Witnessing Their Faith Witnessing Their Faith:

Witnessing Their Faith Jay Alan Sekulow, 2007-12-13 When it was ratified in 1791 the First Amendment to the Constitution of the United States sought to protect against two distinct types of government actions that interfere with religious liberty the establishment of a national religion and interference with individual rights to practice religion Since that time no question has so bedeviled the U S Supreme Court as finding the best way to interpret and apply the Establishment Clause and the Free Exercise Clause of the First Amendment In this unique and timely book Jay Sekulow examines not only the key cases and their historical context that have shaped the law concerning church state relations but also for the first time the impact of the religious faith and practices of Supreme Court Justices who have ruled in each case Covering cases from the teaching of religion in public schools and the use of federal funds for parochial schools to today s debates about the Pledge of Allegiance and public displays of the Ten Commandments Witnessing Their Faith is essential reading for anyone interested in the history and future of religious freedom in America **Witnessing Made Easy** C. S. Lovett, 2019-10-07

Witnessing is not soul winning Soul winning consists of a single task bring a prospect face to face with Christ and press him to receive the Lord as his Savior There s no half way business about it You either get a person to make a decision or you don t If you fail to make the presentation or are interrupted for some reason you simply do not win that soul for Christ If there is no decision there is no soul winning Witnessing on the other hand is a work that can be performed in countless ways The moment a person does anything to share the word of Christ he is a 100% successful Witnessing ranges all the way from hiding a gospel tract in a public place to telling another person what Jesus means to you Therefore soul winning and witnessing are NOT the same While everyone can witness for Jesus not everyone can win souls at least not at first For decades I have been training soul winners and witnesses It has been my experience that the average Christian doesn t know the difference between the two skills Most think they are synonymous That causes them to shy away from any kind of training Believing there is no way to witness short of winning a soul to Christ they are reluctant to start A multitude of God s people is content to remain silent thinking only of those prepared to win souls are qualified to speak for Christ I estimate that 80% of all believers have this notion Satan is using it to keep them out of action I don t blame them for being frightened Soul winning is a terrifying business until you are equipped with the skill and more importantly have the strength to use it It s a welcome relief therefore to learn that there are two specialties one which is quite difficult and the other very easy I believe that all Christians could become soul winners if they would first work with the Holy Spirit as witnesses There is nothing more torturous than forcing yourself to be a soul winner when you don t have the personality strength for that kind of approach The thing to do is to develop your strength as a witness and then you can tackle the task of soul winning with confidence and enthusiasm I am suggesting that unless you have a vigorous personality strength which allows you to start right off as a soul winner you should forget about it temporarily The Lord is aware of this variable in His people He knows some are endowed

with public gifts while others are shy and timid That s why He gave the command to witness You shall be My witnesses Acts 1
8 Everyone can witness even though not all go on to win souls Why There are ways to witness that match the shyness of the
timidest soul Everyone can begin with the easiest steps and then with the passing of time graduate to harder ones It is cruel
to expect people to perform spiritual tasks that are not consistent with their social strengths There are those who accept the
challenge of their pastor or some evangelist to try and be soul winners A sense of duty drives them For a time they go
through the nightmare of attempting something beyond their ability but it doesn t last Before long they recoil from it And
that s bad Usually it instills a fear from which they are not easily recovered In this book you will learn that witnessing does
not mean soul winning that the spirit s power follows your words and tells us exactly what to say and do There are ten steps
rungs in our witnessing course Each offers a bit more ego threat than the preceding one We begin the course with secret
actions gradually moving closer and closer to people in bite sized steps that are fun As soon as a person absorbs all the
threats at one level he advances to the next higher level Are you ready to go up the ladder

Theopolitics and the Era of the Witness Jane Barter,2025-06-30 *Theopolitics and the*
Era of the Witness focuses on witnessing in the aftermath of political atrocity or genocide It offers a diachronic study of the
relationship between theological forms of witnessing within Jewish and Christian traditions and public forms of witnessing in
the twentieth and twenty first centuries This book explores the ways in which various witnesses to political atrocity and their
mediators tacitly drew on religious themes of salvation to make sense of their suffering It investigates survivor testimony and
the use made of it through scholarly interpretations of testimony within the Hebrew Bible New Testament and theological

and philosophical traditions within Judaism and Christianity The chapters move from a consideration of the early post Shoah writings of Paul Celan and Primo Levi through to a discussion of the Truth and Reconciliation Commissions of South Africa and Canada The author makes the case for a weak messianism or remnant witnessing as an antidote to overdetermined and politicized uses made of survivor testimonies This book makes a valuable contribution to the work of theopolitics which claims that theology despite its persistent misuse can serve a constructive and critical force within public life albeit in a chastened key
