Wits Guide 2015:

Understanding the Higher Education Market in Africa Emmanuel Mogaji, Felix Maringe, Robert Ebo Hinson, 2020-03-06
This book offers theoretical and practical insights into the marketing of higher education in Africa. It explores the key players, challenges and policies affecting higher education across the continent, their marketing strategies and the students' selection process. While acknowledging the vast size of the continent, this book aims to provide an understanding of the dynamics of higher education in Africa. This book recognises the private and government involvement in higher education provision and students and staff as stakeholders in the marketisation process. Strategic efforts are directed by universities to attract prospective students. This book further addresses issues such as the responses of higher education sectors to the notion of markets and marketing, consumerism and competition in higher education in Africa, conceptions of the commodification of higher education in Africa and the dominance of Western epistemologies and their influence in transforming higher education sectors. Students as consumers in increasingly marketised higher education sectors in Africa are also discussed. Though primarily for marketing students and academic researchers, the book's feature of blended theoretical and practical knowledge means that it will also be of interest to marketing practitioners and university managers. **The Bloomsbury Handbook of Student Voice in Higher Education** Jerusha Conner, Rille Raaper, Carolina Guzmán-Valenzuela, Launa Gauthier, 2023-11-30

The handbook helps not only to map the range of student voice practices in college and university settings but also to identify the common core elements, enabling conditions, constraints and outcomes associated with student voice work in higher education. It offers a broad understanding of the methodologies, current debates, history and future of the field, identifying avenues for future research. **Monthly Catalogue, United States Public Documents**, 1986 **The SAGE Handbook of Online Research Methods** Nigel G Fielding, Raymond M Lee, Grant Blank, 2016-09-30
