

WOMEN AND MONARCHY IN MACEDONIA

ELIZABETH DONNELLY CARNEY

Women And Monarchy In Macedonia Oklahoma Series In Classical Culture

Richard A. Billows

Women And Monarchy In Macedonia Oklahoma Series In Classical Culture:

Women and Monarchy in Macedonia Elizabeth Donnelly Carney, 2000 In this groundbreaking work Elizabeth Donnelly Carney examines the role of royal women in the Macedonian Argead dynasty from the sixth century B C to 168 B C Women were excluded from the exercise of power in most of the Hellenic world However Carney shows that the wives mothers and daughters of kings sometimes played important roles in Macedonian public life and occasionally determined the course of national events Carney assembles an exhaustive array of evidence on the political role of Argead royal women In addition she presents a series of biographical sketches describing the public careers of all the royal women including Olympias mother of Alexander the Great and the warrior Cynnane his half sister whose names are preserved in ancient sources **Women and Monarchy in Macedonia** fills a growing need for an updated survey of the subject corrects previously held assumptions and offers a fresh interpretation of the status function influence and authority of women in the ancient world **Literature and**

Culture in Late Byzantine Thessalonica Eugenia Russell, 2013-03-28 The long fourteenth century perhaps can be seen as Thessalonica's heyday Alongside its growing commercial prowess the city was developing into an important centre of government where members of the Byzantine imperial family of the Palaiologoi ruled independently under full imperial titles striking coinage and following an increasingly autonomous external policy It was also developing into a formidable centre for letters education and artistic expression due in part to Palaiologan patronage This volume sets out the political and commercial landscape of Thessalonica between 1303 and 1430 when the city fell to the Ottoman Turks before focusing on the literary and hymnographical aspects of the city's cultural history and its legacy The cosmopolitan nature of urban life in Thessalonica the polyphony of opinions it experienced and expressed its multiple links with centres such as Constantinople Adrianople Athos Lemnos and Lesvos and the diversity and strength of its authorial voices make the study of the city's cultural life a vital part of our understanding of the Byzantine Eastern Mediterranean **The Routledge Handbook of**

Classics, Colonialism, and Postcolonial Theory Katherine Blouin, Ben Akrigg, 2024-07-29 This handbook explores the ways in which histories of colonialism and postcolonial thought and theory cast light on our understanding of the ancient Mediterranean world and the discipline of Classics utilizing a wide body of case studies and providing avenues for future research and discussion It brings together chapters by a wide international and intersectional range of scholars coming from a variety of backgrounds and sub disciplinary perspectives and from across the chronological and geographical scope of Classics Chapters cover the state of current research into ancient Mediterranean and South Central and West Asian histories They provide case studies to illustrate both how postcolonial thought has already illuminated our understanding of the ancient Mediterranean world and beyond as well as its potential for the future Chapters also provide opportunities for reflection on the current state of the discipline An introduction by the volume editors offers a survey of the development of postcolonial theory its relationship to other bodies of theory and its connections to Classics Toward the end of the book three

scholars with different career and disciplinary perspectives provide short reflections on the themes of the volume and the directions of future research The Routledge Handbook of Classics Colonialism and Postcolonial Theory offers an impressive collection of current research and thought on the subject for students and scholars in classical studies understood in its larger sense as well as in related disciplines such as Archaeology Ancient History Imperial History and the History of Colonialism Reception Studies and Museum Studies For anyone interested in classical antiquity it provides an engaging introduction to a potentially bewildering but ultimately vital and enriching body of thought and theory

Art in the Era of Alexander the Great Ada Cohen, 2010-08-30 Simultaneously historical and thematic this book studies an important period in Greek art the late Classical and early Hellenistic especially the reigns of Philip II his famous son Alexander the Great and their successors It focuses on the three traditionally masculine themes of warfare hunting and the abduction of women All three show a preoccupation with the pictorial celebration of violence and draw analogies among the ideological categories enemy animal and women The book explores the ways in which masculine and feminine identities were usually constructed and communicated Provided by publisher

American Journal of Philology, 2001

Royal Women and Dynastic Loyalty Caroline Dunn, Elizabeth Carney, 2018-05-21 Royal women did much more to wield power besides marrying the king and producing the heir Subverting the dichotomies of public private and formal informal that gender public authority as male and informal authority as female this book examines royal women as agents of influence With an expansive chronological and geographic scope from ancient to early modern and covering Egypt Great Britain the Ottoman Empire and Asia Minor these essays trace patterns of influence often disguised by narrower studies of government studies and officials Contributors highlight the theme of dynastic loyalty by focusing on the roles and actions of individual royal women examining patterns within dynasties and considering what factors generated loyalty and disloyalty to a dynasty or individual ruler Contributors show that whether serving as the font of dynastic authority or playing informal roles of child bearer patron or religious promoter royal women have been central to the issue of dynastic loyalty throughout the ancient medieval and modern eras

Sexuality in Greek and Roman Culture Marilyn B. Skinner, 2013-07-23 This agenda setting text has been fully revised in its second edition with coverage extended into the Christian era It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome Covers a wide range of subjects including Greek pederasty and the symposium ancient prostitution representations of women in Greece and Rome and the public regulation of sexual behavior Expanded coverage extends to the advent of Christianity includes added illustrations and offers student friendly pedagogical features Text boxes supply intriguing information about tangential topics Gives a thorough overview of current literature while encouraging further reading and discussion Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered

Women in Classical Antiquity Laura K. McClure, 2019-06-13 An introduction to women and gender in the classical world that draws on the most recent research in

the field Women in Classical Antiquity focuses on the important objects events and concepts that combine to form a clear understanding of ancient Greek and Roman women and gender Drawing on the most recent findings and research on the topic the book offers an overview of the historical events values and institutions that are critical for appreciating and comparing the life situations of women across both cultures The author examines the lifecycle of women in ancient Greek and Rome beginning with how young females acquired the gendered characteristics necessary for adulthood The text explores female adolescence including concerns about virginity medical views of the female body religious roles and education Views of marriage motherhood sexual activity adultery and prostitution are also examined In addition the author explores how women exercised authority and the possibilities for their civic engagement This important resource Explores the formation of classical women s social identity through the life stages of birth adolescence marriage childbirth old age and death Contains information on the most recent research in this rapidly evolving field Offers a review of the life course as a way to understand the social processes by which Greek and Roman females acquired gender traits Includes questions for review suggestions for further reading and a glossary of key terms Written for academics and students of classical antiquity Women in Classical Antiquity offers a general introduction to women and gender in the classical world Late Classical and Early Hellenistic Corinth Michael D. Dixon, 2014-06-27 Late Classical and Early Hellenistic Corinth 338 196 B C challenges the perception that the Macedonians advent and continued presence in Corinth amounted to a loss of significance and autonomy Immediately after Chaironeia Philip II and his son Alexander III established close relations with Corinth and certain leading citizens on the basis of goodwill eunoia Mutual benefits and respect characterized their discourse throughout the remainder of the early Hellenistic period this was neither a period of domination or decline nor one in which the Macedonians deprived Corinthians of their autonomy Instead Corinth flourished while the Macedonians possessed the city It was the site of a vast building program much of which must be construed as the direct result of Macedonian patronage evidence suggests strongly that those Corinthians who supported the Macedonians enjoyed great prosperity under them Corinth s strategic location made it an integral part of the Macedonians strategy to establish and maintain hegemony over the mainland Greek peninsula after Philip II s victory at Chaironeia The Macedonian dynasts and kings who later possessed Corinth also valued its strategic position and they regarded it as an essential component in their efforts to claim legitimacy due to its association with the Argead kings Philip II and Alexander III the Great and the League of Corinth they established This study explicates the nature of the relationship between Corinthians and Macedonians that developed in the aftermath of Chaironeia through the defeat at the battle of Kynoskephalai and the declaration of Greek Freedom at Isthmia in 196 B C Late Classical and Early Hellenistic Corinth is not simply the history of a single polis it draws upon the extant literary epigraphic prosopographic topographic numismatic architectural and archaeological evidence to place Corinth within broader Hellenistic world This volume the full first treatment of the city in this period contributes significantly to the growing body of scholarly literature

focusing on the Hellenistic world and is a crucial resource for specialists in late Classical and early Hellenistic history

Ancient Macedonia Carol J. King, 2017-07-28 The first English language monograph on ancient Macedonia in almost thirty years Carol J King's book provides a detailed narrative account of the rise and fall of Macedonian power in the Balkan Peninsula and the Aegean region during the five hundred year period of the Macedonian monarchy from the seventh to the second century BCE King draws largely on ancient literary sources for her account citing both contemporary and later classical authors Material evidence from the fields of archaeology epigraphy and numismatics is also explored Ancient Macedonia balances historical evidence with interpretations those of the author as well as other historians and encourages the reader to engage closely with the source material and the historical questions that material often raises This volume will be of great interest to both under and post graduate students and those looking to understand the fundamentals of the period

Unearthing the Family of Alexander the Great David Grant, 2019-06-30 Reading with all the innate and iconoclastic dramatic flair of a well scripted novel an extraordinary story of modern archaeology Midwest Book Review In October 336 BC statues of the twelve Olympian Gods were paraded through the ancient capital of Macedon Following them was a thirteenth a statue of King Philip II who was deifying himself in front of the Greek world Moments later Philip was stabbed to death it was a world shaking event that heralded in the reign of his son Alexander the Great Equally driven by a heroic lineage stretching back to gods and heroes Alexander conquered the Persian Empire in eleven years but died mysteriously in Babylon Some 2 300 years later a cluster of subterranean tombs were unearthed in northern Greece containing the remains of the Macedonian royal line This is the remarkable story of the quest to identify the family of Alexander the Great and the dynasty that changed the Graeco Persian world forever Written in close cooperation with the investigating archaeologists anthropologists and scientists this book presents the revelations mysteries and controversies in a charming accessible style Is this really the tomb of Philip II Alexander's father And who was the warrior woman buried with weapons and armor beside him Impressively researched Grant weaves an adventurous tale set in what reads like a travelogue of Greek history and folklore that makes Unearthing the Family of Alexander the Great an important work for academics and anthropologists but also for a wider audience both for its important subject matter and excellent presentation Highly recommended Richard A Gabriel author of *Great Generals of the Ancient World* Faultless ancient Greek history Books Monthly

Before and After Alexander Richard A. Billows, 2018-06-12 In the arc of Western history Ancient Greece is at the apex owing to its grandeur its culture and an intellectual renaissance to rival that of Europe So important is Greece to history that figures such as Plato and Socrates are still household names and the works of Homer are regularly adapted into movies The most acclaimed hero of all though is Alexander the Great While historians have studied Alexander's achievements at length author and professor Richard A Billows delves deeper into the obscure periods of Alexander's life before and after his reign In the definitive *Before and After Alexander* Billows explores the years preceding Alexander who Billows argues without the foundation laid by his

father Philip II of Macedon would not have had the resources or influence to develop one of the greatest empires in history Alexander was groomed from a young age to succeed his father and by the time Philip was assassinated in 336 BC his great empire was already well underway The years following Alexander's death were even more momentous In this ambitious new work Richard Billows robustly challenges the notion that the political strife that followed was for lack of a leader as competent as Alexander pointing out instead that there were too many extremely capable leaders who exploited the power vacuum created by Alexander's death to carve out kingdoms for themselves Above all in *Before and After Alexander* Billows eloquently and convincingly posits a complex view of one of the greatest empires in history framing it not as the achievement of one man but the culmination of several generations of aggressive expansion toward a unified purpose

Berenice II and the Golden Age of Ptolemaic Egypt Dee L. Clayman, 2014 A mother of six immensely wealthy and ambitious Berenice II daughter of King Magas of Cyrene and wife of Ptolemy III Euergetes came to embody all the key religious political and artist ideals of Ptolemaic Alexandria Though she arrived there nearly friendless with the taint of murder around her she became one of the most accomplished and powerful of the Macedonian queens descended from the successors of Alexander the Great Rather exceptionally she was at the center of a group of important poets and intellectuals associated with the Museum and Library not the least of which was Callimachus the most important poet of the age These men wrote poems not just for her but about her and their eloquent voices projected her charisma widely across the Greek speaking world Though the range of Berenice's interests was impressive and the quantity and quality of the poetry she inspired unparalleled today she is all but unknown Catullus who translated Callimachus *Lock of Berenice* into Latin in the first century BCE spread her fame in Rome and beyond but though it makes a passing reference to her strength of character and capacity for action overall it presents her as someone more innocent and therefore less interesting than she actually was This positioning of Berenice as a weeping *nue* was calculated to introduce her as a virtuous bride and associate her with traditional Greek concepts of ideal womanhood That Berenice II colluded in these efforts and embraced their goals is an indication of her sophistication and an invitation to look with greater care at the available evidence for her life and times Though what we have from history is scattered and uneven Dee L Clayman's interdisciplinary approach presents a woman who was more powerful and fascinating than we had previously imagined Berenice II and the Golden Age of Ptolemaic Egypt offers a portrait of a woman who had access to the cultural riches of both Greece and Egypt and who navigated her way carefully through the possibilities that these assets presented to her ultimately using them to accrue unprecedented honors that were all but equal to those of the king There is much to offer both scholars and students in this sophisticated portrait of a formidable player in the 200 year power struggle that followed the death of Alexander the Great

Dividing the Spoils Robin Waterfield, 2012-08-02 Everyone has heard of Alexander the Great the famous conqueror But what happened after his death to the lands he had conquered It took forty years of world changing warfare for his successors to carve up the empire This thrilling period of

unremitting warfare treachery assassination passion shifting alliances and mass slaughter has been neglected *Dividing the Spoils* resurrects the fascinating story of this period both the warfare and the world changing cultural developments that were taking place at the same time ***Successors to Alexander the Great*** Timothy Howe, Charlotte Dunn, David Lunt, 2025-12-23 A comprehensive collection of translated sources on the wars and world of Alexander's successors *Successors to Alexander the Great* brings together for the first time in a single collection the essential translated sources for the tumultuous period following the death of Alexander the Great in 323 BCE Spanning Greek Latin Persian Babylonian Egyptian and epigraphic materials this volume provides direct access to a wide range of documents that illuminate the world and the wars of the Diadochi and the complex efforts to reassemble rule and redefine the fragments of Alexander's empire Organized thematically and geographically this book allows readers to explore the Successors' ambitions alliances propaganda and political innovation across a sprawling and multi-ethnic landscape Contextual commentary throughout helps readers navigate the fragmentary nature of source evidence the biases of ancient authors and the evolving concepts of legitimacy and kingship With its thematic structure and source diversity the book offers an ideal foundation for historical literary and historiographical inquiry into the Hellenistic world The first unified carefully curated deeply contextualized collection of primary sources on the post-Alexander Hellenistic world *Successors to Alexander the Great* Features Greek Latin Persian Babylonian Egyptian and epigraphic material spanning multiple traditions and viewpoints Includes bibliographies with each chapter for ease of reference and deeper research engagement Highlights the complexity of succession politics propaganda and kingship after Alexander's death Illuminates lesser-known figures and regions often excluded from traditional Hellenistic narratives Promotes critical thinking and historiographical awareness through exposure to conflicting ancient perspectives Supports interdisciplinary teaching on identity authority and empire building in the ancient world Presenting a single coherent and accessible narrative *Successors to Alexander the Great* is ideal for upper-level undergraduate and graduate courses on Alexander the Great the Hellenistic world and ancient Greek history It supports degree programs in Classics History Ancient Studies Middle Eastern Studies and related disciplines and serves as a vital reference for scholars educators and researchers ***Ancient Persia and the Book of Esther*** Lloyd

Llewellyn-Jones, 2023-03-09 A *Spectator* 2023 Book of the Year *Esther* is the most visual book of the Hebrew Bible and was largely crafted in the Fourth Century BCE by an author who was clearly au fait with the rarefied world of the Achaemenid court It therefore provides an unusual melange of information which can enlighten scholars of Ancient Iranian Studies whilst offering Biblical scholars access into the Persian world from which the text emerged In this book Lloyd Llewellyn Jones unlocks the text of *Esther* by reading it against the rich iconographic world of ancient Persia and of the Near East *Ancient Persia and the Book of Esther* is a cultural and iconographic exploration of an important but often undervalued biblical book and Llewellyn Jones presents the book of *Esther* as a rich source for the study of life and thought in the Persian Empire The

author reveals answers to important questions such as the role of the King's courtiers in influencing policy the way concubines at court were recruited the structure of the harem in shifting the power of royal women the function of feasting and drinking in the articulation of courtly power and the meaning of gift giving and patronage at the Achaemenid court

Introducing the Ancient Greeks Edith Hall, 2014-06-09 Wonderful a thoughtful discussion of what made the Greeks so important in their own time and in ours Natalie Haynes Independent The ancient Greeks invented democracy theater rational science and philosophy They built the Parthenon and the Library of Alexandria Yet this accomplished people never formed a single unified social or political identity In *Introducing the Ancient Greeks* acclaimed classics scholar Edith Hall offers a bold synthesis of the full 2 000 years of Hellenic history to show how the ancient Greeks were the right people at the right time to take up the baton of human progress Hall portrays a uniquely rebellious inquisitive individualistic people whose ideas and creations continue to enthrall thinkers centuries after the Greek world was conquered by Rome These are the Greeks as you've never seen them before

Affective Relations and Personal Bonds in Hellenistic Antiquity Monica D'Agostini, Edward M. Anson, Frances Pownall, 2020-11-23 The intense bonds among the king and his family friends lovers and entourage are the most enticing and intriguing aspects of Alexander the Great's life The affective ties of the protagonists of Alexander's Empire nurtured the interest of the ancient authors as well as the audience in the personal life of the most famous men and women of the time These relations echoed through time in art and literature to become paradigm of positive or negative human behavior By rejecting the perception of the Macedonian monarchy as a positivist king army based system and by looking for other political and social structures Elizabeth Carney has played a crucial role in prompting the current re appraisal of the Macedonian monarchy Her volumes on *Women and Monarchy in Ancient Macedonia* University of Oklahoma Press 2000 *Olympias Mother of Alexander the Great* Routledge 2006 *Arsino of Egypt and Macedon A Royal Life* Oxford University Press 2013 have been game changers in the field and has offered the academic world a completely new perspective on the network of relationships surrounding the exercise of power By examining Macedonian and Hellenistic dynastic behavior and relations she has shown the political yet tragic heroic thus human side thus connecting Hellenistic political and social history Building on the methodological approach and theoretical framework engendered by Elizabeth Carney's research this book explores the complex web of personal relations inside and outside the oikos family governing Alexander's world which sits at the core of the inquiry into the human side of the events shedding light on the personal dimension of history Inspired by Carney's seminal work on Ancient Macedonia the volume moves beyond the traditionally rationalist and positivist approaches towards Hellenistic antiquity into a new area of humanistic scholarship by considering the dynastic bloodlines as well as the affective relations The volume offers a discussion of the intra and extra familial network ruling the Mediterranean world at the time of Philip and Alexander Building on present scholarship on relations and values in Hellenistic Monarchies the book contributes to a deeper historical understanding of the mutual dialogue between the socio
