Puppetmasters Philip Willan, 2002 The CIA has been accused of a massive intelligence failure in the run up to the 9/11 attacks the result it is said of a moralistic and bureaucratic approach to information gathering But the CIA's spies had few qualms when it came to cultivating terrorist organisations and interfering in the internal politics of Cold War Italy Puppetmasters reveals how US intelligence services exploited the P2 masonic lodge to prop up friendly Christian Democrat dominated governments and counter the growing political influence of the Italian Communist Party It was a ruthless strategy involving coup plots right wing terrorist bombings and the manipulation of the Red Brigades And it gave Italy one of the bloodiest and most protracted periods of terrorist violence ever seen in a modern industrialised society

Homicide Martin Daly, Margo Wilson, 2017-07-12 The human race spends a disproportionate amount of attention money and expertise in solving trying and reporting homicides as compared to other social problems The public avidly consumes accounts of real life homicide cases and murder fiction is more popular still Nevertheless we have only the most rudimentary scientific understanding of who is likely to kill whom and why Martin Daly and Margo Wilson apply contemporary evolutionary theory to analysis of human motives and perceptions of self interest considering where and why individual interests conflict using well documented murder cases This book attempts to understand normal social motives in murder as products of the process of evolution by natural selection They note that the

implications for psychology are many and profound touching on such matters as parental affection and rejection sibling rivalry sex differences in interests and inclinations social comparison and achievement motives our sense of justice lifespan developmental changes in attitudes and the phenomenology of the self This is the first volume of its kind to analyze homicides in the light of a theory of interpersonal conflict Before this study no one had compared an observed distribution of victim killer relationships to expected distribution nor asked about the patterns of killer victim age disparities in familial killings This evolutionary psychological approach affords a deeper view and understanding of homicidal violence

Parables for Our Time Tania Oldenhage, 2010-04-10 Over the centuries New Testament texts have often been read in ways that reflect and encourage anti-Semitism For example the parable of the wicked husbandmen who kill the son of their landlord in order to seize the land has been used to blame the Jews for the death of Christ Since the Holocaust Christian scholars have increasingly recognized and rejected this inheritance In *Parables for Our Time* Tania Oldenhage seeks to fashion a biblical hermeneutics that consciously works with memories of the Holocaust New Testament scholars have not directly confronted the horror of Nazi crimes Oldenhage argues but their work has nonetheless been deeply affected by the events of the Holocaust By placing twentieth century biblical scholarship within its specific historical and cultural contexts she is able to trace the process by which the Holocaust gradually moved into the collective consciousness of New Testament scholars both in Germany and in the United States Her focus is on the scholarly interpretation of the parables of Jesus She sets the stage with the work of Wolfgang Harnisch who exemplifies the problems surrounding Holocaust remembrance in the Germany of the 1980s and 1990s She then turns to Joachim Jeremias's eminent work on the parables first published in 1947 Jeremias's anti-Jewish rhetoric she argues should be understood not only as a perpetuation of an age-old interpretive pattern but as representative of German difficulties in responding to the Holocaust immediately after the war Oldenhage goes on to explore the way in which Jeremias's approach was challenged by biblical scholars in the U.S. during the 1970s In particular she examines the turn to literature and literary theory exemplified in the works of John Dominic Crossan and Paul Ricoeur Nazi atrocities became part of the cultural reservoir from which Crossan and Ricoeur drew she shows although they never engaged with the historical facts of the Holocaust In conclusion Oldenhage offers her own reading of the parable of the wicked husbandmen demonstrating how the turn from historical to literary criticism opens up the text to interpretation in light of the Holocaust If the parables are to be meaningful in our time she contends we must take account of the troubling resonances between these ancient Christian stories and the atrocities of Auschwitz *All-story Magazine*, 1915 *Love, Greg & Lauren* Greg Manning, 2002-03-05 Early on the morning of September 11 2001 Lauren Manning a wife the mother of a ten-month-old son and a senior vice president and partner at Cantor Fitzgerald came to work as always at One World Trade Center As she stepped into the lobby a fireball exploded from the elevator shaft and in that split second her life was changed forever Lauren was burned over 82.5 percent of her body As he watched his wife lie in a drug-induced coma in the ICU of the

Burn Center at New York Presbyterian Hospital Greg Manning began writing a daily journal In the form of e mails to family friends and colleagues he recorded Lauren s harrowing struggle and his own tormented efforts to make sense of an act that defies all understanding This book is that e mail diary detailed intimate inspiring messages that end always as if a prayer for a happy outcome LOVE GREG LAUREN We share this story day by astonishing day Greg writes of the intricate surgeries the painful therapies and the constant risk of infection Lauren endured Through his eyes we come to know the doctors nurses aides and therapists who cared for her around the clock with untiring devotion and sensitivity We also come to know the families with whom he shared wrenching hospital vigils for their own loved ones who were waging a battle that some would not win It was most of all Greg s belief that Lauren would win her brave fight for life that kept him writing Through his eyes we see what she could not their toddler s first steps the video of his first birthday party the compassionate messages of hope from around the world And we are there as Lauren gradually emerges into awareness signaling first with her eyes then with smiles her understanding of the words Greg speaks to her the poems he recites the songs he plays Most miraculously we are there when Lauren walks out of the Burn Center The world knows all too well both the nightmare and the heroism that have marked this terrible time in history But no account of September 11 matches the astonishing personal story Greg Manning records in these spontaneous and heartfelt pages It is a story that invites us to share e mail after e mail the perilous course of a mortally wounded woman who by sheer will and courage emerges from near death because she is determined to live for her husband and her son And it is equally the story of a man who as he stays by her side through these long weeks and months discovers anew the depth of his love and admiration for the woman who becomes his hero
