You Are a Frequency Debbie Anne Sellwood, 2024-03-29 A transformation in human consciousness is taking place And it s generating a growing interest in how subtle elements of the human constitution play a part in the maintenance of our health and wellbeing You Are a Frequency introduces a new paradigm for health and healing based on the whole person not the physical body on which traditional medicine focuses In this book Debbie Sellwood describes the human being s various energy systems indicating that everything animal vegetable and mineral has its own unique vibration She explains how these energy bodies influence our health and wellbeing that the physical body is a medium for the consciousness of the energy bodies You Are a Frequency explains that how we perceive and react to life events determine what experiences we attract into our lives including health Our reactions also impact the frequency of our vibrations and by raising our vibrations we become more empowered able to take responsibility for ourselves It is the author s belief that understanding ourselves as energetic beings will ultimately inspire a future health paradigm and lead to the transformation of the medical system This book will appeal to the increasing number of people who are aware of a spiritual component to their existence who want to understand who they really are and their potential at a more holistic level The times in which we live are causing us to acknowledge that there is more to life and to ourselves than meets the eye you are more than you think

Wit vuur Mooji, 2017-12-22 Mooji is een internationaal befaamde Wijze die op de meest mooie liefdevolle en levendige manieren rechtstreeks wijst naar de onvergankelijke Waarheid Zijn uitspraken doen deze tijdloze wijsheid in ons hart ontwakken en ze wassen alles weg wat onecht is zodat alleen de vreugde en de stilte van puur zijn overblijven Wit Vuur is een verzameling van Mooji's wezenlijke spirituele leringen gecompriemd tot de grootte van een pil Eenmaal doorgeslikt zijn deze aanwijzingen als goddelijke granaten die lijden en begoochelingen wegvagen en aldus je ware aard onthullen als perfect en tijdloos wezen Duik in zijn liefdevolle wijsheid en begeleiding die je in dit waardevolle boek vindt laat het datgene verbranden wat niet waar is in jou en laat het je weer tot leven wekken als datgene wat niet kan sterven *Before I Am* Mooji, 2012 *Before I Am* is a selection of dialogues between Mooji a warm hearted spiritual master and seekers of peace truth and freedom This second edition expands upon the first with 100 pages of previously unpublished dialogues fresh quotes brush drawings and photographs While Mooji's presence carries a devotional fragrance the words and drawings that spring from his Being are of the nature of non duality At times humorous at times tender occasionally sharp and always loving Mooji responds to questioners as they speak of fear suffering confusion relationships spiritual practice and how to live their lives in peace Yet it is Mooji's unsparing pointing to Truth through the method of self inquiry which forms the essence of this book His words represent unwavering invitations to investigate the nature of the Self and to rest effortlessly as the fullness and emptiness of Beingness His answers encourage challenge and never fail to illuminate Enriched with Mooji's exquisite brush drawings which add depth and a power of their own this book is even more potent than the first This edition acts like an unsparing sword that chops the mind and leaves you fully naked as your Self *The Finger and the Moon* Alejandro Jodorowsky, 2016-10-10 Jodo's interpretations of the stories and koans of Zen master Ejo Takata Offers more than 60 Zen teaching tales initiatory stories koans and haikus for self realization and spiritual awakening Each story or koan is accompanied by the author's lucid and penetrating commentary blending the same burlesque slapstick and sublime insight

that characterize his films Explains how one must see beyond the words of the story to grasp the spiritual insights they contain Before he became the film maker and graphic novel author known throughout the world today Alejandro Jodorowsky studied with Zen master Ejo Takata in Mexico City In *The Finger and the Moon* Jodorowsky recounts how he became Takata's student and offers his interpretations of the teaching tales initiatory stories koans and enigmatic haikus he learned at the feet of his great and humble teacher Blending the same burlesque slapstick and sublime insight that characterize his films such as *El Topo* and *The Holy Mountain* each story is accompanied by the author's lucid and penetrating commentary as well as insights from ancient Zen teachers Yet their most significant gift to the reader is the sudden shock of realization they impart that can lead to spiritual awakening Jodorowsky notes that most people are incapable of self realization because of their fear of the void within an emptiness they seek to fill with noise and chatter He shows that Zen teachings can be compared to a finger pointing at the moon directing you to awaken to your true nature the Buddha within The danger lies in mistaking the pointing finger for the moon mistaking the words for the essential enlightenment which can only be grasped once words have been surpassed Unlike most tales these stories are intended to evoke silent illumination as true awakening and self realization cannot occur until the mind has been stilled
