

The background of the entire image is a photograph of a classical marble statue of Athena. The statue's head is replaced by a griffin's head, a symbol of wisdom and strength. The statue is set against a ceiling with a repeating square pattern of intricate designs. The lighting is soft, highlighting the texture of the marble and the folds of the statue's garment.

White Athena The Afrocentrist Theft Of Greek Civilization:

White Athena Walter Slack, 2006-09 Ancient Egypt was one of the great civilizations of antiquity but it was not the only great one Afrocentrists claim that the Greeks stole their philosophy science and culture but very few Afrocentrists ever say which specific aspects of these items were allegedly purloined White Athena is author Walter Slack's systematic effort to deal with each of these claims as he delves into the following topics The alleged great conspiracy against ancient Egypt The illusion of Egypt's secret wisdom Egyptian religion and Hermeticism Pyramidology Freemasonry Rosicrucianism and Mormonism The relationship between Egypt and Greece Greek originality and creativity Afrocentrism and Egyptian science Isaac Newton and Egyptian wisdom Afrocentrist fantasies about ancient Egypt The myth of the stolen legacy Many specialists seem to have missed a number of factual and logical inconsistencies seemingly inherent in Afrocentrist writing which when summed go a long way to undermining their ideological case Slack takes those inconsistencies seriously and uses them to build a case against Afrocentrist propaganda and to seek fair scholarly credit for the achievements of the Greeks

White Athena Walter Slack, 2015-06-26 Return to the fray of the Afrocentrist movement in the second volume of White Athena Walter Slack follows up his first volume which took to task those who claim that the Greeks and others stole their philosophy science and culture from black Africans arguing that the world needs to give credit to the right people This volume is much less a comparison of diverse philosophies and cosmologies and much more an evaluation of claims regarding imagined imports of technical cultural religious and practical artifacts Slack examines numerous Afrocentrist claims including that cultural tutors from black Africa roamed early Europe Muslim Spain and pre-Columbian Mesoamerica and even traveled to ancient China with all sorts of cultural intellectual and scientific contributions The author concludes that most damaging to the credibility of Afrocentrists is their willingness to adopt any and every theory that supports their ideological thesis of African cultural supremacy overtly or covertly based upon race Open your mind to an honest and impartial view of world history with White Athena Volume 2 *African Athena* Daniel Orrells, Gurinder K. Bhambra, Tessa Roynon, 2011-10-27 The appearance of Martin Bernal's Black Athena The Afro-Asian Roots of Classical Civilization in 1987 sparked intense debate and controversy in Africa Europe and North America His detailed genealogy of the fabrication of Greece and his claims for the influence of ancient African and Near Eastern cultures on the making of classical Greece questioned many intellectuals' assumptions about the nature of ancient history The transportation of enslaved African persons into Europe the Americas and the Caribbean brought African and diasporic African people into contact in significant numbers with the Greek and Latin classics for the first time in modern history In African Athena the contributors explore the impact of the modern African diaspora from the sixteenth century onwards on Western notions of history and culture examining the role Bernal's claim has played in European and American understandings of history and in classical European American and Caribbean literary production African Athena examines the history of intellectuals and literary writers who contested the white dominant Euro

American constructions of the classical past and its influence on the present Martin Bernal has written an Afterword to this collection [African Americans and the Classics](#) Margaret Malamud,2019-01-24 A new wave of research in black classicism has emerged in the 21st century that explores the role played by the classics in the larger cultural traditions of black America Africa and the Caribbean Addressing a gap in this scholarship Margaret Malamud investigates why and how advocates for abolition and black civil rights both black and white deployed their knowledge of classical literature and history in their struggle for black liberty and equality in the United States African Americans boldly staked their own claims to the classical world they deployed texts ideas and images of ancient Greece Rome and Egypt in order to establish their authority in debates about slavery race politics and education A central argument of this book is that knowledge and deployment of Classics was a powerful weapon and tool for resistance as improbable as that might seem now when wielded by black and white activists committed to the abolition of slavery and the end of the social and economic oppression of free blacks The book significantly expands our understanding of both black history and classical reception in the United States *The Archaeology of the Mediterranean Iron Age* Tamar Hodos,2020-09-17 The Mediterranean s Iron Age period was one of its most dynamic eras Stimulated by the movement of individuals and groups on an unprecedented scale the first half of the first millennium BCE witnesses the development of Mediterranean wide practices including related writing systems common features of urbanism and shared artistic styles and techniques alongside the evolution of wide scale trade Together these created an engaged interlinked and interactive Mediterranean We can recognise this as the Mediterranean s first truly globalising era This volume introduces students and scholars to contemporary evidence and theories surrounding the Mediterranean from the eleventh century until the end of the seventh century BCE to enable an integrated understanding of the multicultural and socially complex nature of this incredibly vibrant period **Classics, the Culture Wars, and Beyond** Eric Adler,2016-11 Scrutinizes the contentious ideological feuds in American academia during the 1980s and 1990s [Antiquity Now](#) Thomas E. Black Athena: The linguistic evidence Martin Bernal, 1987 Synopsis Could Greek philosophy be rooted in Egyptian thought Is it possible that the Pythagorean theory was conceived on the shores of the Nile and the Euphrates rather than in ancient Greece Could

it be that Western civilization was born on the so called Dark Continent For almost two centuries Western scholars have given little credence to the possibility of such scenarios In *Black Athena* an audacious three volume series that strikes at the heart of today s most heated culture wars Martin Bernal challenges Eurocentric attitudes by calling into question two of the longest established explanations for the origins of classical civilization The Aryan Model which is current today claims that Greek culture arose as the result of the conquest from the north by Indo European speakers or Aryans of the native pre Hellenes The Ancient Model which was maintained in Classical Greece held that the native population of Greece had initially been civilized by Egyptian and Phoenician colonists and that additional Near Eastern culture had been introduced to Greece by Greeks studying in Egypt and Southwest Asia Moving beyond these prevailing models Bernal proposes a Revised Ancient Model which suggests that classical civilization in fact had deep roots in Afroasiatic cultures *Black Athena Comes of Age* , *Black Athena* Martin Bernal,2020 **Black Athena (3 Vol Set)** Martin Bernal,2020-02-14 *Black Athena* an audacious three volume series strikes at the heart of today s most heated culture wars Martin Bernal challenges Eurocentric attitudes by calling into question conventional explanations for the origins of classical civilization Provocative passionate and colossal in scope this thoughtful rewriting of history continues to stir academic and political controversy This is a complete set of all three volumes shrink wrapped
