Markham,Jeremy Means-Koss,2022-10-21 The common misconception is that first came the church and then came the sacraments The reality is that first came God s grace and then came the church and then the church found visible ways to see the invisible grace God bestows The resulting perspective shift puts Christ where Paul would have us put him as the head of the church and author of our salvation This book invites us to see and write about the sacraments not as mere band aids to the problems we face but as lenses for examining our church Some of the authors delve deep into intellectual conceptions while others make plain what has always seemed so extravagant The thread they all hold onto however is the desire to help the reader see sacramentality as something wonderous rather than archaic and to find deep value for sacramentality and the visible signs of God s invisible grace **Decolonizing Ecotheology** S. Lily Mendoza,George Zachariah,2022-02-18

Decolonizing Ecotheology Indigenous and Subaltern Challenges is a pioneering attempt to contest the politics of conquest commodification and homogenization in mainstream ecotheology informed by the voices of Indigenous and subaltern communities from around the world The book marshals a robust polyphony of reportage wonder analysis and acumen seeking to open the door to a different prospect for a planet under grave duress and a different self assessment for our own species in the mix At the heart of that prospect is an embrace of soils and waters as commons and a privileging of subaltern experience and marginalized witness as the bellwethers of greatest import Of course decolonization finds its ultimate test in the actual return of land and waters to precontact Indigenous who yet have feet on the ground or paddles in the waves and who conjure dignity and vision in the manifold of their relations in spite of ceaseless onslaught and dismissal Their courage is the haunt these pages hallow like an Abel never entirely erased from the history May the moaning stop and the re creation begin

Black Theology in Transatlantic Dialogue A. Reddie,2006-09-16 In this book Anthony G Reddie creates a dynamic conversation between black theologies in the US and in the UK comparing and highlighting divergences in the respective movements **Black Theology and Pedagogy** N. Black theology as a discipline within the academy and how Black theology may serve as a resource for excellence in teaching **The Theology of Martin Luther King, Jr. and Desmond Mpilo Tutu** J.
