Gay L Byron

Women And Society In Greek And Roman Egypt A Sourcebook:

Women and Society in Greek and Roman Egypt Jane Rowlandson, Roger S. Bagnall, 1998-11-26 The period of Egyptian history from its rule by the Macedonian Ptolemaic dynasty to its incorporation into the Roman and Byzantine empires has left a wealth of evidence for the lives of ordinary men and women Texts often personal letters written on papyrus and other materials objects of everyday use and funerary portraits have survived from the Graeco Roman period of Egyptian history But much of this unparalleled resource has been available only to specialists because of the difficulty of reading and interpreting it Now eleven leading scholars in this field have collaborated to make available to students and other non specialists a selection of over three hundred texts translated from Greek and Egyptian as well as more than fifty illustrations documenting the lives of women within this society from queens to priestesses property owners to slave girls from birth through motherhood to death Each item is accompanied by full explanatory notes and bibliographical references [Women and Society in Greek and Roman Egypt](#) Jane Rowlandson, 1998 **Women and Society in Greek and Roman Egypt** Jane Rowlandson, 1998-11-26 This book makes available to students and other nonspecialists a varied collection of over three hundred translated texts and more than fifty illustrations relating to women s lives in Greek and Roman Egypt These are accompanied by an introductory chapter and full explanatory notes It makes accessible to all those interested in social history and in particular the lives of women an extraordinarily rich body of material from the ancient world *The Oxford Handbook of Roman Egypt* Christina Riggs, 2012-06-21 This handbook arranged in seven thematic sections is unique in drawing together many different strands of research on Roman Egypt in order to suggest both the state of knowledge in the field and the possibilities for collaborative synthetic and interpretive research [Edinburgh Companion to Ancient Greece and Rome](#) Edward Bispham, 2006-07-24 The Edinburgh Companion newly available in paperback is a gateway to the fascinating worlds of ancient Greece and Rome Wide ranging in its approach it demonstrates the multifaceted nature of classical civilisation and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines from philosophy to history from poetry to archaeology from art history to numismatics and many more *Women in the New Testament World* Susan Hylen, 2019 Modern readers of the New Testament often notice its varying ideas about women Some passages encouraged women to be submissive and remain silent Yet in others women characters owned property headed households or spoke with approval *Women in the New Testament World* helps readers understand this conflicting evidence It argues that social norms of the time encouraged traditional feminine virtues However as Susan Hylen argues women in the culture enacted these virtues in a variety of ways including active leadership in households associations and cities In contrast to earlier approaches that divided the evidence into groups that either allowed or forbade women s leadership this book points to a tension that was pervasive across different groups and regions of the Roman world Society widely viewed women as inferior to men yet applauded their active pursuit of familial and civic interests Thus it was not the

case that some women led while others were silent instead women were praised for modesty at the same time as they exerted influence in their communities Elaborating on this rich historical background Hylen illuminates new possibilities in New Testament texts *Ptolemy II Philadelphus and his World* Paul McKechnie,Philippe Guillaume,2008-11-30 Heir of Ptolemy son of Lagus Alexander the Great s general who took Egypt over in 323BC Ptolemy II Philadelphus reigned in Alexandria from 282 to 246 The greatest of the Hellenistic kings of his time Philadelphus exercised power far beyond the confines of Egypt while at his glittering royal court the Library of Alexandria grew to be a matchless monument to Greek intellectual life In Egypt the Ptolemaic r gime consolidated its power by encouraging immigration and developing settlement in the Fayum This book examines Philadelphus reign in a comprehensive and refreshing way Scholars from the fields of Classics Archaeology Papyrology Egyptology and Biblical Studies consider issues in Egypt and across Ptolemaic territory in the Mediterranean the Holy Land and Africa **Symbolic Blackness and Ethnic Difference in Early Christian Literature** Gay L Byron,2003-10-04 How were early Christians influenced by contemporary assumptions about ethnic and colour differences Why were early Christian writers so attracted to the subject of Blacks Egyptians and Ethiopians Looking at the neglected issue of race brings valuable new perspectives to the study of the ancient world now Gay Byron s exciting work is the first to survey and theorise Blacks Egyptians and Ethiopians in Christian antiquity By combining innovative theory and methodology with a detailed survey of early Christian writings Byron shows how perceptions about ethnic and color differences influenced the discursive strategies of ancient Christian authors She demonstrates convincingly that in spite of the contention that Christianity was to extend to all peoples certain groups of Christians were marginalized and rendered invisible and silent Original and pioneering this book will inspire discussion at every level encouraging a broader and more sophisticated understanding of early Christianity for scholars and students alike **Immaculate Forms** Helen King,2025-01-28 Never has medical history been more entertaining Dr Jennifer Gunter author of *The Vagina Bible* than in this turbulent history of women s bodies from classical Greece to the modern age Breasts clitoris hymen and womb Across history these body parts have told women who they are and what they should do Although knowledge of each part has changed through time none of them tells a simple story The way they work and in some cases even their existence have been debated They can be seen as powerful or as disgusting as relevant only to reproduction or as sources of sexual pleasure In *Immaculate Forms* classicist and historian Helen King explores the symbiotic relationship between religion and medicine and their twinned history of gatekeeping over these key organs that have been used to define woman illustrating how conceptions of women s bodies have owed more to imagination and myth than to observation and science Throughout history the way we understand the body has always been debated and it is still shaped by human intervention and read according to cultural interpretations Astute and engaging *Immaculate Forms* is for everyone who has wondered what history has to say about today s raging debates over the human body and who is really female *Invisible Romans* Robert Knapp,2011-10-24 Robert

Knapp brings to light the laboring men housewives prostitutes freedmen slaves soldiers and gladiators who formed the backbone of the ancient Roman world and the outlaws and pirates who lay beyond it The lives of these invisible Romans emerge from graffiti incantations fables astrological writings and even the New Testament Daily Life of Women in Ancient Rome Sara Elise Phang, 2022-03-22 Providing an indispensable resource for students and scholars studying the history of Roman women and gender this book provides an invaluable introduction to the social economic and legal status of women in ancient Rome Daily Life of Women in Ancient Rome is an invaluable introduction to the lives of women in the late Roman Republic and first three centuries of the Roman Empire Arranged chronologically and thematically it examines how Roman women were born educated married and active in economic social public and religious life as well as how they were commemorated and honored after death Though they were excluded from formal public and military offices wealthy Roman women participated in public life as benefactors and in religious life as priestesses The book also acknowledges the status and occupations of women taking part in public life as textile producers retail workers and agricultural laborers as well as enslaved women The book provides a thorough introduction to the social history of women in the Roman world and gives students and aspiring scholars references to current scholarship and to primary literary and documentary sources including collected sources in translation Women in Ancient Egypt Mariam F. Ayad, 2022-11-15 Cutting edge research by twenty four international scholars on female power agency health and literacy in ancient Egypt There has been considerable scholarship in the last fifty years on the role of ancient Egyptian women in society With their ability to work outside the home inherit and dispense of property initiate divorce testify in court and serve in local government Egyptian women exercised more legal rights and economic independence than their counterparts throughout antiquity Yet their agency and autonomy are often downplayed undermined or outright ignored In Women in Ancient Egypt twenty four international scholars offer a corrective to this view by presenting the latest cutting edge research on women and gender in ancient Egypt Covering the entirety of Egyptian history from earliest times to Late Antiquity this volume commences with a thorough study of the earliest written evidence of Egyptian women both royal and non royal before moving on to chapters that deal with various aspects of Egyptian queens followed by studies on the legal status and economic roles of non royal women and finally on women s health and body adornment Within this sweeping chronological range each study is intensely focused on the evidence recovered from a particular site or a specific time period Rather than following a strictly chronological arrangement the thematic organization of chapters enables readers to discern diachronic patterns of continuity and change within each group of women Cl mentine Audouit Paul Valery University Montpellier France Anne Austin University of Missouri St Louis Missouri USA Mariam F Ayad The American University in Cairo Cairo Egypt Romane Betbeze Universit de Gen ve Switzerland and Ecole Pratique des Hautes Etudes PSL France Anke Ilona Bl baum Saxon Academy of Sciences and Humanities in Leipzig Leipzig Germany Eva Maria Engel Humboldt Universit t zu Berlin Berlin Germany Renate Fellingner

Women in the World of the Earliest Christians Lynn Cohick, 2009-11-01 Lynn Cohick provides an accurate and fulsome picture of the earliest Christian women by examining a wide variety of first century Jewish and Greco Roman documents that illuminate their lives She organizes the book around three major spheres of life family religious community and society in general Cohick shows that although women during this period were active at all levels within their religious communities their influence was not always identified by leadership titles nor did their gender always determine their level of participation The book corrects our understanding of early Christian women by offering an authentic and descriptive historical picture of their lives Includes black and white illustrations from the ancient world

Perspectives on the Song of Songs / Perspektiven der Hoheliedauslegung Anselm C. Hagedorn, 2012-02-13 The collection of essays contains nineteen contributions that aim at locating the Song of Songs in its ancient context as well as addressing problems of interpretation and the reception of this biblical book in later literature In contrast to previous studies this work devotes considerable attention to parallels from the Greek world without neglecting the Ancient Near East or Egypt Several contributions deal with the use of the Song in Byzantine Medieval German Romantic and modern Greek Literature Due to the interdisciplinary nature of the collection new perspectives and avenues of approach are opened

Lettered Christians Lincoln Blumell, 2012-03-02 With the discovery of the Oxyrhynchus Papyri just over a century ago a number of important texts directly relating to ancient Christianity have come to light While certain literary texts have received considerable attention in scholarship by comparison the documentary evidence relating to Christianity has received far less attention and remains rather obscure To help redress this imbalance and to lend some context to the Christian literary materials this book examines the extant Christian epistolary remains from Oxyrhynchus between the third and seventh centuries CE Drawing upon this unique corpus of evidence which until this point has never

been collectively nor systematically treated this book breaks new ground as it employs the letters to consider various questions relating to Christianity in the Oxyrhynchite Not only does this lucid study fill a void in scholarship it also gives a number of insights that have larger implications on Christianity in late antiquity *Antiquity* Frederick G. Naerebout, Henk W. Singor, 2014-01-09 *Antiquity Greeks and Romans in Context* provides a chronological introduction to the history of ancient Mediterranean civilizations within the larger context of its contemporary Eurasian world Innovative approach organizes Greek and Roman history into a single chronology Combines the traditional historical story with subjects that are central to modern research into the ancient world including a range of social cultural and political topics Facilitates an understanding of the ancient Mediterranean world as a unity just as the Mediterranean world is in its turn presented as part of a larger whole Covers the entire ancient Mediterranean world from pre history through to the rise of Islam in the seventh century A D Features a diverse collection of images maps diagrams tables and a chronological chart to aid comprehension English translation of a well known Dutch book *De oudheid* now in its third edition *Gender Mobility* Susan Hylen, Almar H Shatford Professor of New Testament Candler School of Theology Susan Hylen, 2025-06-27 What if our long held understandings of gender have less historical basis than we imagine In *Gender Mobility* Susan E Hylen argues that the Roman gender order was definitively non binary She makes a compelling case that freeborn men freeborn women freed men freed women enslaved men and enslaved women all constituted different genders And the possibility that some people could change gender what Hylen calls gender mobility was a standard feature of the period **The Chester Beatty Biblical Papyri at Ninety** Garrick Vernon Allen, Usama Ali Mohamed Gad, Kelsie Gayle Rodenbiker, Anthony Philip Royle, Jill Unkel, 2023-05-08 Despite the significant work carried out on the text transmission materiality and scribal habits preserved in the Chester Beatty Biblical Papyri since their acquisition by Beatty ninety years ago in 1931 these early copies of Jewish scripture and the New Testament have for the most part belonged primarily to textual critics The goal of this book is to resituate this important collection of manuscripts in broader contexts examining their significance in conversation with papyrology as a discipline in the context of other ancient literary traditions preserved on papyri and in discussion with the intellectual and cultural history of collecting colonialism and scholarly rhetoric The Chester Beatty Biblical Papyri and other papyrological collection with which they are inextricably bound remind us of the critical value of examining old manuscripts afresh in their historical scholarly and intellectual contexts These studies are relevant for all scholars who work with manuscripts and ancient texts of any variety *Mediterranean Families in Antiquity* Sabine R. Huebner, Geoffrey Nathan, 2016-08-23 This comprehensive study of families in the Mediterranean world spans the Bronze Age through Late Antiquity and looks at families and households in various ancient societies inhabiting the regions around the Mediterranean Sea in an attempt to break down artificial boundaries between academic disciplines *Finding Phoebe* Susan E. Hylen, 2023-01-17 Forget what you think you know about women in the early church In this learned yet accessible book

Susan E Hylen introduces first century primary sources to illuminate readers understanding of New Testament women Perfect for clergy spiritual reading groups and all curious minds Finding Phoebe combines incisive scholarship and instructional sensibility to encourage readers to develop their own informed interpretations of Scripture Contrary to popular conceptions of biblical womanhood as passive and silent women often served as leaders and prophets in their communities Women owned one third of all property during the period granting them access to civic power through patronage Many women worked outside the home and were educated according to the needs of their professions Through careful examination of modesty and silence in the Greco Roman world Hylen reveals the centrality of these virtues to both men and women practicing self control in service of communal good Hylen s work will challenge readers to free their minds of modern preconceptions and consider New Testament women on their own terms This practical book includes historical context scriptural evidence and questions for discussion Foreword Reviews INDIES Book of the Year Award in Women s Studies Finalist 2023

The Engaging World of E-book Books: A Detailed Guide Unveiling the Advantages of E-book Books: A World of Ease and Versatility Kindle books, with their inherent portability and ease of availability, have liberated readers from the constraints of hardcopy books.
