Without A Prayer Ayn Rand And The Close Of Her System:

Without a Prayer John W. Robbins,1997 **Ayn Rand Cult** Jeff Walker,2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand The Ayn Rand Cult is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society *Objectivism and the Corruption of Rationality* Scott Ryan,2003-01-27 Ayn Rand presented Objectivism as a philosophy of reason But is it That is the question Scott Ryan seeks to answer in this careful examination of the Objectivist epistemology and its alleged sufficiency as the philosophical foundation of a free and prosperous commonwealth Sorting painstakingly through Rand s writings on the subject Mr Ryan concludes that the epistemology of Objectivism is incoherent and debases both the concept and the practice of rationality The New Ayn Rand Companion Mimi R. Gladstein,1999-08-30 An essential guide to the life and works of Ayn Rand the book chronicles and summarizes her writings presents information about her national and global impact and the response to it and provides the most comprehensive bibliography published to date Written by an independent scholar who is not part of either the Ayn Rand establishment or the Ayn Rand detractor camp The New Ayn Rand Companion builds on the foundation of the original New materials about Rand s posthumous publications the latest biographical information and summaries of books and articles about Rand published since her death have been added Burgeoning interest in Rand the publication of her Letters and Journals and Russian Writings and the growing body of critical works necessitates an expanded and revised edition of the Ayn Rand Companion This new edition is the only general reference work that covers the complete Rand corpus including both those works published during her life and those published to date *Ayn Rand , Feminist Interpretations of Ayn Rand* Mimi Riesel Gladstein,Chris M. Sciabarra,2007-06-05 This landmark anthology is the first to engage critically the writings of Ayn Rand from feminist perspectives The interdisciplinary feminist strategies of re reading Rand range from the lightness of camp to the darkness of de Sade from postandrogyny to poststructuralism A highly charged dialogue on Rand s legacy provides the forum for a reexamination of feminism and its relationship to egoism individualism and capitalism Rand s place in contemporary feminism is assessed through comparisons with other twentieth century feminists such as de Beauvoir Wolf Paglia Eisler and Gilligan What results is as provocative in its implications for Rand s system as it is for feminism Selfish Women Lisa Downing,2019-05-24 This book proceeds from a single and very simple observation throughout history and up to the present women have received a clear message that we are not supposed to prioritize ourselves Indeed the whole question of self is a problem for women and a problem that issues from a wide range of locations including in some

cases feminism itself When women espouse discourses of self interest self regard and selfishness they become illegible This is complicated by the commodification of the self in the recent Western mode of economic and political organization known as neoliberalism which encourages a focus on self fashioning that may not be identical with self regard or self interest Drawing on figures from French US and UK contexts including Rachilde Ayn Rand Margaret Thatcher and Lionel Shriver and examining discourses from psychiatry media and feminism with the aim of reading against the grain of multiple orthodoxies this book asks how revisiting the words and works of selfish women of modernity can assist us in understanding our fraught individual and collective identities as women in contemporary culture And can women with politics that are contrary to the interests of the collective teach us anything about the value of rethinking the role of the individual This book is an essential read for those with interests in cultural theory feminist theory and gender politics **Perspectives on Ayn Rand's Contributions to Economic and Business Thought** Edward W. Younkins, 2020-07-06 Ayn Rand wrote and lectured on economic concepts and topics This volume addresses the economic and business aspects of her writings The authors of this anthology are from a variety of fields and all of them are enthusiastic supporters of her ideas **Philosophers of Capitalism** Edward W. Younkins, 2005-11-10 Philosophers of Capitalism provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand's philosophy of Objectivism In the first section of the book Edward W Younkins supplies essays presenting the essential ideas of Carl Menger Ludwig von Mises and Ayn Rand Building upon these essential ideas the second portion of the book brings together scholarly perspectives from top academics analyzing Menger von Mises and Rand The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society emphasizing how the errors omissions and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others Featuring a list of recommended reading for the major ideas and theorists discussed Philosophers of Capitalism is an essential book for both philosophers and economists **Champions of a Free Society** Edward W. Younkins, 2008-08-25 This book is constructed around great thinkers of the past and present who have been influential in developing the philosophy of freedom Its main purpose is to provide a survey and overview of the ideas of leading individual philosophers and economists of capitalism who have contributed to developing what might be called the classical liberal or libertarian worldview Champions of a Free Society endeavors to provide a guide to political and economic thinking about the desirability and construction of a free society that is intelligible to the educated layperson Edward Younkins provides an historical perspective of the pursuit of political and economic truth The goal of this book is to present the development of ideas in language that permits generally educated readers to understand and appreciate their significance The book's chronological approach considers the thinkers and their ideas as they have developed over the course of time There is much unfulfilled illuminative potential to be found in the ideas of the past and Younkins successfully integrates the ideas of past and current

thinkers into a logical contemporary worldview Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved Encyclopedia of Ethics Lawrence C. Parrish, 2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then Atheism is the book for you **Objectivism** Fouad Sabry, 2024-06-02 What is Objectivism Objectivism is a philosophical system named and developed by Russian American writer and philosopher Ayn Rand She described it as the concept of man as a heroic being with his own happiness as the moral purpose of his life with productive achievement as his noblest activity and reason as his only absolute How you will benefit I Insights and validations about the following topics Chapter 1 Objectivism Chapter 2 Ayn Rand Chapter 3 Leonard Peikoff Chapter 4 Bibliography of Ayn Rand and Objectivism Chapter 5 Introduction to Objectivist Epistemology Chapter 6 David Kelley Chapter 7 Harry Binswanger Chapter 8 Objectivism The Philosophy of Ayn Rand Chapter 9 The Romantic Manifesto Chapter 10 Objectivist movement II Answering the public top questions about objectivism Who this book is for Professionals undergraduate and graduate students enthusiasts hobbyists and those who want to go beyond basic knowledge or information for any kind of Objectivism Faithful Finances 101 Gary Moore, 2005-05 Strips the veneer from the financial advice of some popular evangelical media celebrities and advocates a reintegrating of faith and finances Moore draws on fifty years of studying the Bible politics and economics and presents insights for those who want to be faithful in their finances **Total Freedom** Chris Matthew Sciabarra, 2000 Building upon his previous books about Marx Hayek and Rand Total Freedom completes what Lingua Franca has called Sciabarra s epic scholarly quest to reclaim dialectics usually associated with the Marxian left as a methodology that can revivify libertarian thought Part One surveys the history of

dialectics from the ancient Greeks through the Austrian school of economics Part Two investigates in detail the work of Murray Rothbard as a leading modern libertarian in whose thought Sciabarra finds both dialectical and nondialectical elements Ultimately Sciabarra aims for a dialectical libertarian synthesis highlighting the need not sufficiently recognized in liberalism to think of the totality of interconnections in a dynamic system as the way to ensure human freedom while avoiding totalitarianism such as resulted from Marxism Truth Decay Douglas Groothuis, 2009-09-20 A 2001 Christianity Today Award of Merit winner The concept of truth as absolute objective and universal has undergone serious deterioration in recent years No longer is it a goal for all to pursue Rather postmodernism sees truth as inseparable from culture psychology race and gender Ultimately truth is what we make it to be What factors have accelerated this decay of truth Why are people willing to embrace such a devalued concept How does this new view compare and contrast with a Christian understanding While postmodernism contains some truthful insights despite its attempt to dethrone truth Douglas Groothuis sees its basic tenets as intellectually flawed and hostile to Christian views In this spirited presentation of a solid biblical and logical perspective Groothuis unveils how truth has come under attack and how it can be defended in the vital areas of theology apologetics ethics and the arts Swimming Against the Tide Clarence Buford Carson, 1998
