolves of Wisteria* can be read as a stand-alone novel without spoiling the other books if you decide to read them next.

What's a witch cozy mystery? Witch cozies are similar to contemporary cozies in that they revolve around a mystery and feature an amateur or unconventional sleuth. The tone is humorous and breezy with a few good thrills too. Witch cozies come with the added bonus of paranormal elements. The town of Wisteria is full of many supernaturals including gorgons, vampires, shifters, mages, and more.

Wisteria Witches Angela Pepper, 2021-06 Zara Riddle moved to a charming new house in a small town so her life could be simple. But now that her witch powers have kicked in, life is anything but long-lost relatives are coming out of the woodwork, and it turns out the family tree is riddled with magic. When a ghost shows up, Zara finds out her powers come with a cost. She must solve the woman's murder. Zara teams up with her handsome

neighbor a wolf shifter who's both mysterious and perfect. Maybe too perfect. He did save her life during an attack but he's definitely hiding something behind that sly smile. The town of Wisteria may be quaint on the surface but danger lurks around every corner. To protect her family, Zara must risk her heart and her life. Forces of good and evil will face off in a battle where one side has a secret advantage. One thing's for sure: Zara Riddle is keeping these new powers blue lightning balls and all. Once you go witch, you never switch.

Watchful Wisteria Angela Pepper, 2018. Zara Riddle has finally found work-life magic balance when someone from her past arrives to destroy everything. Rhys Quarry wasn't much of a father to Zara. He swears everything's different now but some people never change. Soon he's teaching his con-man ways to his granddaughter. If only he could teach her something useful. When a member of the magical community goes missing, Zara joins the search. When she and Zinnia find a trio of ghosts, the search becomes a murder investigation. The local police say they'll solve the case but how can they? Their top detective is distracted, wandering around town feeding the wildlife and talking about conspiracies. Cracking this case will mean busting out some new spells, the dangerous kind that a witch can't cast on her own. The three Riddles team up as they move into uncharted territory. Unfortunately for them, danger isn't far behind. Zara and her family face their biggest foe yet. To survive, they'll have to access magic they've never used before. When the confrontation turns deadly, no one will be walking away untouched. Change is in the air, and it's not going to be pretty.

WATCHFUL WISTERIA is book 4 in the hit witch cozy series *Wisteria Witches Mysteries* by Angela Pepper. [New International Dictionary of the English Language](#) Noah Webster, 1953.

Wardens of Wisteria Angela Pepper, 2018-11-07. Zara Riddle is woken up in the middle of the night by magical creatures. Being a witch is incredibly fun, but it does have a few drawbacks. Zara's powers make her appealing to the recently deceased, who are always showing up seeking her help. This witch is a real ghost magnet. When Zara's resident telepathic wyvern wakes her up to announce there's a new ghost in the house, Zara is anything but surprised. She greets the new spirit, locates the crime scene, and notifies the authorities. All before the sun comes up. Zara's work is done. After all, the town's detective should be able to solve this homicide without her. The detective, Theodore Bentley, has other ideas. He knows about Wisteria's secrets but he's not the stubborn type who insists on doing everything himself. Why chase down a killer alone when you can have a powerful witch as a partner? He invites Zara to join him on the investigation. Zara accepts because why not? She'll rest easier when the case is solved. Plus, two heads are better than one, even if one of them is a mere human. As the crime-fighting duo digs deeper into the town's secrets, both the human detective and the witch are shocked to discover a killer in their midst. When they underestimate the killer's powers, the tables are turned. In a heartbeat, everything changes. Zara Riddle can only watch helplessly as someone she cares about saves the witch's life by sacrificing their own.
